

Carnival of Values . . . This Week-End at Georgetown Market Centre

BALLINAFAD

Children's Film Show Community Centre Project

There were several 4-H Homemaking clubs taking part in achievement day at Milton on Saturday. Ballinafad South and Ballinafad North were well represented with all girls being present.

This was a most successful club as all girls starting the course completed it.

The morning was taken up with the inspection of note books. The afternoon program got underway shortly after 1 p.m. There were several mothers and interested friends in attendance.

Mrs. Doreen Bannister, Home Economist for Halton had charge of the afternoon proceedings. Each club present had something to offer by way of program.

First was the fashion parade, when each girl modelled the outfit they had made in the just completed course "Sewing with Knits."

Ballinafad South presented a skit "A Trip to Hawaii" with Marjorie Jamieson as commentator.

Ballinafad North presented "Going Places" with Kathy French commenting. The North girls also had an exhibit, "The Knack with Necklines."

Beverly Leitch ably described the fine points in finishing the neck of a garment.

Mrs. Leo Jamieson, 1st vice president of Halton district W.I. expressed pleasure at being present and brought greetings from the county. She was later asked to come forward and present the awards.

Those receiving awards from Ballinafad were two girls getting county honours, meaning they had successfully completed six clubs. Those so honoured were Heather Lindsay and Wendy Hawgood.

Each was presented with a pin and certificate.

Sheila Foster also of Ballinafad, received advanced honours, as she had completed 18 clubs. She was given a framed certificate and a silver pie server.

Mr. and Mrs. Ron Lomas and children from Aurora spent Saturday afternoon and evening with Mr. and Mrs. Dan O'Connor and family.

There was a very good attendance at the community centre on Tuesday evening April 24 when Mr. McNeil from the Dept. of Agriculture in Milton was present to give a talk on landscaping and beautifying the surroundings.

He said the purpose of landscaping was to blend the man-made structures into natural surroundings. Another point he brought out was to keep it simple and neat and not over done. It was an interesting and informative talk.

The recreation committee of the Ballinafad Community Centre is to be congratulated on the effort being made regarding entertainment in the centre. Saturday morning it was the children's turn.

There were three films shown to delight the kiddies, "A Day in the Desert," "Spanky and our Gang" and a "Clown" film regarding a lost puppy.

Pop and chips were available and the admission was 10c. Twenty-six youngsters surely enjoyed and appreciated the work of Ivan Bird who made the show possible by giving of his time and talent.

The spring dance at the community centre was well attended on Saturday night when a large crowd spent an enjoyable evening dancing to the music provided by Jeff Barry of Erin.

Congratulations to the newlyweds, Danny Shortill and Margie Morton who were married on Friday of last week. The ceremony was performed by Rev. McKenzie in Knox Church vestry at Acton. Mr. and Mrs. Shortill are living in the Shortill apartments in the village here.

We are pleased that Raymond Eckert was able to leave hospital and is convalescing at his home. Raymond was injured at school about three weeks ago when a thrown eraser pierced his eye.

There was a good attendance at April meeting of UCW at Mrs. Archie Law's home. Mrs. Leo Jamieson read a lovely Easter story for devotion, revealing family traditions at this time of year. Mrs. Rick Sales had a very timely topic on "Children" referring to the Apostle Paul and our teen activities within the church. We enjoyed her picture of social activities in our own church. Mrs. Norman Johnson read quotations on stewardship.

Members were reminded to bring good clean used clothing for a date to be packed in May. Members replied to roll call with an Easter thought and many entered lovely homemade Easter bunnets. Mrs. Morgan Madill on program conducted a

Bike Must Fit Rider To Be Safe

Parents! Planning to buy a bicycle for your child this spring? Statistics show that 40 percent of bicyclist under 14 years of age involved in serious accidents were riding bikes too big for them.

For safe cycling, the bike must fit the child. Never buy a bike that your child can grow into. The size of bike and seat height affect steering, pedalling and braking control.

Here's a useful guide when choosing a bicycle to fit your child. Mike sure the ball of the foot comfortably reaches the ground from a seated position. Remember, when buying a bike for your child choose the safe size!
