# Minor Soccer will Grade Players to Balance Teams

This year G.D.M.S.A. provided soccer for over 700 boys. With the '72 season only just entered into the record books actions are already being undertaken to organize and ensure the success of next season.

Three such items are:

- The grading of players.
- The questionnaire directed to all coaches, managers, referees and executives.
- The letter recently posted to all parents of soccer players.

To achieve maximum impact, each of these items rely on the prompt attention of the particular segment of people involved.

The purpose of this column is firstly to give a brief explanation of each of these items and secondly to solicit the full cooperation of everyone concerned.

The club secretary and details the hopes and aspirations of G.D.M.S.A. for 1973. All parents are urged to study this letter carefully then seriously consider coming forward next season and accepting any of the interesting and rewarding positions that will be available.

In the best order of organizations slip ups can occur. If for any reason you are not included on our mailing list

and would like any of the previously mentioned media please contact Ivor Bevan. One final request, please look out for the time and date of our annual general meeting in late November and plan to attend. Remember that your vote at the A.G.M. may prevent the adoption of a change that you do not wish or ensure the adoption of a measure that you desire.

It's Up To You!

See what the '73 Scorpion's got... See for yourself who's Number One!

Only Scorpion Stinger dares to make this challenge. Because only Scorpion offers these engineering advances for 1973:

- "Power-Thrust" clutch. Delivers more of the engine's power to the track than any consumer clutch known.
- "Power-Blite" track. All-clip track grips the snow better for more get-up-and-go.
- "Para-Rail" suspension. Combines the best features of both slide rails and bogeys.
