

Bike licences after hours

The town's personnel and finance committee has agreed to allow North Halton Sports to sell town bike licences but that is the only outlet thus far interested in providing the service.

Several outlets in Acton had been approached to see if they would act as "official agents" for a fee, but the town's offer was met with a flat "No."

For each \$1 licence the distributor will receive 10 cents.

The reason for the addition of North Halton as an issuing agency is to give residents, who are unable to pick up their licences at the town's administration building on Main Street before 5 o'clock, another place to buy them.

Mr. and Mrs. B. Little of Windsor (formerly of Georgetown) are happy to announce the engagement of their daughter, Pamela, to Mr. Gary Crepp of Windsor.

The wedding will be held on July 5 at St. Gabriel's Church in Windsor.

One more time for tenders

Tenders for the skate sharpening room in the Gordon Alcott Memorial Arena were once again re-hashed at the general administration committee meeting held Monday evening.

Councillor Ric Morrow voiced strong opposition to the wording of the terms and conditions set in the tenders. Councillor Morrow was concerned that a sporting goods store would eventually be started in the arena if the tender did not specifically state that the tender was only for skate sharpening. This would allow no one to display or sell any sporting goods within the skate sharpening room.

The tender will state a fixed skate sharpening rate of 75 cents for hockey skates and \$1 for figure skates. The monthly rental will be the variable and tenders will then bid only on the monthly rental and not on the fees charged for sharpening.

Sorry, No fireworks again

There will be no fireworks displays in Georgetown this weekend. In fact there have been no fireworks in Georgetown last year or the year before that. Various councillors in Halton Hills, however, feel that the bylaw which regulates the sale of fireworks and the setting off of fireworks is too restrictive.

Fire Chief Ken Bulkema stated, "The bylaw is very restrictive. However, because of a change in the federal explosive act, municipal acts had to be changed."

Councillors felt that because of this bylaw—which states that the organization in charge of the display is responsible for any liability—has caused the stop of fireworks displays.

However, Doug Collison, recreation director of Halton Hills explained that it was a matter of finance which is preventing the displays from taking place. In 1974 and 1975 no organization voiced their interest in holding the displays because of the costs involved.
