

BALLET STUDENTS PERFORM FOR PARENTS

TWENTY THREE YOUNG GIRLS of the Vicki Ley school of dancing gathered at Holy Cross Church last

Saturday for a ballet demonstration to parents. Rear row, left to right are: Denise Scragg, Arlene Gray,

Deanie Parksand, Elizabeth Groskorth. Front row left to right are: Anita Pryer, Kristen Mogg, Sandra Crane and Sherry Hill.

A BALLET DEMONSTRATION by the Vicki Ley school of dancing last Saturday also included a film called "Ready And". Pictured in front row are Tierra

Motem (left) and Shawn Langdon (right). Rear row left to right are Angela Barnes, Kristen Mogg and Michelle Dittfach.

4-H Beef Calf Club Holds June Gathering

Meeting of the Halton 4-H Beef Club was held at the farm of Pete McCarthy, Georgetown. The meeting was opened by the president, Keith McKinnon; the attendance was taken and the minutes of the last meeting were read by Nancy McKinnon. Mr. McCarthy had a class of four Hereford bulls for the members to judge and give reasons for their placings. The reasons for the official placings were given by Mr. McCarthy. A film was shown by Marcel

Delorme about farming and showing cattle. Marcel gave a report on the bus trip planned for June 28 to United Breeds and the Elora Research Farm.

Catholic Women's League Hears Anti-Abortion Talk

A shocked silence instead of the usual applause followed the presentation by the guest speaker, Mrs. Rose O'Bersky from Halton Pro-Life at the May meeting of the Catholic Women's League. Who could applaud the sight of a baby pulled to pieces by a suction abortion? Who could applaud the sight of a baby with its scalp burned off by a saline abortion? Who could applaud the sight of a baby aborted by a hysterotomy similar to a Caesarean section, only this time still alive and sometimes crying, is dropped into a bucket to die or suffocated by the afterbirth placed on its face?

Who could applaud the picture of a garbage bag full of perfectly formed babies, the results of a morning work in a Western Canadian hospital? These pictures and more affirmed the belief of everyone present that abortion is indeed the murdering of an innocent human being whose only crime was that it was not wanted by its natural mother. It is estimated that by the end of this year 100,000 babies will die from abortions.

now in 1964, would someone like Helen Keller be allowed to live? Following a brief break for refreshments, Mrs. O'Bersky answered several questions, such as what could the individual do to keep abortion in the Criminal Code. She replied that with an election coming up we should question our local candidates on how they would vote on the subject. We can also sign petitions circulated by Pro-Life groups and we can express our opposition to abortion whenever possible. Another question was why these films were not shown in the high schools. Her answer was that teachers, school boards and principals were afraid of such controversial subjects, however, if pressured by the students they would be shown. In reply to a question concerning OHIP coverage, Mrs. O'Bersky doubted if many doctors would perform an abortion on compassionate grounds only and indeed everyone who contributes to this medical plan is subsidizing abortions unwillingly. When asked if illegal abortions had dropped, she replied that to the best of their knowledge it had not because the women who seek this kind of so because they desire secrecy.

SPEAKER
Mrs. Dorothy Bergmann introduced the guest speaker who was accompanied by Mrs. Betty Hamon, Director of Resources; Mrs. Lynda Ciancone, vice president; and Mrs. Doreen Lehman, Mem-

bership co-ordinator from Halton Pro-Life. Mrs. Margaret Wilcox thanked the ladies on behalf of the league and presented them with a cheque. Welcomed to this meeting were ladies invited from other Georgetown churches. Mrs. Louise Arts presided over the business part of the evening prior to the films. She announced that she and Mary Carey would be attending the CWL convention in Cambridge. Fourteen members will be attending a one day session. A letter was read from Brigit DeClercq a nurse in Uganda thanking the league for their gift of \$500 which is enough to keep the nutrition unit operating for one year. Brigit expects to be back in Canada in November awaiting another posting. A letter was read from the Tinkerbell Nursery School thanking the league for its "Quietly Do Book" which the children really enjoy using. A motion was passed to give a cheque for \$100 to the Sunshine School to enable them to send participants to the Special Olympics in Winnipeg.

Mrs. Teresa Ford will again convene the Holy Cross Graduation Dinner with the assistance of the Grade Seven mothers, on June 18. The last meeting before the summer break will take the form of a pot luck supper on June 17.

DIY YOU KNOW?
The planet Uranus was discovered in the 16th century.

A gift that'll grow and grow on him.

The FTD MiniGarden Terrarium... the perfect gift for Father's Day.

A miniature year-around garden that arrives green and flourishing... requires almost no care. And best of all, it's a gift we can send almost anywhere by wire the FTD way.

AROUND TOWN

WITH ANN SOMMERS

(...An advertising feature designed to keep you better informed of what's new around town.)

Barber And Henley Ltd.

33 Main St. S. 877-2214
TRAVEL AGENCIES are service agencies. They are not designed to take a chunk of the traveller's money. These agencies do not get any money from their customers. In other words you pay the same for a ticket from them as you do at the airport. These firms are for the customers convenience. If you are planning to take a trip to some specific place these people will try to steer you in the right direction according to what the travellers preference is. In this sense they act as travel advisors. They are also acting from first hand information in a lot of cases. That is these people actually go to these places and check them out. This is a lot of trouble for these people to go to just to make your trip more pleasant.

John Boughton Jeweller

73 Main St. S. 877-4313
BEING a Jeweller is a highly demanding profession in terms of skill and if one was to glance onto the wall, between the pink safe and the pictures of the Boughton's championship dogs, one would see a number of certificates that attest to the craftsmanship of Mr. Boughton. One of these certificates points out that Mr. Boughton is a qualified watch repairman. He has great confidence in this skill; so much so that he outdoes the manufacturers guarantee. At the same time you can almost count on same-day service on most repairs. They also provide a loaner service if you should desire to have a watch while yours is being repaired. And last but not least they carry all the famous names in watches.

Georgetown Chrysler

15 Mountainview Rd. N. 877-5108
SALES is what it is all about as far as an automotive dealership is concerned. Georgetown Chrysler is no different. They are very anxious to sell cars. They carry all the Dodge and Plymouth models as well as those from Chrysler. On the premises of Georgetown Chrysler there are 100 new as well as 50 used cars. They are open to any reasonable offer. The impression I got, in this respect was that the customer would have an advantage over Mike Tarp and his salesmen because as I have mentioned before they are working to get back the customer that had been very of the absence of a Chrysler dealer in Georgetown. Evidence of this struggle is the police cars that they sold to the police force and in the process outbid several other dealers. A final note is that there are 30 cars with air-conditioning already installed at Georgetown Chrysler as well as opportunities for the leasing of cars there.

Robert Gougeon Home Furnishing

95 Main St. S. 877-2522
ROBERT GOUGEON has been doing a lot of travelling lately. The reason for this is because he has been struggling to get that set of lawn furniture that you see in his window. He has had this particular set on order for a long time and when he had the opportunity to get it he jumped at the chance. This set consists of chairs, umbrella table, and a picnic table. The conditions of sale are very flexible. He is willing to sell this article either separately or as a set. I don't know what the set is called but I do know that it is all pine and has a sort of rustic finish. It looks ideal for a backyard or for a cottage.

Mel's Antiques

Glen Williams 877-4488
WHAT IS an antique? When I asked that question I was expecting an answer that would have filled quite a few pages. You know what Mel told me. He said that an antique was something that was old, specifically the standard guide is 100 years. Any article that is over 100 years old is an antique. Mel said that half of the articles in his shop are antique. The rest are what is known as collectables. That is they are not antique but they are rare. Period pieces are labelled as such because they originate from a historical period that was quite notable. The thing that Mel has to watch out for when restoring an antique is that he does not restore them too much. The standard figure for restoration is 10 per cent. That is what an antique is.

Georgetown Pools

78 Todd Rd. 877-8072
CARL HEISLER has a plan that will serve to the great benefit of the people of Georgetown. This plan is essentially a service plan. That is it is designed to improve the service that people will get on their pools. Mr. Heisler's idea was that the pool manufacturers of Georgetown would get together to increase the service of those that are sold locally. The plan goes something like this. Each of the manufacturers would take turns supplying the service on all the pools that any of them sell in this area. The service hours would be expanded to 12 hours a day six days a week. The advantages of this system are immediately evident and it would seem to be to the advantage of the people of Georgetown to buy their pools locally. Some skeptics might be suspicious of this idea but from what I have surmised from meeting Mr. Heisler I would not hesitate to endorse it completely.

Acton Meadows Golf Club

R.R. 3, Acton 853-0631
SPEAKING OF musts to visit, Acton Meadows Golf Course has to be included on the list. This is especially true if you are planning an evening party or banquet. Not to mention the fact that you can complete your day with a little golf during the day. No doubt you like to play golf, just about everyone does. Don't forget about those weekends that you would like to reserve for that wedding your going to be involved with this summer. Its not very far to Acton and the Meadows is on this side of Acton. It wouldn't be any trouble to go out one night and enjoy yourself, honest! Would I lie to you.

Fendley Florists

82 Mill St. 877-3582
FENDLEY'S is a store that carries all the varieties of flowers that can be imagined and as well as this they have a good selection of potted plants. I have mentioned that trust plays a large part in any merchants business. Well if you can't trust someone who has been in the same business for more than a hundred years, who can you trust. Fendley's have been in the flower business for more than 100 years; they started in 1871. They started in Brampton and now have stores in Georgetown as well. They do grow some of their own flowers in the green houses that they have in Brampton. The rest of the flowers they get locally or import. These people do not care how far they have to go to get these flowers they just get right ahead and get them. After all they are working for the customers convenience.

Ryder's TV Sales & Service

35 Main St. S. 877-9796
THERE IS a saying that good things come in small packages and with Ryder's this tends to be true. The appearance of this establishment is that it is a small store. But this is really deceiving. In fact it is just plain not true. There are certain time-worn aspects of a merchants business that never change. One of these aspects is selection. Ryder's really does have a large selection of TV and stereo equipment. They carry a lot of the famous names in home entertainment such as Toshiba and Hitachi. But it is important to note that the people at Ryder's stock only that equipment that they discover to be of a good quality. That is another aspect of that time-worn nature; what I mean is confidence in the person from whom you are buying. I think that you can trust the people at Ryder's.

Market Place Optical

Streetsville 826-5292
NOBODY PLACES a value on sight and they shouldn't. Market Place Optical does however realize that one should not take advantage of this situation and charge exorbitant prices for glasses. The ethic of competition creeps into all businesses. In this respect these people are very competitive. Style is very much of a factor in the choosing of the right pair of glasses. In this respect glasses have almost become a luxury item; as much as a necessity can become a luxury. The selection of styles in frames at Market Place Optical is indeed very broad, designed to suit every taste. The people that you will meet at this establishment are trained to serve you from the technical people that make the lenses right down to the people that are out front who help you select the right frames.

Dog 'N Suds Drive-In

185 Guelph St. 877-7121
DOG 'N SUDS has been in Georgetown for approximately five years. It is part of a chain of 450 stores across the continent of which 40 or 50 are located in Canada. Owner and manager Ed Browne told me that this chain started in California, like most of the fast food chains, from one store and grew to its present size over quite a few years. Mr. Browne moved into Georgetown with the store and he points out that with all the expansion on Guelph Street he has a very good location. His area is now the focal point for Georgetown. The location is so good and the service so good that Mr. Browne's sales increase for the last year was the highest in Canada and third in North America. He attributes a lot of this success to the staff that works there; nothing like teamwork.

Harrington Handcrafts

Glen Williams 877-9241
CANADA IS the theme of this shop. The Harrington's won't even look at something that is not Canadian. What this really amounts to is a retraction of last weeks comments. This beautiful little shop was conceived from a hobby and now also serves the purpose of bringing the Harrington's in contact with a lot of very nice people. Everything in this shop is hand made by the craftsmen that the Harringtons have met. They buy only the things that they like personally. They do not wait for a salesman to stop in Glen Williams, rather they go after the craftspeople and buy only what they see and like. I could write for a week and still not get to all the things that they have in their shop. For now I will just say that all of their articles are locally made. I have just happened to notice that in doing this write-up I have been dealing almost exclusively in absolutes. One absolute that I have so far failed to mention is that it is a must to visit this shop. You won't regret it.

Master Feeds

Stewarttown 877-3512
BY NOW, if you have been following the Bradshaw guide, your lawn is showing signs of increasing health. For those of you who have not visited Master Feeds in Stewarttown then dandelions have been a big problem. CIL Weed and Feed is what you should apply. This stuff does a job on dandelions like you wouldn't believe. Now what are you going to do about your flowers? You really don't know what to do, do you. Bradshaw says that you should use CIL Weed and Flower Doctor and after that you should apply CIL Grow-All every three weeks. Don't forget to pinch off the heads of your roses as they fade. CIL is a recurring name at Master Feeds and that is the place where you will find all their products. Remember they are found in Stewarttown.

Grand Lodge Has Meeting

The 13th Annual Sessions of the Provincial Grand Lodge of the Loyal True Blue Association were held in the Holiday Inn, Cambridge (Hespeler), last week; was very successful and well-attended.

The convention was hosted by Unity District Lodge, of which Halton's Pride No. 393, Georgetown, is a part.

Mrs. Jessie Shortill was convener of the Committee from the District in charge of all arrangements.

On Monday evening the Seating Drill was performed by Halton's Pride Degree Team under the direction of Mrs. Daisy Harris. The team was composed of: Mrs. Millie McNiven, Mrs. Ida Dawson, Mrs. Cathy Chalmers, Mrs. Vivian Shaw, Mrs. Hazel Preston, Mrs. Dorothy Carter, Mrs. Edythe Peck, Mrs. Lauretta Mills, Mrs. June Greig, Mrs. Ethel Arthur, Mrs. Frances Magee, Mrs. Nora Pielh, Mrs. Aleda McCartney, Mrs. Jessie Shortill, Mrs. Betty Dixon, Mrs. Margaret Hyde, Flag Bearers: Mr. George Chalmers, Mr. Morley Mills. The team performed to the music of Piper George Greig. Several other members and visitors from town attended.

Mrs. Cathy Chalmers, Worshipful Mistress of the local Lodge; Mrs. Hazel Preston, Associate Prov. Grand Chaplain; Mrs. Vivian Shaw, Prov. Grand Inside Tyler; Mrs. Jessie Shortill, Supreme Grand Registrar; Mrs. Daisy Harris, Past Supreme Grand Mistress.

All stayed throughout the complete sessions and Mrs. Shaw was re-elected as Prov. Grand Inside Tyler and Mrs. Chalmers elected to the position of Prov. Grand Director of Juveniles for Ontario West.

Encouraging reports were received from the various committees - of particular interest was an address from the Supreme Grand Master, Mr. R. Wyman of Ottawa and also the report of the L.T. by Orange Home at Richmond Hill given by P.T.O. the President of the Board of Directors, Mr. Willis Cunningham of Bewdley, Ont.

The local lodge will be holding their annual Tag Day on July 4, 5 and 6. Any newcomers to town interested in the work of our Association are cordially invited to make themselves known.
