MR Association Starts Campaign

The North Halton Association for the Mentally Retarded has started its campaign to industries. The Association is now involved in a very ambitious project, building a residence for retarded adults. Negotiations for a 10-acre parcel of land in the Hornby area are being finalized. The building and land are estimated to cost in an excess of \$100,000. Through campaigns such as this and public donations, the Association, in the past 19 years, has been able to construct Sunshine School, ARC workshop and establish the Tinkerbell nursery. Corporation contributions have played a part in a record of achievements and the NHAMR hopes for continued support as it prepares to meet the needs for the future.
