Place Orders

For Booklet
Elementary school principals across the country have placed advance orders for some 1,300,000 copies of a colorful new children's primer on environmental quality produced by Environment Canada.
The 32-page cartoon story has been developed especially for Grades 4, 5 and 6 through actual classroom testing. Involvement with the various projects in the booklet enables children to acquire a good basic understanding of environmental problems.
Advance orders for the booklet and four new environmental posters will be filled this week, which is National Environment Week. The annual observation was created two years ago by a private member's bill.
A Georgetown resident, Patrick C. Smith, will be directing Cactus Flower, the first production of the Bramalea Little Theatre season.
Rehearsals are now in full swing for what promises to be one of the funniest rollicking comedies ever presented by the theatre group.
In Cactus Flower, written by Abe Burrows, a bachelor dentist has a surefire gimmick to keep himself single; he simply tells his girlfriend he's married and has three children. The situation becomes funnier as the play skips along revolving around the dentist's secretary and his girlfriend.
Cactus Flower opened at the Royale Theatre, New York City, in 1965 and has since been performed at almost every major theatre throughout the North American continent. Since then, Cactus Flower has been a financial success as a motion picture.
Bramalea Little Theatre is pleased to announce, for the 1973-1974 season, group rates, now available for service groups, business organizations and social clubs.
If an organization is interested in attending a performance of Cactus Flower, Aladdin, Design For Murder, or The Anniversary, contact Bramalea Little Theatre box office, and ask about the new group rates.
There are still season and single tickets available for all performances.

THANK YOU
On behalf of the Georgetown Minor Hockey Support Group, I would like to thank each and every person who helped on and off the ice in making our recent Hockey School such a great success. It is you people who help make All-Star Hockey possible in Georgetown. Without the free help of the instructors etc. we could not run this Hockey School. Without the Hockey School, we could not possibly support ten All-Star teams in Tri-County and O.M.H.A. hockey. A special thank you to the head instructors who did such a wonderful job.
Sincerely,
ROBERT "ZEKE" McCANDLESS,
