64 Georgetown Calvinettes Raise \$580 for Gift Packs

The Georgetown Calvinettes participated in the same service project as Acton Calvinettes with great results. As reported in last week's Herald, Project Philip was a service project undertaken by Calvinettes throughout the States and Canada. Each Calvinette was asked to earn \$5.00 to send three scripture gift-packs to countries in the Orient and Mexico. The money was raised in various ways.

The Mother's Committee held a bake and rummage sale last fall raising \$84. The girls sold 120 records adding \$240. The Junior Calvinettes delivered flyers making another \$120. The Sr. Calvinettes did a lot of babysitting during the Key '73 group studies. Each Calvinette donated some money, making a grand total of \$580. A tremendous effort by 64 girls.

The club received a cassette player-recorder for being a 100 percent participating club and each girl received a card of commendation.

BUSY YEAR

It was not the only service project the Georgetown Calvinettes participated in. During the Christmas season the Sr. Calvinettes went and carolled at the hospital and a \$15. donation was given, to be used in the Children's ward. The Juniors visited at the Sr. Citizen apartment and carolled to their hearts content. Each

unit was presented with a gift-wrapped fruit plate.

In February half of the Sr. and Jr. girls went to visit Milton Manor and entertained the residents with a musical program.

At present the girls are getting ready for Calvinette Sunday, a special Sunday in which the girls will be participating in the church service.

Another highlight yet to come is

their mother and daughter banquet.

A busy group of girls, not just for themselves, but also to those around them in the community.

'Y' Wants Part In Pool Planning

The YM-YWCA, through its president, Robert Clipham, presented a brief to council last week, outlining thoughts of the organization on a proposed indoor swimming pool.

But it points out that use of the pool, by other than students, in daylight hours, is essential to its program also. This should be guaranteed for separate school pupils and the public, with special consideration for use by pre-school children and the

mentally and physically handicapped.

ASK TO ATTEND

To allow such maximum usage, the Y says there should be instruction rooms, equipment storage facilities, separate entrances for the public, and a lockable entrance to the school.

The Y directors said they want to participate in helping plan the pool, and ask to be invited to future meetings.

"Y" NEWS

Council and Georgetown Recreation Committee, is discussing such a pool, with possibility that it will be built as an adjunct to the high school. A similar project took place in Burlington.

The Y, says the brief, is vitally interested in construction of an indoor pool that will be of maximum benefit.

WAITING LIST

Last year, it points out, there

St. John's Host at World Prayer Day

St. John's United Church was host for the Women's World Day of Prayer service this year.

Members of other churches, with their leaders, took part. The service was prepared by women of European and Maori descent in New Zealand, calling on fellow Christians in every country to join them in prayer and fellowship, to dedicate themselves as God's servants, and be alert to every opportunity to aid mankind.

Mrs. W. D. Stalton of Oakville was guest speaker. Her inspiring message on "Alert in our Time" left much food for thought.

Mrs. June Evans was pianist and Mrs. Pat Grasby sang "Amazing Grace".

A fellowship hour followed in the church hall.

The Women's Inter-Church Council of Canada allocates the offering received to alleviate human suffering, at home and abroad.
