

DISCOVERED by nine-year-old Raymond Dickson in the field adjoining his home on the Sixth Line was a balloon, sporting American flags, sent by an eight-year-old resident of Pennsylvania in celebration of the U.S. Bi-

Centennial Year. Attached to the gas-filled balloon was a note inviting the finder to correspond, which Ray is showing to his father John. "If a balloon can come this far, so can the pollution," Raymond predicted.

Piano recital

Rather overshadowed by the amplified instruments used to produce the sounds of rock and roll, yet still popular is the piano.

Wrigglesworth School was the scene of a piano and organ recital on the evening of Monday, June 7, featuring 40 studying musicians, on all levels.

Included in the line-up of performers were four who recently passed Trinity College of Music examinations with flying colours. Congratulations to Dave Griffiths, initial, first class honours, mark of 85; Karen Brown, grade one, first class honours, mark of 83; Lora Yestadt, grade three, second class honours, mark of 78; Irene Watts, grade three, second class honours, Mark of 76.

Their teacher, Michelle Hutchison, joined forces with Dorothy Richardson Scull and her pupils to stage the evening of acoustic entertainment.

Return from Hawaii

Mr. and Mrs. Robert Connelly, both former residents of Georgetown, have returned to their home in Oakville after a two-week vacation in Hawaii. Since their return Mr. Connelly has been honoured with the presentation of a wallet and digital watch by his co-workers at Lakeview Generating Station upon the occasion of his retirement. He was also presented with a cheque from the management.
