LIMEHOUSE

A pleasant time was spent in Limehouse Memorial Hall, Friday evening, when MaryLou Brown and Ray Denny, who will be married in August, were guests of honor. Mrs. J. Houghley, Mrs. Bert Benton and Miss Beryl McEnery arranged the presentation and shower. Mrs. Bert Benton read an address expressing the feelings of the community, that we are glad that MaryLou, who has always taken part in local activities, will continue to be near us, and welcomed Ray. Both thanked all for the gifts and said they would be glad to be part of our community. Lunch followed. "For they are jolly good fellows".

Congratulations to Mr. and Mrs. D. Smallwood (nee Joy Haines) who were married on Saturday. The wedding is of interest here where the Haines family is well known. Mrs. Haines is the former Violet Scott who was born and grew up in Limehouse.

Our local school has a bright new paint job ready for September. Mr. and Mrs. Fred Piehl have returned from Penitico, B.C., where he was a delegate at the national convention of the Elks Lodge. Due to the strike, their train was stopped at Winnipeg, but they got seats on an Air Canada jet.

Mr. and Mrs. Michael Payne and daughter Sandi spent two weeks at Green Point, Newfoundland, with his relatives recently. Mrs. Cameron, who has spent the past year with her daughter Mrs. Vance Langille, has returned to Nova Scotia where she will live in Oxford.

We extend sympathy to Mrs. W. Mitchell in the loss of her nephew Wilfred Proctor in Toronto at age 71. In April, Mr. and Mrs. Keith Moore, Jason and Daniel, moved to Limehouse. Her parents, Mr. and Mrs. Arthur Carline, Dale and Julie of Manchester, England, arrived on Saturday to live in Canada, currently with the Moores.

Mrs. Kevin Clarke's sister Mrs. Richard Georgia of Toledo, Ohio, has been with her for a few weeks. Her husband, daughter Dawn Georgia and a grandchild Pat are visiting also. —Mrs. A. Benton

White Grubs Kill Lawns
That June bug beating itself against your screen door in the evening may mean that your lawn is infested with white grubs. White grubs are the June bug larvae and they are highly destructive to lawns, says John Hughes, horticultural specialist, Ontario Ministry of Agriculture and Food. White grubs can be controlled with chlordane insecticide. If sections of your lawn look brown and the turf is loose, apply chlordane, available as a dust or spray, over your entire lawn, taking care to follow the manufacturer's instructions. Do not be discouraged if the problem is not cleared up immediately. White grubs are extremely hardy and will not be immediately eliminated by the insecticide. Be sure to water the lawn thoroughly after the chlordane has been applied.
