Dear Friends:

I would like to take this opportunity to thank you for voting for me last Thursday. Your confidence is very much appreciated by a brand new MPP. I will try my very best to live up to your expectations.

May I also express a deep debt of appreciation to everyone who worked so hard on my behalf. The only way I know to properly repay you is to try and be the best member I can be. I can assure you that these ideals which prompted your active support will not be left behind in the months to come.

And finally, to all of those who did not vote for me this time I want to represent everyone in this riding. Regardless of party persuasion, you will find my door open.

Sincerely
JULIAN REED

New look for team

The Georgetown Industrial Hockey League will sport a new look this year, as the addition of two teams brings the league to six contenders and this will alter the playoff format considerably.

In the past, with just four teams trying for the league crown, all four qualified for the playoffs. Although this year's playoff set-up has not yet been finalized, it is expected that only the top four teams will get into post season play. This will mean that an all out effort will be required from the six teams from the opening whistle of game one.

League play will begin Sunday, October 10th, with game times set for 8:15 a.m.,

10:00 a.m. and 11:30 a.m. The six teams that will make up this year's Industrial League, include: Glen, Norval, Total Sports, Wheelers, the Fighting Saints and Sand Hill.
