

Report From Queen's Park

by **Julian Reed**
MPP, Halton-Burlington

The Ontario Government's special summer employment programme is called Ontario Experience '76, and some 7,800 jobs will be available this year to students interested in employment opportunities in the broad areas of culture, recreation, social services, education and the environment. Application deadlines were originally set at April 5th for post-secondary students and April 30th for secondary students, but the post-secondary deadline has now been extended to April 12th.

If more information is needed on the programme, write to Ontario Experience '76, Queen's Park, Toronto, Ontario, M7A 1A2, or to the Ministry responsible for the employment opportunities in which you are interested.

Ministry of Agriculture and Food
Young people are needed to assist in the development of Ontario's Agricultural Museum at Milton. Through research, cataloguing, restoration of agricultural artifacts etc. First year university students may apply for work on a programme to aid in the development of pest management for horticultural crops through the collection and recording of weather and pest data. Post-secondary students, enrolled in either engineering, technical and agricultural courses are needed (10 positions only) for topographical surveying and the design of the drainage systems on agricultural lands.

Civil Service Commission
Secondary school students taking clerical or business courses may apply for 175 positions involving the re-organization and consolidation of personnel files.

Ministry of Colleges and Universities
Senior secondary or post-secondary students may obtain interest free loans to a maximum of \$1,000 to own and operate their own summer business under the Venture Capital programme. Applications are evaluated by the local Chamber of Commerce and passed to a provincial panel for consideration. Another programme co-ordinated through the Junior Achievement organization of Canada encourages students to develop and operate low risk businesses with guidance from trained staff, with some initial capitalization. For native secondary school students only, there are positions on university or college campuses in academic and administrative departments, to encourage native secondary students to continue their education.

Ministry of Community and Social Services
There are 121 positions for post-secondary students with an interest in the human services field to work in Ministry district offices, assisting social workers, protective service workers, vocational rehabilitation counsellors, etc.

Ministry of Culture and Recreation
There are several programmes under this Ministry's jurisdiction.

Positions are available on projects to develop useful community cultural and recreational programmes for all ages, cataloguing work in museums, etc. Some 220 positions are available, obtaining "interest" experience in technical, performance and administrative activities in the performing arts, also in provincial art galleries.

Ministry of Education
There are 722 opportunities under a programme operated in co-operation with local school boards to undertake a wide variety of projects of an educational nature, also providing a direct benefit to the community. Requirements will vary according to individual Board projects and the exact locations of these opportunities will not be announced until the end of April.

Ministry of Industry and Tourism
Employment with the 12 provincial travel associations as information and travel counsellors. Also 12 positions as marketing assistants for senior and post-secondary students enrolled in a marketing programme.

Ministry of Health
First and second year medical students may apply for 30 positions as ambulance driver attendants to supplement ambulance services during the peak summer period - throughout Ontario, especially Wessago and Crystal Beach areas. Secondary school and post-secondary students may apply for 167 positions in one of the Provincial Psychiatric Hospitals, motivating better patient participation in social, recreational and therapeutic activities.

A "Bright" New Promise from the Man in the "Bright" Red Jacket!

Look for the Man in Red at A&P

The bright new jacket worn by our store manager is a symbol of his renewed commitment to be more responsive to you. You can go to him if you have a question, if you have a problem, or if you have a special need. Our manager can do a lot to help make your shopping easier and more satisfying. And he will. We're proud of him.

If We Can't Do It, Nobody Can.

ALL PRICES SHOWN IN THIS AD GUARANTEED EFFECTIVE THRU SATURDAY, APRIL 10TH, 1976

Raincheck Policy:

If an advertised special is ever sold out, ask the Manager for a Raincheck. It entitles you to the same item at the same special price for thirty days. Or if you wish, we'll give you a comparable item at the same special price.
