

Industrial Safety Equipment Business In Former L.C.B.O.

Barb DeWinter and Dave Johnson

VERONICA JOHNSON

A spot well known to everyone, the old liquor store property on Mill Street, now houses a not so well-known business, Armour Protection Supplies.

While the name may sound like a burglar alarm system, it is protection of another kind, industrial safety equipment, that is handled. In the wide range of merchandise are included, welding helmets, goggles and safety glasses, ear plugs, dust and paint masks, hard hats, safety boots, workmen's rainwear and rubber boots, fire extinguishers, first aid kits, and welding screens and gloves.

PLASTIC SIGNS
In addition to the protection supplies, the family team of father Ron Johnson, mother Veronica and son Dave, have a vacuum formed plastic sign business in operation. Mrs. Barb DeWinter has been selected

to the staff and is expertly turning out the signs, ranging in size from three by 10 inches, to maximum of 20 by 28 inches. A sign with magnetic tape all round, which can be attached and detached without leaving a mark is proving popular.

The Johnson family, who live on Raylawn Crescent, came to town 15 years ago, and son Dave attended Georgetown High School.

DIES THE SELLING
The business started in the basement, then moved to Norval, then to 135 Maple Avenue East, before opening in the old liquor store this month.

Ron Johnson has been in the safety field for many years, he was sales manager for Fibremetal before opening his own business, where he still does the selling, while his wife Veronica looks after the office, and son Dave runs the business.

If you're in the market for a car loan, get it from the Royal Bank...

and we'll pay \$25⁰⁰ toward your plates!

It's very simple. We have \$25.00 in crisp new bills to put in your hand the moment we put through a Termplan Personal Loan for you, for \$1,000 or more of new money, before June 29th.

No catches, no strings. No change in our interest rate. Plus: life insurance at no extra cost. You don't even have to be a Royal Bank customer.

It's a good offer—so good that you may wonder what's in it for us.

Well, personal lending is a very important part of our business. We know that there are many people in the market for money this spring, and we want to increase our share of the business. So, we're offering you the best incentive we know of—the thing we know best—money. We haven't changed our interest rates, and there are no hidden charges. We hope to make the money back from the increase in volume. And you, the borrower, can reap the benefit now, with the assurance that the Royal Bank will never knowingly let you get in over your head.

It doesn't matter whether you bank with us or not, and

the only account you'll need to open is a checking account for the loan repayments. This offer applies to anybody who can qualify for a loan.

Just talk to your local Royal Bank manager before June 29.

Remember—you'll be in a better position to make the best deal if you know you've got the money. So arrange your loan before you shop for the car.

Or, if you need a \$1000 loan for something else, we'll still give you \$25...in cash.

Something else we can give you—a 40 page book called "Your Money Matters", with lots of sound advice on managing your finances. It's just one of the many helpful services you'll find at your Royal Bank branch.

Affordable art.

That's what we had in mind, when we took 25 percent off all our original framed paintings. So when you're refurbishing your rooms, you don't have to neglect the walls.

Because for \$49. to \$99. you can choose an original, framed oil painting. In a mood and size to suit your home or office.

And as long as you're paying attention to detail, you might just think about lamps.

Because the lighting in a room can make or break a carefully built atmosphere.

That's why at Danforth, you can choose from styles ranging from old Spanish to ultra-modern, from ceiling-high to tiny accent lamps.

And that's also why we thought it would be a good idea to take 25 percent off all our lighting fixtures too.

So you can run a little wild.
