## ANN LANDERS

### Not Perfect Ann Confides

Dear Ann Landers: Since you have been handing out advice so blithely for 10, these many years, I thought it was time somebody gave YOU some.

For openers: You need a face-lift and a new hairdo. You could also use some voice lessons. A friend of my sister interviewed you in Portland, Maine, and she said you need a hearing aid.

I'm sure you will never print this letter, but I do hope you will take the advice.—No Offense Meant—Just Frank

Dear Frank: I doubt I will ever have my faced lifted, but then I've learned never to say never. My face is 55 years old and I've earned it. But I still have everything I had 30 years ago, only it's lower.

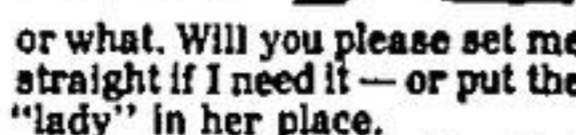

Every day someone tells me my hairdo is old-fashioned, and it is, but I've worn it this way for 20 years and I happen to like it. Believe it or not, some people think it's fine. In fact, I asked for a show of hands at La Folie High School in Indiana last April. Everyone (except the kid in the front row who asked me why I didn't change my hair style) voted for me to keep it the way it is.

My voice I can't help. I was born and raised in Sioux City, Iowa and that's why I sound like a hog caller.

I had my hearing tested several months ago (after my daughter hinted that I was going a little deaf) and the doctor said my hearing is very nearly perfect. My deafness is the reason I seem deaf is because I talk so much.

But I do thank you for your advice. Nobody's perfect.

Dear Ann Landers: I just put down the telephone after receiving the most insulting call I've ever had in my life. I don't know if I am thin-skinned

or what. Will you please set me straight if I need it—or put the "lady" in her place.

This so-called friend called and said, "I'm checking to find out if your party tomorrow is at 7:30 p.m. or 8:00." When I replied, "It's at 7:30," she said, "Do you plan to entertain us in your basement again or are you going to let us in your living room? I need to know how to dress."

I was stunned but managed to reply, "We're having supper in the recreation room downstairs." Her response was, "Fine, I'll wear a pantsuit instead of a dinner dress."

Ann, our recreation room is very nice. My husband did a lot of work himself. No one has ever complained about being entertained down there. It's NOT a basement and I resent her calling it that. May I have your comments?—Slightly Singed

Dear S.S.: According to my dictionary, a basement is "that part of a building wholly or partly below ground level, used to house the furnace." Some recreation rooms are extremely attractive and functional for entertaining. But apparently your friend feels that being invited to your basement rather than your living room is something of a putdown and she is letting you know it.

Confidential to Sinking Fast And Need A Lifeline: Hang on, no matter what. The last thing a person can afford to lose is faith in himself. He can lose his job and make a comeback. He can lose his friends and find others. He can lose his money and make it again. But when he loses faith in himself he has lost everything.

## SILVER-WOOD NEWS

Holidays are over for the youngsters and it's back to school this week. It's an exciting time for tiny tots who will be going for the first time. Also, for the grades 7 and 8 who will be enrolling in the Erie District High School this year, formerly they were taught at Brisbane Public School.

Don't forget Sunday School classes resume this Sunday Sept. 8. All children are welcome to come to the United Church school. Parents may bring the family to church, and after the opening part of the service and the children's story has been given by the pastor, the youngsters join their teachers in the basement. The hour of worship commences at 11:30 a.m.

The fall activities in the Community Centre get underway this Saturday night with a dance and corn roast. Tickets available at the general store.

Mr. and Mrs. Willard Sanderson and sons invited close neighbors and members of their family to a corn roast at their farm home on Saturday evening. Willard had been keeping a close watch on the few rows of sweet corn he had planted among the field corn, as last year the raccoons got there first and stripped the patch.

About 50 gathered around the huge bonfire. When the corn was done to perfection, it was served buffet style with all the trimmings available for the country sized hamburgs which were served along with the delicious corn. A cup of hot coffee put the finishing touch to a friendly get together.

Mrs. Goebel and her daughter the two Briggs girls and Mrs. Sharon Kanusek assisted the Sandersons in cooking the hamburgs and serving the corn.

Many older residents in the Norval area will be sorry to hear of the death of R. M. Dickerson, in Toronto last Saturday. "Dick" was a frequent visitor with the Hulls family who lived in Norval at

the time of the first World War. He joined the Bantam Battalion but did not serve overseas. He would have been 84 this month.

Mr. Archie McEnery accompanied her son and daughter-in-law Mr. and Mrs. Lloyd McEnery to Brookville Hall on Sunday Sept. 1 where they attended the 50th wedding anniversary of Dr. and Mrs. Benjamin Young, Mr. and Mrs. Ernest McEnery from the village also attended the same function to offer their congratulations.

Mr. and Mrs. Frank Smith visited relatives at Port Elgin over the weekend.

Mr. and Mrs. Marshall accompanied Mr. and Mrs. Polo and family to Niagara on Sunday where they took in the sights at Marineland.

Sheridan Evening Courses Total 300

The University of Toronto's school, continuing education is sponsoring 10 general interest courses at its Erindale campus on Mississauga Road this fall. There are no special admission requirements for these courses.

Subjects covered are Anthropology and Modern Canada, Comparative Foreign Policy, Contemporary Canadian Nationalism, German, Greek Tragedy, Intelligent Life in the Universe, Marxism-Leninism, Religion and Imaginative Literature, the Moon, and professional staff will be drawn from both the Toronto and Erindale campuses of the university.

Included also will be a Printmaking Workshop providing an introduction to the techniques of intaglio—copper plate etching and engraving. This will be run by David Blackwood, Artist-in-Residence at Erindale College and a well-known Newfoundland printmaker.

## LIMEHOUSE

Mr. and Mrs. Ron Thomson and family, Fourth Line recently visited relatives in Kingston, Ottawa and Mount Forest. Miss Cathy Thomson spent a week with cousin Brian Roskoff, Toronto. Summer visitors with the Thomsons include grand nephew Jimmie Weisenberg of Kingston, Jeffery Madgett, of Mount Forest for a week and his brother Lorne for a few days, and niece Mrs. Richard Curtis and husband of Ottawa bringing friends from England.

Congratulations to Hugh Graham in his splendid performance with his horse Red Admiral at the CNE jumping trials a week ago Sunday.

HALTON HILLS was represented at the annual Red Cross Youth Assembly held in Toronto. Four of the delegates to the conference were, from the left, Audrey Oostenhof of Cobourg, Piroeka Fordos of Thunder Bay, Carol Sales of Georgetown and Sue Milne of Georgetown. The assembly was a four-day gathering.

## ASHGROVE Red Cross Youth Attend Assembly

Holidays are over and everyone is back home with a glorious tan and lots of memories of good times they had. School has started again. Now we can all settle down to the Fall work before Winter comes.

One weekend in August, Mrs. Wilfred Bird, Mr. Leslie Fisher and Mr. and Mrs. James Fisher motored to St. Louis, Mich., to attend the wedding of their grand nephew.

Mr. and Mrs. Clayton Wilson enjoyed a nine day northern bus tour which included Sault Ste Marie, Fort William and Thunder Bay where they visited a few hours with Mr. and Mrs. Maurice Dixon.

Mr. and Mrs. John Ruddell and son Donald had a ten day motor trip, they travelled 3,241 miles to the east coast to Glace Bay.

Mr. and Mrs. Francis Thompson went on a western trip by train as far as Victoria.

September is a very special month for some of our couples who will celebrate wedding anniversaries with a special mention going to Mr. and Mrs. J. M. Wickson, their 55th on September 17 and to Mr. and Mrs. Arthur Ruddell, their 52nd on September 27. To you all may we say congratulations and may you have many more. Also happy birthday to Mr. Clayton Wilson and Mrs. Cecil Wilson and any others who have September birthdays.

—Mrs. John Belloddy

## BUY NOW, SAVE LATER

The old slogan was "Buy now - pay later". Today, it's "Buy now - save later". In reality this is not a slogan. Nor is it a fact. But it could be a very good bet.

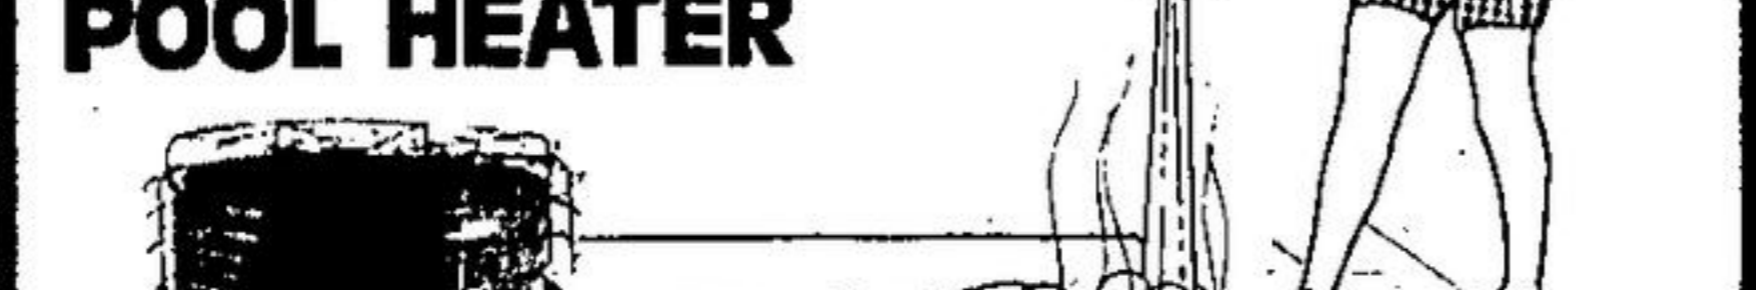

According to the fourth edition of the Canadian Consumer Credit Factbook, the price of consumer durable goods has so far been the least affected by the inflation we have been experiencing.

Between 1967 and 1973, durable goods' prices have advanced by only 8.3 per cent. Compare that with the semi-durable goods' price increase of 18.8 per cent, the non-durable goods' price change of 33.4 per cent, and the even bigger price change of 39.2 per cent for consumer services.

But those data are descriptive of what happened up to 1973. The question is, what will happen in the future? There is strong evidence that cost-conscious Canadians ought to buy consumer durable goods now rather than in a year or two. The price hike in raw materials that is already in the cost pipeline has not yet been passed on to consumers. But it is coming—slowly but surely.

## THERE'S AN EASIER WAY TO HEAT YOUR POOL

### Install a John Wood POOL HEATER

## Neilson Danish Candy Bar Idea

A concentrated advertising campaign will introduce Canadians to the first new candy bar idea in 20 years, according to Canada's largest candy-bar manufacturer.

William Neilson Ltd. will introduce its cinnamon Danish bar late this month in the Toronto-Hamilton area through a regional ad campaign highlighted by extensive use of TV. Neilson has a distribution centre in Georgetown.

"The Danish bar has no chocolate, no nuts and no syrup," Donald H. Lovell, vice president, marketing, says. "It does have a cinnamon-filled wafer, special caramel and is coated with a rich, decorative, cream-colored icing."

"The see-through package displays the bar in full view—a first, we believe, for the industry in this country. The Danish is designed for the

welfare recipient. As part of the Red Cross Youth high school clubs' yearly Provincial Project to raise money for a worthwhile endeavor, a \$3,000 cheque was presented to Dr. W. Balfie, head of research at the Hospital for Sick Children, in charge of cystic fibrosis. The presentation was made by Ruth Guzman, president of the High School Red Cross Youth Executive.

The assembly was organized by the students, with the staff of the Red Cross Youth department assisting in an advisory capacity. Various workshops on such topics as human relations, club projects and community problems were discussed and planned. A highlight of the assembly was the 'Community Game', an exercise aimed at allowing the students to develop a better insight into what living on welfare involves. Held to a stringent budget, the students researched the costs of basic family needs in terms of a

## AROUND TOWN WITH ANN SOMMERS

(...An advertising feature designed to keep you better informed of what's new around town.)

### Georgetown Pools

78 Todd Rd. 877-8072

ANOTHER OF THE recipients of the services are the Hochriders of 38 Shelley Street. These people based their decision to employ Georgetown Pools on what they have heard about the performance of Mr. Carl Heissler, the owner of Georgetown Pools as well as on the personal knowledge of Mr. Heissler. Though they were personally acquainted with Mr. Heissler they did not receive a deal. They received the same flat rate that everyone else received. Needless to say they are very happy with the end result. There were no hold-ups or delays and their pool was finished in a week and a half. That in itself is a very impressive record. They also mentioned that there was very little mess created. There were no piles of dirt and no destroyed shrubs, plants or flowers. In answering the criticism that Mr. Heissler is a slow worker Mrs. Hochridge said that it is because Mr. Heissler is so exact in his work. He has to have everything just right. In other words he likes to build good pools. Mrs. Hochridge expressed a desire to keep her business in town but also said that she would recommend Georgetown Pools to anyone.

### Mike Tarp's Georgetown Chrysler

15 Mountainview Rd. N. 877-5108

THE FEARS AWAKENED when one buys a used car are very real but need not be so if and when you decide to buy your next used car from Georgetown Chrysler. First of all the reason for buying a used car is the fact of the rise in price of the 1975 models. That gets rid of one of the problems revolving around used cars but what about the problem of risk when buying one of these cars. Mike Tarp's answer to this problem is the 12 month 12,000 mile guarantee that he offers on his used cars. This guarantee covers all parts for the transmission, differential, and the engine. This new policy is good anywhere in Canada and Mike Tarp is the only dealer in the area that has a policy of this nature and he has also decided to include all the police cars on his lot in this arrangement. Now what better reason does one need to visit Mike Tarp's Georgetown Chrysler.

### Robert Gougeon Home Furnishing

95 Main St. S. 877-2522

THE SALE THAT has illuminated downtown Georgetown this August has ended as of this writing but unfortunately I do not have the names of the lucky prize winners. What I do have is several reports that indicate the favorable reception it has received. This sale has combined money-saving values with great prizes and a lot of fun. The end result is that the people who participated in this sale had a good time, once they got into the spirit of the program, and also saved money. I am sure that the people of Georgetown would like to thank all the people of Robert Gougeon Home Furnishing for bringing this program to them. This is just an example of the positive approach of Mr. Gougeon and is thus a very good reason for making this store a regular stop for you when you come to downtown Georgetown.

### Dog 'N Suds Drive-In

185 Guelph St. 877-7121

I WONDER IF anyone remembers what the weather was like at this time last year. If your memory fails you I can assure you that it was miserably hot. It looks very much like we are going to have a repeat performance of this weather. So when this weather arrives and you are sitting around the pool and you do not feel like cooking a meal or you just want a nice cool drink phone Dog 'N Suds. They can prepare your order for you and then all you have to do is pick it up. You can get the cold drinks in a cup or by the gallon. You can also get milk, chocolate milk and assorted milk shakes. These are real favorites as are the several varieties of hot dogs that can be ordered at Dog 'N Suds. And don't forget that country fried chicken that can be ordered for any number of people from two to seven. But above all don't forget Dog 'N Suds.

### John Boughton Jeweller

73 Main St. S. 877-4313

A REFLECTION ON Pioneer Days is that you can get your rings cleaned and checked on the spot at Boughton's. This is the only store in the area that offers this on the spot service. This cleaning and checking service is free all the time and it is something that should be done quite frequently. Another thing that should be done soon, and which you probably never thought to do, is to have your ring re-evaluated. The reason for this is that the value of your diamond never goes down and with the way prices are rising these days you can bet that the value of your diamond has taken off. To do this leave your ring at Boughton's and they will have it back to you within two weeks. There is a wide selection of diamonds from which to choose at Boughton's and the new 1975 models of the Accutron watches are also in. This is one of the most famous names in watches and anything good that you have heard about them is true.

### Ryder's TV Sales & Service

35 Main St. S. 877-9796

THE BIG MOVE is due to be accomplished within a week of this writing and I am sure that many of you people will visit Ryder's new location within a very few days of this opening at Moore Park. There are still many items left that would be of interest to many people. Most of the products in this store have had impressive reductions tagged to them. Remember anytime is the time to buy a TV; and Ryder's is the anyplace that goes along with this anytime. Those impressive reductions that I mentioned before also applies to the TV's. So drop into Ryder's either in downtown Georgetown or at Moore Park. If you are at Moore Park after Labor Day you will be able to help the people there celebrate the opening at their new location. Don't miss it!

### Mel's Antiques

Glen Williams 877-4488

THIS GLEN WILLIAMS enterprise is the place to go for antiques and collectibles. Collectibles if you will remember are those items which do not qualify as antiques because they are not old enough yet they are rare enough to have a demand. While you are at Mel's looking over his collection you might also want to inquire about the line of Reo products that is being carried at Mel's. These products are designed for refinishing and preserving of furniture. You might also find out some of the hints that Mel could offer to make your refinishing more efficient. Mel also makes up refinishing kits that you might be interested in. At any rate there are many reasons for you to visit Mel's Antiques, so get there soon.

### Fendley Florists

82 Mill St. 877-3582

I MENTIONED THE forget-me-not club last week and I think that it should be stressed that this is a service that is offered by Fendley's Florists. The files that are being kept on the people who have expressed an interest in this arrangement is essentially a reminder file. It is a reminder that arrives automatically a few days before the day to be remembered. Then you have the option of acting upon this reminder. The forget-me-not bouquet is a round Edwardian arrangement that consists of seasonal flowers and since this is the season of roses you can expect a liberal sprinkling of roses. There is also a new selection of dried flowers in the store some of which are made in Mexico. But don't forget to visit Fendley's!

## GRADUATE

**DENISE RAWLINSON**, daughter of Mr. and Mrs. John (Ted) Rawlinson, 4 King St. Georgetown, recently graduated from the Credit Valley School of Nursing. Miss Rawlinson, a former graduate of Georgetown High has accepted a position at Owen Sound (General and Marine Hospital).
