U.S. Cutback Imperils Water Quality Goals

The water quality goals set by Canada and the U.S. in the Great Lakes agreement may be in jeopardy as a result of President Nixon's decision to release only \$4 billion of the \$7 billion authorized by Congress for federal grants aiding the construction of waste treatment facilities Ontario's Environment Minister James Auld said recently.

Tannery Opposed

A second tannery operation will not be set up in Acton. The administration committee will recommend to Halton Hills Council that a permit application from Jamle Marsh to set up a small operation at Main Street South, near Agnes Street, be rejected.

3 Meetings

Mayor Tom Hill has discovered that his new post can require that he be in three places at once. The mayor, officially a member of all council committees, faced simultaneous meetings last night of the finance, works and administration committees.

The Missionary Today

by Rev. Pierre Wood
The Church lasts, develops, organizes, only in order to be missionary. Her life is to bear testimony, to the very confines of humanity, to the love of the Father, the revelation and the communication of His life, through faith in Jesus. Her goal is to unite all mankind, with the unified diversity of its riches, in Christ, in order that with Him and in Him it might sing the praises of the Father.

Holmes Accepts District Post

Acton Fire Chief Mick Holmes will accept an offer to be district chief, passed by Halton Hills council last week.

"I intend to keep working with my department, and I guess I am somewhat lucky to even have a job," he said. However, Georgetown Chief Ken Bulkeam would not comment on whether or not he will accept the position of district chief in the Georgetown Fire area.

At next Monday night's meeting of Halton Hills council, they will confirm with bylaw the resolutions passed to appoint the two men to their respective positions.

If the bylaws pass, it will be then that the men confirm their decision on whether or not to accept.
