

# More Conservation Money — No Way

It didn't take Esqueus Reeve Tom Hill long after his re-election to start hammering away on one of his favorite subjects — the power of conservation authorities.

Last Tuesday night, less than 24-hours after he was re-elected, Hill vowed there is no way the Halton Region Conservation Authority will get more money out of Esqueus than its normal requisition.

The reeve was referring to a recent statement by HRCA chairman Barry Humphrey

that the authority may have to ask municipalities for more support, following the surprise announcement of provincial government cutbacks.

Deputy-reeve-elect Len Cox supported Hill's stand on the question.

"They'll have to cut their cloak to fit their cloth in 1973," Cox suggested.

During the meeting council approved payments of final levies to the Credit Valley Conservation Authority of \$4,930, to the Halton Region

Conservation Authority of \$9926.32 and to the Grand River Conservation Authority of \$163.91.

The world has become more worldly. There is more of dissipation, and less of enjoyment. Pleasure has expanded into a broader, but a shallower stream, and has forsaken many of those deep and quiet channels where it flowed sweetly through the calm bosom of domestic life...

### Why Not a Hall of Fame?

84 St. Clair Ave. W. Toronto, Ont.

Dear Sir:

I was very interested in your editorial in the Nov. 30 issue entitled: "Posthumous Tribute". As I read it, an idea came to me. Instead of a Citizen of the Year or even Posthumous Citizen of the Year, why not a "Georgetown Hall of Fame"?

The names of several famous citizens of the town, posthumous and otherwise, come to mind. For example, a short list of people I would nominate for a local "Hall of Fame":

Archdeacon W. G. O. Thompson, Andy Dale, Sybil Bennett, Dr. McAllister, Half a platoon of Barbers, Joe Gibbons, Col. Cousens, Bob Goldham, Howard Wriggleworth, Miss Beatrice Hume, Bill Bradley, John L. Lambert, Harold Cleave, Rev. Alex Calder

—and a former editor of The Herald, name of Ross, who, I believe, gave rise to that famous headline "Tong War at Golden Gate Cafe".

Yours sincerely, A. W. Carter

The Government wants you to keep more of your income tax dollars.

So why don't you?

There's a section of the Income Tax Act called 146 which allows you to make substantial deductions (as much as \$4000 in some cases) from your annual taxable income for the purchase of a Registered Retirement Savings Plan. Of course eventually tax still has to be paid on these savings but not until retirement, by which time you'll probably be in a lower tax bracket anyway.

Manufacturers Life can help you set up a personally designed pension plan that can be linked with participation in a segregated investment fund. Also, we can wrap up in one package for you—guaranteed "safety" dollars and equity "action" dollars! There are advantages built-in even if you are now in a group pension plan. So why not make this the year you do something about "146"—you'll be glad in April that you did. Please contact us and see how we combine "safety" and "action dollars" for you or send us the coupon.
