

Death Strikes Blow At Village East End

Death struck quite a blow to the east end of the village this past week with three deaths quite close together. Alex McGregor, who used to live with his sister, the late Miss Christine McGregor, at the foot of the Brampton hill beside Mr. and Mrs. John Marshall, died in Vancouver on Sunday and was buried in Hillcrest Cemetery, Norval, on Thursday afternoon, January 24. Relatives and friends met at the home of Mr. and Mrs. Murray Laird for a cup of tea following the graveside service.

On Wednesday afternoon, January 23, Harry Christie was killed in a car accident on Highway 7 near the 5th line. Two brothers from Georgetown and a young girl from Bramalea were also killed in the accident. The Christie family lived for several months in the old Caseley home and moved into an apartment at Beckford's near the end of December. This tragic accident that killed four young people and left another girl seriously injured was very upsetting to all residents in the district.

During Wednesday night Mr. Bill Jarvie died in Georgetown and District Memorial Hospital. He had been admitted early in the afternoon. He is survived by his wife, sons Don of Georgetown, Douglas of Norval and a daughter Lois, (Mrs. L. Wesselman) of Anaheim, California. Lois flew home for the funeral and will be staying for a couple of weeks before returning to her home in California.

SCOUTING
A new group committee for cubs, scouts and venturers for the Norval district was formed recently. Officers elected were: president - Mrs. Marg. Wiegley, secretary - Mrs. Marilyn Smith, treasurer - Mrs. Bernice Reimer, badge secretary - Mrs. Mary Eros, equipment - Mrs. Whitehead.
At present, plans are being made for a father and son banquet and for a euchre night. There are no scouts or venturers in the village at this time due to the lack of leaders. If you are interested in scouting and would like to assist or lead a group let someone know on the group committee as the boys of the district would like to get involved with scouting activities again but they have to have leaders.

MEETING
Unit One of Norval United Church held their first meeting of the year at the home of the new president, Mrs. Guy Wilson, on Thursday afternoon January 17.

Mrs. Spencer Wilson gave the devotional on "New Plans of Another Year For the U.C.W." Mrs. Gordon Miller gave a book review on "A Woman's Laborator" by Elizabeth Goudie, telling about being raised and living her life in that northern land - about the hardships and the pleasures of her life there. It was a great event in her life when the family got a radio.
The roll call was answered with the payment of fees and a new year's resolution.

The World Day of Prayer to be held in the United Church on March 1st was discussed and other business dealt with after which Mrs. Norman Laidlaw and Mrs. Percy Laidlaw assisted the hostess in serving lunch and a social time was enjoyed.

The Couple's Club of Norval United Church enjoyed a skating party at Huttonville on Thursday evening January 17th with a good attendance after which they had a business meeting at the church, followed by lunch.

The new executive elected were: president, Mr. and Mrs. Bill Laidlaw; secretary, Mr. and Mrs. Jack Crawford; treasurer, Mr. and Mrs. George Smith. Groups will be formed at a later date to be responsible for the programs during the year.

MORE ELECTIONS

The annual meeting of Norval United Church was held in the church basement on Sunday, January 27, following the church service, with Rev. R. Walter Ridley presiding assisted by Rev. Kenneth Jull, and a good number in attendance. The U.C.W. served a delicious roast beef dinner after which the business was dealt with.

Reports from the executive committee, the church treasurer, and the various organizations of the church were given and indicated a good year. Besides the usual mission givings of the church and the various groups, the Sunday school and Unit Two of the U.C.W. support a needy child in another country as in previous years.

New members elected to the executive committee were Jack Crawford, Mrs. Elaine Crawford, and Lloyd Laidlaw. Other members of the executive committee are Bill Laidlaw, Bert Carney, Bob May, Ken Reid, Lloyd Holloway-treasurer; Gordon Laidlaw-Sunday School; Mrs. Edna Murray and Mrs. Spencer Wilson or Mrs. Marion Laird of the U.C.W.

Norval United Church YPS enjoyed a trip to Maple Leaf Gardens to see the Ice Follies on Sunday evening January 27. Twenty seven young people accompanied by Mr. and Mrs. R. W. Hildley, Mrs. Rosie Laidlaw and Mrs. Lois Held enjoyed the evening.

Norval Presbyterian church WNS held their first meeting of the new year on Tuesday afternoon January 22 at the home of Mrs. Elmer Carney. The new president Mrs. Harold Reed was in the chair and showed a film on supply work of the church. Ten members answered the roll call with a favorite verse for the new year. Mrs. Tom McGee read the scripture lesson and Mrs. Oliver Hunter led in prayer.
Guest speaker for the afternoon was Miss Evelyn Murdoch from Toronto who chose "Romans 12" to demonstrate how the group could use the new study book for the year which is on Bible Study.
Mrs. H. Smith and Mrs. R. Crawford assisted the hostess

in serving lunch and a social time was enjoyed.

Ivan Reynolds and John M. McClure are patients in Peel Memorial Hospital, Brampton. A speedy recovery is expected to them.

Trevor William Brown, infant son of Mr. and Mrs. J. R. Brown, was baptised by Rev. R. Ruggie at St. Paul's Anglican Church, Norval, on Sunday, January 20.

STILL MORE ELECTIONS

The annual vestry meeting of St. Paul's Anglican church, Norval, was held in the church on Sunday evening January 27, with Rev. R. Ruggie presiding. The Confirmation Class for this year attended to see how the business of the church was conducted.

Officers elected were much the same as the previous year: Rector's Warden-Ormie Carter; People's Warden-Ron Sparkes; Vestry Clerk-Marie Fendley; Treasurer-Charlie Comber; Lay Delegate-Jim Draycott; Alternate Lay Delegate-Randy Fendley. Other members of the Parish Council are Joyce Mahaffey, Barrie Cannon and Andy Dewhurst.

The major discussion of the meeting was on replacing the church organ and it was decided to replace the organ. There was a short discussion on the cemetery and it was left for the Parish Council to discuss it further.

-Mrs. Dorothy McLean

Free Silver referred to the struggle of the western United States against the east for unlimited coinage of silver dollars. It was a dominant campaign issue in the 1896 presidential election.

Secretary,
Railway Transport Committee

ONTARIO OUTDOORS

by BOB OLIVIER

Further to my comments of last week on a fishing license for Ontario, I am getting feedback which is good. I love it.

I don't know why it is, but sportsmen don't communicate the way they should. It is the same in U.S.A., first they are asked to help or comment, then they are bribed, and when nothing is forthcoming, they are threatened. Usually by this time, it is too late. Maybe most sportsmen are lazy.

Possibly they don't want anyone to know about their secret spot, or method. If all sportsmen would co-operate and join together, in support of their sport, whether hunting or fishing, there would be no need of a so-called secret spot.

A strong united voice and financial assistance would get us the hatcheries and game breeding on a level that would supply sufficient stocks to enable us to enjoy the outdoors to a greater degree. Mind you, I am not saying that we must come home with fish or game in order to enjoy the forest, field and stream, but I enjoy a bonus as much as the next man. I am sure that almost all the rainbow trout and salmon caught in the great lake areas are from American stockings. It's about time that we made a large contribution of our own. As mentioned last week, license fees would pay for these stocking programs. I would urge you to write to your provincial member of parliament, Jim Snow, and give him your personal opinion on some of these matters. Even send him a copy of this column if you feel that you can not put them down on paper. If you want to keep up on these matters, join the Ontario Federation of Anglers and Hunters. You will receive a subscription to the Ontario Fisherman and Hunter magazine, the official voice of the federation.

Joining a local club does not seem to help as you never hear from or about them. Some clubs are very active with the federation and have some members on the board. These clubs do all they can to make themselves heard on the local scene. They do their share in local efforts of conservation and pollution control.

Recently I was the vice president of the Georgetown and District Naturalists Club, and was nominated for president. This is not in the form of bragging, but to show what can be done, and that it is possible to take an active part. During that time I was host for a half hour show on cable TV on the same theme as this column, and had on the show both sportsmen and naturalists. I was even instrumental in arranging a night where both factions had the chance to state their views and question the others. This was a very open and friendly evening as we all discovered just what the others felt and thought.

Prior to this many thought that sportsmen and naturalists were enemies, when in reality sportsmen were the first naturalists. Could our politicians be encouraged and enlightened also?

Remember what I said in this space last week. Send five dollars or more to the OFAH to be used for the voluntary licensing.

ICE FISHING

I was fishing through 28 inches of ice on Lake Simcoe this past weekend, leaving Friday after supper and returning Saturday about 3 p.m. The whitefish we caught averaged about three pounds, and of course some were larger. Some jumbo perch were caught and this time we saw two lake trout in the 14 to 15 pound class.

The fish are now biting in the daytime and we expect them to stay like that as the season progresses. Most outfits are booked solid, if they are any good at all. For this reason I suggest that you phone ahead for a reservation, and don't hesitate to take the kids along.

If they get fed up with fishing they can play on the ice. There is plenty of room and it is quite safe. This trip we had the privilege of seeing the complete operation of ice fishing. Bill Yake took myself and Brian Williams of Georgetown to where he keeps his stock of live minnows. There we got the supply of bait needed for the weekend fishermen.

We arrived at about 8 p.m. and consequently we were working in the dark. Fishing started about 10 p.m. and we were not alone. Several others were also fishing at night. Why not book now for the weekend? In the meantime, work for a better ONTARIO OUTDOORS.

Auld Says "No" To Metro Garbage

Ontario will never approve a garbage dump or a bad sanitary landfill operation to solve Metro's waste problems, Environment Minister James Auld assured Port Hope residents yesterday.

Mr. Auld met with residents while inspecting the property involved in the CP Rail proposal recently recommended for approval by the Environmental Hearing Board. Major communities like Toronto cannot put off recycling and reclamation as something far in the future, and rely on landfill to deal with their waste problems, Mr. Auld said.

"Sanitary landfill is an interim operation to use where and when the reclamation of material or energy from waste is not practical," he said. "The Ministry of the Environment has been active for some time in developing effective and efficient recycling programs and in encouraging private ventures into the recovery of waste. We are working out the technical problems involved in efficient recycling and at the same time looking for and developing markets for reclaimed waste."

"But we cannot look down our noses," at sanitary landfill, which has solved a great many serious waste management problems since 1971 when Ontario put waste management

legislation into effect," Mr. Auld said.

This legislation came into effect here in 1971 when more than 2,100 disposal sites were in operation in this province and less than 10 per cent of these could be considered satisfactory. By October 1973, more than 500 of these sites had been closed and 65 per cent of the remaining 1,600 sites were considered satisfactory.

Mr. Auld called Opposition Leader Robert Nixon's remarks in Welcome, Ontario, last week, "inflammatory and irresponsible" when they referred to the CP Rail proposal as "another dump". If the proposal were just for a dump, it would not have been considered by the hearing board, he said.

"His remarks were either an attempt to mislead the public or an exhibition of ignorance of the facts."
