Gas Pedal Sticks Car Rams Store

During a brief, heavy rain Saturday afternoon, a car driven by Robert Duncliff, Lot 16 Con. 5, Esquesing, skidded while turning off Maple Avenue onto Main Street and hit a hydro pole on an island. Damage to the hood grill and radiator of his car amounted to \$400.

A car was wrecked, but the driver escaped injury, Thursday afternoon, when the gas pedal stuck, and the car, driven by Beate Wolfe of Toronto, ran into the BP gas station at Guelph and Rexway, hit a

Niagara Escarpment Land Donated As Wildlife Park

Choice parcels of Niagara Escarpment parkland totalling 160 acres have been donated to the people of Ontario through the Ontario Heritage Foundation. John B. Ridley, a prominent business executive, has given 93 acres and the Honourable John Yaremko, Solicitor General of the Province of Ontario, has given an adjoining 65 acres.

Ontario Heritage Foundation is an agency of the provincial government involved in the conservation of historic buildings, cultural materials, parks and areas of scenic beauty. Arrangements have been made for the Parks Division of the Ministry of Natural Resources to assume responsibility for the management of the property which is located southwest of Milton, and just west of Highway 25 between Rattlesnake Point and Mount Nemo.

Geologically and botanically these properties are similar to the well known Rattlesnake Point - Nassagaweya Canyon area. The properties occupy the floor, slope and brow of a small valley which separates a steep sided and flat-topped outlier from the main body of the Niagara Escarpment.

On the valley floor a small lake and several ponds are the sources of a creek shown on early Halton County maps as Limestone Creek which curves around the northern edge of the outlier and ultimately joins a branch of the 12-Mile or Bronte Creek. The stream is nourished by a number of cold clear springs found on the adjacent valley slopes.

The properties are well wooded with a mixture of coniferous and hardwood species. The variety of the landscape also produces an interesting range of wild-life on the area.
