Long Scarves Are Hazards

Tobogganing, skiing, skating, sleighing, snowmen, hockey, snowballs, snowmobiling. These are only some of the many winter activities that give so much enjoyment to so many people. However, many residents will sadly recount the sad and abrupt end to these activities brought about by long dangling scarves. Adults and children alike are asked to take care when wearing warm winter clothing. Please tuck in these big scarves so that you have no loose ends to catch in trees, fences, motors, etc.

200 Invited Warden's Dinner This Year will be Largest

Some 200 municipal officials will be on hand to honor Halton Warden James R. Swanborough at a dinner at Burlington Golf and Country Club on Monday, Nov. 27. His term of office expires in December. The group will be one of the largest ever for the annual event. Representatives from all

seven county municipalities have been invited. Usually for this type of event only county council members and political officials of the warden's own municipality attend. Swanborough described 1972 as "a good year for team work by all councillors from all municipalities in Halton County." He said the two municipal conferences on regional government were examples of this team work where "a lot of councillors got involved rather than leaving it up to their reeve and deputy reeve".
