ROTHMANS Grand Prix was held at Hornby on the weekend. Above, Kelly Hall-Holland tried hard with Regardez, but was only able to finish fifth. Kelly's other mount, RSVP, was unplaced. Below, Moffat Dunlap, left, is seen with his winner, Scotch Valley. Mr. Dunlap was presented with his award by Bill Horodyski of Rothmans. The competition drew many entrants, and spectators.

No Faults For Winner

Scotch Valley ridden by Moffat Dunlap, won the Rothmans Grand Prix held at Hornby on Sunday.

Scotch Valley was the only horse to complete both rounds of the event without fault. Out of Sight, ridden by Jim Day and owned by Sam-Son Farms who hosted the Grand Prix tied second place with Count Down, ridden by Ian Miller.

Scotch Valley, a chestnut gelding owned by Moffat Dunlap, had been ridden by him to success in the Schickedanz Brothers International Hit and Hurry Stakes at the Toronto Royal Horse Show in 1973.

The light, difficult course proved too much for many of the 23 entries.

Jim Elder's two mounts, Damuji and Adanac both collected faults on the first round. Regardez ridden by Kelly Hall-Holland was another horse expected to do well that failed in the first round.

The course involved thirteen difficult fences. The combination, number eleven, proved to be the downfall for most horses. Six horses were eliminated after the first round, and two others, Captain Marvel and Country Club pulled out before the second round.

The Hornby Grand Prix was important in the points race for both the Can-Am series and the Canadian Equestrian Team Challenge Championship. Last year the event was won by Jim Elder. This year, before Hornby, the championship was led by Jim Day, with Jim Elder and Moffat Dunlap both following closely.

Armbro Construction Team Click And Start To Move

TYKES
Armbro Construction Tykes have put it together and have started to move. Monday night, in a home game against Brampton, Armbro came away with an impressive 9-6 win. In a well played ball game, they took their fourth win of the season. Lance Doucette starting his third game in four nights continued his fine pitching efforts, and also hit a home run.

In the second inning they had four hits and three runs, and in the fifth they scored four runs on two hits and four walks. A good solid defence on top of the run scoring innings was what was needed for the win.

On Sunday in Oakville a quick batting practice seemed to be the key to the floodgates. The Armbro Tykes came out hitting and built up a 10-0 lead before Oakville came to bat. A total of 18 hits, three of them home runs, brought the final score to 19-2.

Lance Doucette once again pitched a strong game allowing only six hits and striking out 15.

Mark Shearer with two home runs and Lance Doucette with one led the batting parade. Paul Wilson in the lead off position hit a 3-3 plus two bases on balls. Other hitting stars for the day saw Shawn Hutt and Bobby Davey both 3-4, Mark Shearer 3-5 and Mike Doucette 2-4.

With this win, the Tykes have brought their league record to five wins and seven losses.

In an exhibition game on Friday, the Armbro boys and W. T. Moore Construction Pee-wees met head on. Trading pitchers for the game, the Pee-wees shaded the Tykes 8-6. The score was not the major concern in the game, but rather a chance for both teams to play loose with the season just about over.

The Tykes continue their league play with games at home on Monday night, against Burlington, and in Brampton on Tuesday.

PEEWEE
W. T. Moore Construction Pee-wees split their league action this week, as they topped Streetsville and lost to Burlington at home on Thursday. Lack of back up support for the Georgetown pitcher saw

***Golf Champ**

Ladies Golf Champion for 1974 at North Halton Golf and Country Club was Eleanor Inglis with Marilyn Worrall as runner up.

Other winners were:
In B. Flight—Eileen Cunningham, runner-up Marga Flanagan.

In C. Flight—Dianne Piccini, winner. Velda Carlo, runner-up.

In the 9-hole section
A. Flight—Champion Irene Farnell, Runner-up Ann Neal.
B. Flight—Winner Marion Burns, Runner-up Evelyn Patterson.

These play-offs took place on Sunday, July 14.

The Four-ball team of North Halton played at Wyldewood Golf & Country Club on Monday July 15 and placed second over all. Members of the team were Vi Clapp, Eileen Cunningham, Norma Smart and Joyce Dulmage.

Burlington take a 10-6 decision. Burlington hitters were swinging the bats but the Moore Construction boys did not make the tight defensive plays necessary to win.

Earlier in the week the Pee-wees came out winners over Streetsville. A solid team effort in this game made the difference.

With holidays cutting into the available ball players the Pee-wees bench strength has filled the gap well.

When it comes to producing gas, coal is no longer a dirty word.

While we are being affected by the world energy crisis, Canada is sitting on top of one of the largest coal supplies anywhere. Some have suggested meeting a much bigger portion of our future energy needs by burning it, while others have shuddered at the thought.

Coal has been the dirtiest burning fuel of all. It has contributed greatly to pollution that we've already experienced.

But now there's a way of using our vast coal resource that will help ensure gas supplies almost indefinitely. We call it the gasification of coal.

It's a process of producing a gas that's in

every way comparable and completely interchangeable with natural gas. The end product is efficient and burns virtually pollution-free.

At Union Gas, we've established a research group to study the practical applications of this new process. And it's just one of the things we're involved in. The whole idea is to make sure we never run short of gas. Even if we have to clean up a dirty fuel.
