

Norval playground program starts

Under the auspices of the Halton recreation department, Norval playground got off to a good start July 5.

Until August 13, the playground will be operational from 9:30 a.m. to 3:30 p.m., with an hour off from 12 to 1 p.m. for lunch. There is no charge.

"V" leaders Karen Hillier and Paul Sargeant, assisted by leader-in-training Martene Brown.

Games and swimming will be featured every week.

Trips to Fort York, Casa Loma and Pioneer Village are planned at a cost of \$3 each, per child.

There is still time to register your child so he can participate in the fun. Call 877-5185 and ask for the recreation department.

Halton-Burlington MPP Julian Reed, on behalf of the Norval Community Association, requested Transport Minister James Snow to investigate the frequency of accidents near the dangerously sharp turn at the west end of the village.

A 10-year survey showed that many accidents have occurred involving cars travelling west, so a new flashing light was installed by the ministry of transport.

There will be no senior citizens' meetings until September.

At the grade eight graduation of Huttonville School, Douglas McClure received the award for the boy with the highest academic achievement and Doris Roll earned the title of top girl. Lisa Taylor was valedictorian.

Kenneth Terry and Kathy Lou Grant were honoured for having the highest marks in their grade eight graduating class at Albia School.

Congratulations to these deserving students.

SPECIALIST SPEAKS TO BAHAI

On Thursday, June 30th, 1978 at the Oddfellows Hall in Georgetown, the Bahai of Halton Hills gave a presentation of the Bahai Faith in Words and Music.

Dr. David Smith, an eye specialist from Toronto Sick Children's Hospital gave an informative talk on the history of and need for the Bahai Faith for mankind today.

He pointed out the unifying aspects of the Faith - how all religions are part of one religion of God, revealed by different manifestations, according to the needs of the people and their capacity.

Dr. Smith talked about the unity of man, the equality of men and women, the independent investigation of truth, the need for every person to have an education, and the need for one universal language.

Afterwards the group of musicians called "Masaneb" played a selection of their original music. The meeting drew to a close following refreshments and conversation.

Cedarvale drop-in centre opens

A drop-in centre opened at Cedarvale Tuesday. Sponsored by the Children's Aid Society (CAS), it will be open Tuesdays and Thursdays from 7:30 to 10 p.m. for the next six weeks.

The general administration committee turned down a request by the CAS for

or partial subsidization of the \$5 per night rental cost of Cedarvale.

Diane Eves, a 22-year-old Humber College student majoring in social work, is the supervisor by Volunteers, including Kay Brandford, who operates a drop-in centre in the basement of her Guelph Street groceriya, will assist her.

"The need was recognized for a drop-in centre in the north end of Halton," explained Eves.

Brandford recalled two drop-in centres operational at Cedarvale in the past, and fully supports another one.

"We hope to provide a service to the community by giving the kids something to

do," Eves added. "It's sort of an experiment. The program will be basically unstructured."

Cedarvale is furnished with tables and chairs owned by the recreation department. Eves hopes that a record player, a coffee perculator, a ping pong table and a pinball machine can be borrowed.

Storm damage in Ballinafad

Dominion Day marked the birthday of Mrs. Drouill of Georgetown. A party was given in her honour by her daughter Miss Lydin Snow. Friends and family from Ballinafad and Georgetown attended.

Winners of the euchre games were Mr. and Mrs. F. Smith and Mrs. Lloyd Marshall and Ted Lawrence.

The hostess served salad plates and birthday cake made by the birthday girl's youngest daughter, Mrs. Annie Gates.

Everyone enjoyed the evening.

NEWS FROM LAST WEEK
Wedding bells were ringing in the village for Kathy Gurak

and Robert Wisensz Saturday. Reverend Stiles officiated while Mrs. Eileen McNery played the organ.

Prior to a dance at the community centre, the United Church Women catered a delicious wedding supper. The reception provided an opportunity for friends and relatives to offer congratulations to the new couple.

Dan and Linda O'Connor and daughters spent the weekend camping near Clifford.

Congratulations to Vera and Willard Sanderson who celebrated their 34th wedding anniversary Saturday.

Saturday night's storm

caused severe damage in Ballinafad. Four hydro poles came down in the line-way of Eric Haynes property north of the village on the seventh line. Consequently, the Haynes have reverted to using coal oil lamp and candles.

Three trees, including a maple 100-years-old, were uprooted from Haynes, lawn also.

Throughout the village, branches were blown off trees and gardens were flattened by the impact of the wind and rain.

Eric Haynes' mother and her friend Mrs. White who are visiting from England, will remember the storm.

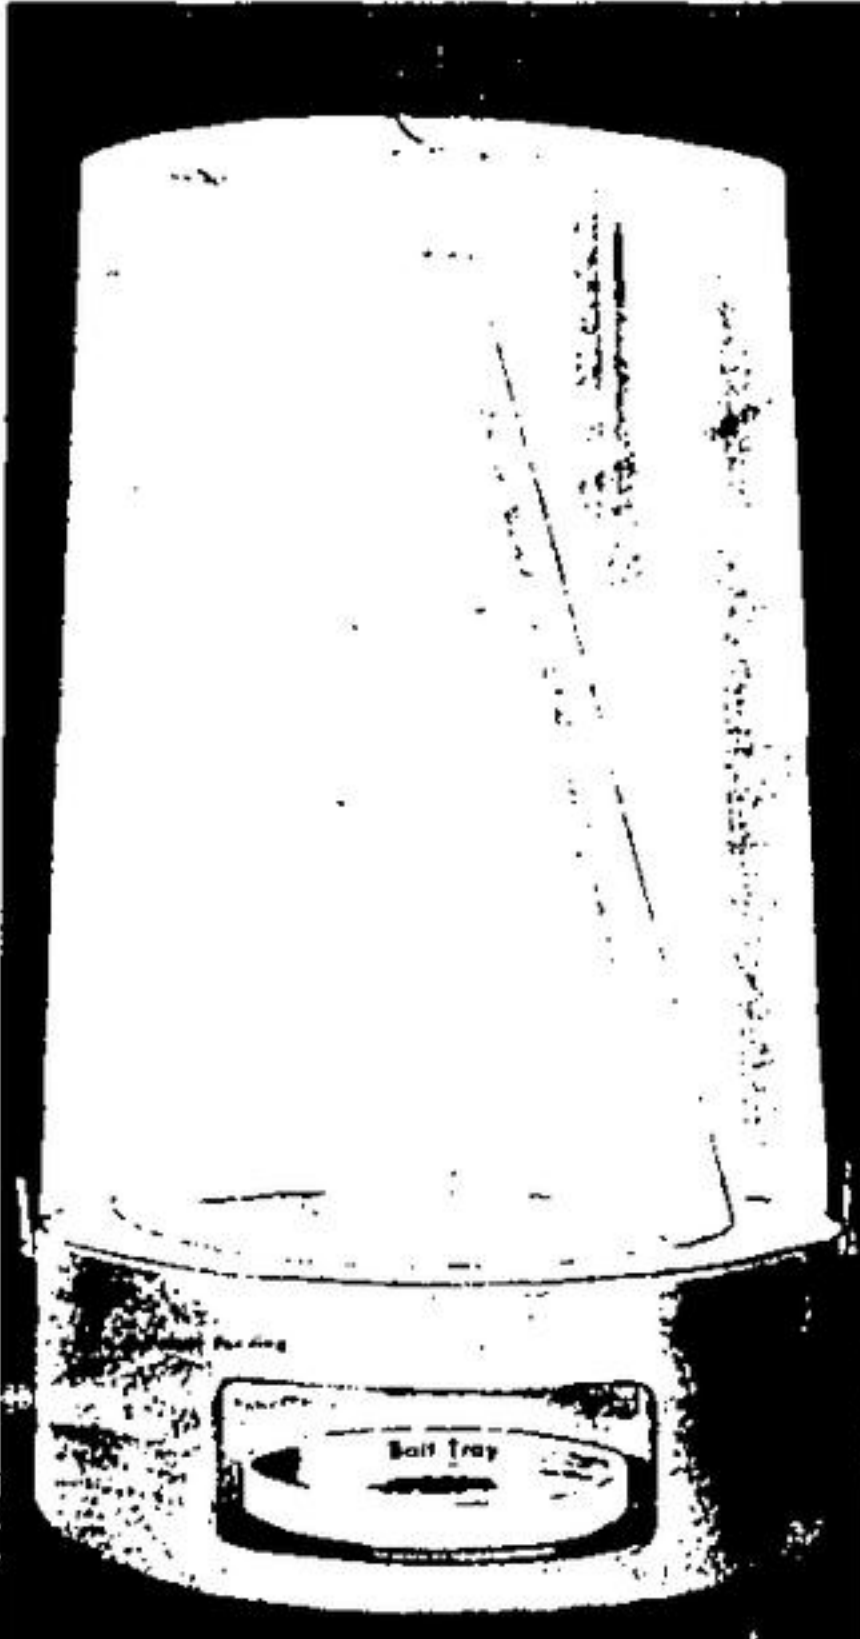

Limehouse shower

Recently, a miscellaneous shower for bride-to-be Beryl McEnery was held by Mrs. F.J. Brown, with the assistance of her daughters and daughter-in-law.

Mrs. Bert Benton and John spent a few days with her parents in Meaford last week.

Mrs. P. Rooney and her daughter Elizabeth from Don Mills visited the Patterson's recently.

We regret that Mrs. S. Kirkpatrick of Acton is hospitalized again, and hope that she will be better soon.

Union Gas Service: in a class of its own.

At Union Gas we do our best to make sure that a great deal of training and experience back up every service call we make.

For one thing, all of our trainees go through six months of special technical training before they're qualified to be service people.

Even then, they go back for regular refresher courses to make sure they keep up to date on your service needs.

And when they call on you, they're equipped with a service vehicle that's tailored for just about any kind of natural gas service you might need.

If you use our service for adjusting, cleaning or repairing your appliances, you can count on us to give them the best of attention.

Safe, courteous. Dependable.

Naturally, the cost of the service depends on what needs to be done. Sometimes there's no charge at all. But when a charge is necessary, you'll find our rates are most reasonable.

What it all adds up to is that when you really need help from us we'll be there. Doing our best.

UNION GAS Service worth knowing about.
