### Colin in 'fair' condition

We'd like to thank the many, many people who have been calling the Herald expressing their concern for the condition of our sports editor, Colin Gibson.

As of late Sunday night Colin was still in fair condition in Toronto General Hospital. He's in the Respiratory Care Unit on the 7th Floor,

Urqhurt Wing, Toronto General Hspital. His doctors say that he is not allowed to see any visitors for the next week or so until injuries to his chest, lungs and eyes are under control. In the meantime he'd probably certainly appreciate any cards or letters.

The Geminis once again proved that their "flash in the pan" days are long gone. Downing the Streetsville Derbys handily 8-4 the Geminis moved into sole possession of third place in the league rankings and applied anything but subtle pressure on second ranked Oakville

He particularly earned coach Paul Robinson's nod to start the game midway through the third period when the Derbys number of winning teams from had managed to edge their way to within one goal

A bad play at the Georgetown blue line put three Derbys one defenceman away from Tomkinson, and when that defencemen was drawn out of the play that left just Rick. Making a beautiful pokecheck with his stick Tomkinson managed to knock the puck out of immediate

However with that and a few other exceptions the big pressure cooker in the game was always boiling away in the Derby's end, specially during the first period.

Doug Pembleton opened the scoring for the Gems just over six minutes into the opening frame. Taking a pass from Bob Fotheringham and Terry Turner, Pembleton let fire with a shot that any sane man would have been ducking. Lockhurst didn't see it.

With just 30 seconds left in the first period Doug Barnes got on track for an evening that would eventually see him move up a few points on the Most Valuable Gemini ladder, thanks to a hat trick.

The Geminis were just getting over having a goal called back on them when Barnes got a chance to rack up some revenge. Moving from the right side he fired high on a pass set up by Ken Kentner and Kevin Reeks.

Early in the second period a bad rebound from behind the net caught Gems goalie out of place and Gary Vennor was in the right place at he right time to bang the Derbys' first goal of the game home.

Georgetown just couldn't pull any further ahead and with just 15 seconds left in the middle stanza, the Derbys hit once again to make it 3-2.

The first two periods were marked by a number of inane battles between Gerns and Derbys the worst outcome of which was a stick swinging incident that injured a fan more than any of the players. By the third period the players, however, had viously got it all out of their systems and returned to their prime concern, scoring,

Down consistently from the start the Derbys realized they had to open their play up in the third. They did but it backfired somewhat as Gemini players frequenly found their way to the Streetsville net almost wide open.

A backhand by Barnes from Fotheringham and Bill Allison at the 9:02 mark put the Geminis up by two goals but that spread had a lifespan of just about two minutes. Rick Becker applied the

touch that eventually proved to be the winner for the Gema taking a pass from Chris Milne to move slowly in from the right side once again. At the 18:08 mark Barnes

earned his free pair of pants with his third goal of the game. This one, after all the hard shots that the Derbys' netminder had managed to handle, made it all look quite easy as Barnes merely moved straight in and Nipped an easy shot over Lockhurst's

Last Tuesday night they showed that they are definitely deserving of the number one status they currently hold in the league's standings as they totally out-classed third ranked Fort Erle Mavericks.

That game was played in the opposition's own rink. The Fort Eric squad held a slight manpower advantage and yet the Raiders totally dominated

ranks of the Georgetown

Raiders for their next game.

Now, considering that performance, you would expect that, playing before their home town fans an even lower ranked crew and facing a golden opportunity to move up even higher on the league's ladder, the Raiders would come ready and raring to give all they've got.

But Friday night the Raiders before their very vocal but equally very disappointed hometown fans, let the Dundas Merchants make themselves look like the kings of the Georgetown castle, dropping Georgetown 6-5.

Don't let that score fool you. If you could only stay for the first two periods you should have asked for two-thirds of your ticket back. While totally

Raider forwards intimidated either Aussem or the defencemen right in the slot. When it happened the Dundas defenders showed an inclination to back down.

Their tactics and style changed in the third period. Georgetown looked a little less impressive but they nevertheless notched four quick goals within the first six minutes of play in the third. However a couple of penalties and a slowing down on the Raiders clearing of their own end put the Raiders out of contention when they really should have been coming on even stronger.

Give their fans full credit. With every extra Georgetown goal the screams of "Go Raiders Go!" became louder.

A goal late in the third with just seconds remaining placed the Raiders as close to a tie as they were going to come.

Junior Tibbetts, the Raider's ex-officio coach as a result of a suspension handed out in the Raiders' November 30 game in Dundas, put the loss to Dundas down to "just one of those things." The "Dundas Jinx" has seen the Raiders lose consistently to a team that has little, if anything better than the Ralders.

The OHA executive recently upheld the Fort Erie protest and called for the replaying of the game from the point at which the penalty should have ended. That amounted to about three minutes which were played just prior to last Tuesday's game.

This time the Raiders were unable to repeat their lone goal performance and the game finished with a 2-2 draw, thus knocking off a single point from the Raiders' standings.

Penalties were the key for the Raiders against the Mavericks as seven of Georgetown's goals were powerplay efforts. The second period was a total farce as Georgetown jumped from a 2-0 lead at the end of the first to a 9-1 lead at the end of the

been for the shenanigans of Ted Hill the Raiders would had only three penalties but Hill was tagged by the officials for seven penalties, including a game misconduct as a result of a fight in the third period with Bremner.

Meanwhile the Mavericks were wearing out the hinges on their penalty gate serving a total of 19 different infractions including two game misconducts to Maracle (who didn't even rate being listed on the Fort Erie lineup) and to H. Bremner.

With 11 goals to their credit the Raiders' scoring statistics took a beneficial bounce for the better. Tom Gilbert led the Georgetown onslaught with two goals and two assists. His point total of four was only equalled by Art Webster who assisted in setting up four

First place was squarely on a beautiful, one-man play on the line Surday morning as the Georgetown Industrial Hockey League's Norval squad faced off against the Total Sports

Both teams headed into the game tied for first with eight points each. Thompson Construction was also right up there but, playing the last placed Guelph-Sinclair Supeco, it appeared that they would have the easier time of the GIHL battle for first place.

Behind the two-goal effort of

Benny Heppes, Norval came out the eventual winner thanks to a 2-1 tally. Both of Heppes' goals were counted in the second period following a scoreless opening seesaw affair. Hugh Williams set up his first tally and Jim Hillhouse aided on the second.
