Executive Nominations At Branch 120 Tonight

by RALPH HAWES
Three branches in zone B.7. elected new officers to guide them for the next 12 months. Major Wm. Dwight Sharpe, Branch 15 Brampton, held its election on Tuesday, May 8. The election team was from Cooksville and Bramalea.

Joe Ashton was returned as president for his second term. His vice-presidents for that term are Len Coupland, D. Newman and J. Critchlow. On the same night at Streetsville Branch 139, W. Rice was elected as president for his first term with W. Bradley and P. Egan being his vice-presidents. At Greenswood, Zone B.7's immediate past zone commander was elected president of Branch 486 Bronte, with Jim Hopson and Bill Gilmour to assist as vice-presidents. This is Al's second term around. Branch 442 Erin has a way of doing things a wee bit different, and when it comes election time they have their own way, like cocktails from 6.30 to 7.30, followed by a dinner. This is for members and their ladies, and the Ladies Auxiliary and their men.

returned to the office of president for his second year. R. Wilson, and D. English will serve with him as his vice-presidents. With the Branch elections out of the way, the branch auxiliary have their turn. Their new president for the next 12 months will be Mrs. Archie Yates. Like we said, they do things a wee bit different at Branch 442.

Having a husband and wife as presidents in the same year is not new but it happens very seldom. The zone election team, having conducted the two elections, installed the officers of both organizations to their respective offices, after which everyone enjoyed a well organized social and dance. **NOMINATIONS** Thursday, May 17, will see nominations for executive positions for 1973-74 at Branch 120 being open. This will happen after the general meeting. The Ladies Auxiliary general meeting and election will take place on Thursday, May 24. The Imps of Branch 120 are having a social night on Friday May 18. This is to be a big affair with several presentations being made. The foremost will be to Georgetown and District Memorial hospital.

The executive of the Ladies Auxiliary as well as the Branch officers will be on their way to Sault Ste. Marie when all this is happening. No. 11 car club draw winners for last week were, M. Hanson, E. Shortill, F. King, D. Bell, D. Sayle and W. Thompson.

CLERGY COMMENT

If Life's Not Inside It's False Growth

by REV. W. R. CAIRNS
MOUNTAINVIEW BAPTIST CHURCH

I was terribly embarrassed. It should never have happened. But then, I'm human and not yet infallible, so I make mistakes. (Don't you envy those "perfect" people who are always so impeccable in all they do and say?). Anyway, I'm honest enough to admit again - and here I'm putting my confessions in print - I was so embarrassed that I even made my hostess laugh in my face.

Now what caused my abashment and confusion? Why did I even go red in the face and for once become lost for words? It was purely an error of judgment, a snap decision that proved to be wrong. As I entered my friend's home (I was making a Pastoral visit) I was momentarily deceived, and thoughtlessly jumped to the conclusion that the beautiful array of flowers in the hallway were genuinely the result of God's handwork. It was only when I had finished admiring them and had put my nose down to catch something of their fragrance that I realized that the bouquet came out of a factory and not from a garden. But I've never forgotten that incident, nor have I made the same mistake again even though it happened a good many years ago in my first pastorate. But what is even more important, the humiliating experience gave me an idea for my next Sunday sermon, the theme being, "A False Growth."

Dr. Stanley Jones was a famous Missionary and writer who died quite recently. Listen to what the great man once said: "Growth in life is life's greatest adventure. The business of life is to live and live abundantly. Most people know everything about life except how to live it - our souls are made for the soil of eternity. If they are planted only in the narrow framework of time they are not living in the climate for which they were made."

That is a tremendous statement and full of truth. Look around you today and you will see countless thousands of people who sincerely think they are "living it up" when the real truth of the matter is that they haven't yet begun to live. **MONEY AND MATERIALISM** Take the false growth of materialism, for instance. How many good, honest people all around us really believe they have got life because God has been good to them and blessed them with an abundance of this world's goods. Not that we are de-crying money or material substance. Far from it. But we must remember that Jesus once said: "Beware! Be on your guard against greed of every kind, for even when a man has more than enough, his wealth does not give life." (Luke 12:15).

How many young people today are deceived into believing that they have found life because they are living in a permissive society? How tragic! Walking along an English road one day my eye caught the "Thought for the Day" on a church notice board. It read: "Beware of the fleeting pleasure with lasting shame." Would that our young people today would remember that the next time temptation looks them straight in the face. So many of them think that they've grown up when in reality it is all a false growth. "The Bible says: 'But grow in grace and in the knowledge of our Lord and Saviour Jesus Christ.' Painting a dead tree with green paint may give the impression of life. But life must be on the inside, otherwise there can be no growth. Jesus said: 'I have come to give life. . . . Apart from Him there is no life and no spiritual growth. Yes, I was embarrassed that day, but I was taught a spiritual lesson I've not forgotten."
