\$12,500 dam study approved

A \$12,500 engineering study of the effects of the papermill dam has been awarded to Chrysler and Latham Ltd., the Credit Valley Conservation Authority announced Monday.

The engineering study will investigate the effect of the dam on flooding and ice jamming, and what effects, if any, will occur if the dam is removed.

The award is subject to approval by Halton Region and the Ministry of Natural Resources.

A life-long Glen Williams resident, Halton Hills Mayor Tom Hill does not blame the papermill dam for ice-jamming and flooding along the Credit River.

The Credit Valley Conservation Authority (CVCA) is presently arranging for a study to determine the effects of the papermill dam on water flow and what effect its removal would cause.

Hill, also a CVCA member, said that "flooding in the Glen depends mostly on weather." He believes quick ice break-up combined with heavy rain is

responsible.

Cutting ice away from the face of the dam to let the water away was one of Hill's suggestions for flood prevention.

He added the removal of silt deposits built up on the shallow river bottom and work being done on the river bends should help.

From his observations of the results of the removal years ago of two dams along the Credit River in the Glen, he said, "it helped the flooding."

However, since the river has gradually decreased in depth, he is concerned about "the possibility of wells going dry if the papermill dam is taken out."

Glen Williams residents rely on well water.

Hill was not interested in the preservation of the 100-year-old dam as a historic landmark.

Fines for parking on grass

People who park vehicles on boulevards can expect to be ticketed for it.

The town's works department learned in a report from the clerk administration Monday that a bylaw exists which prohibits parking on the boulevards.

Coun. Ern Hyde said, "The amount of money this town spends (on repairing boulevards), everyone should report offences to the police."

Chairman of the works committee, Mike Armstrong said, "If people are going to ruin the boulevards, they are going to pay for it."

Are you NEW-TO-TOWN, or have you just moved into a new home?????

Wildwood Manor camp is busy

The best of both worlds - camping and farm living - is being offered to children at Wildwood Manor.

Established experimentally on a small scale by owner Mrs. A. Milne seven years ago, she said, "the camp just kept growing" into the multi-faceted children's resort it is today.

Camp director, Geoff Pantling, of Acton, estimated 500 youngsters would visit Wildwood Manor this summer. Buses transport children to the Camp from Georgetown and Brampton while others come from all over Ontario: Oshawa, Toronto, Guelph, Niagara Falls and Hamilton.

Spread over 60 acres isolated off the Eighth Line west of Georgetown, Wildwood Manor offers day programs, overnight camping and field trips designed for participation by pre-schoolers to teen-agers.

"We try to create a family

atmosphere," said Mrs. Milne. Councillors, aged 17 and over qualified by Mrs. Milne's winter training course organize children's activities.

TRAINING

Councillors-in-training, minimum age 14, assist them with supervision.

Activities include horse-back riding, archery, swimming, fishing, tennis, campfires, barbecues, craftwork and games.

Wildwood Manor has a dozen horses, a heated pool and tennis courts.

Provided on request are three-week courses in horsemanship or swimming leading to certificates.

Wednesday night campouts are another feature.

Day excursions to area parks to hike and canoe, prepare children for week-long trips to Algonquin Park in August.

Such wilderness adventure programs are optional.

They include instruction in nature lore and survival.

In accordance with the farm theme of the camp, children help care for Wildwood Manor animals: horses, sheep, cows, calves, foals, rabbits, chickens and cats.

"All the time the kids are here, they're learning, but they're having too much fun to realize it," Pantling said.

CLOWN ON A HORSE, counsellor Debbie Kirk mounted on Dusty, demonstrates horsemanship skills for the children at Wildwood Manor camp.

Plexiglass tender accepted

The original proposal by the recreation and parks department to install plexiglass on the sides of Acton arena was revised at general administration committee (GAC) Monday with a motion to complete the entire job.

Recreation facilities superintendent Pat Sheehan said although the budget was "tight, tenders are coming in lower."

GAC approved his recommendations to accept the bid of Chrystalex Plastics Ltd. to do the job for \$8,236.72.

Monies could be transferred from the filter building account in Acton's Prospect Park (\$1,000) and the account for the ventilation system at the recreation offices (\$2,436) for this purpose, Sheehan suggested.

Georgeview's sign OK'd

The works committee approved a hanging sign for the Georgeview Restaurant, 154 Guelph St. but deferred approval for a similar sign for McLeod Richmond Ltd., automotive parts suppliers next door.

In approving the Georgeview Restaurant sign, the committee noted that there already was a hanging sign outside the restaurant and that the new sign is an improvement to the establishment.

In deferring approval for McLeod Richmond's sign, the committee felt it had to know how the sign would effect other signs in the plaza.

METROPOLITAN TORONTO POLICE

Avoid The Daily Routine

ACT NOW!

Plan your future with a career that has a challenge, involvement, good salary, and benefits. Stand out in a crowd, become a

POLICE OFFICER

Must be a Canadian citizen or a British subject. Minimum requirements: Between 21 and 35 years, 5'8", 160 lbs., Grade 11 in the level four or five year school program (21 credits at level 4 or higher). Pass the required medical, physical, and visual tests. NOTE: vision required: tested without the use of visual aids. Not less than 20-25 in both eyes and not less than 20-40 in one eye. If 20-40 in one eye, a certificate of refractive error to be produced. Normal colour vision. (This allows us the opportunity of accepting applicants who wear glasses.) Be of good moral character and habits and have an Ontario drivers licence with a good driving record.

Councillors protest Peel's enforcement

Peel Region Police, who enforce a 30 mile per hour speed zone on Halton Hills Town Line south of Terra Cotta, "are abusing the situation," Coun. Ern Hyde told the works committee Monday.

Peel police and maintains 1 town line.

After some discussion on the definition of built up areas, the committee agreed to ask a clerk of Peel for a copy of its governing bylaw.

The Peel police are using radar to catch drivers exceeding the speed limit in the area, Hyde told the committee. He said the bylaw governing the speed zone calls for reducing speed to 30 miles per hour in built up areas, but that the town line zone passes through farmlands.

In an arrangement between Peel Region and Halton Hills,

Can halt baldness Finnish scientists say

LONDON (Reuters)—Two Finnish scientists said they have developed a scalp treatment that can halt baldness and even start new hair growing in many cases.

vention by some medical experts.

The scientists, who are putting the treatment on sale in the form of a solution, say that among volunteers who applied it to their scalp for 28 weeks, hair growth resumed in 60 per cent of the cases and hair loss decreased within four weeks.

The product contains a synthetic detergent, which clears away dead hairs and other dirt clogging the follicles the lay sacs in which hair grows.

Another ingredient, a compound, then sets in motion a process which allegedly results in the growth of new hair.

NOTICE OF MEETING

The Commission to Review Proposals for Property Tax Reform in Ontario

A public meeting for residents of the Regional Municipalities of Halton and Peel will be held on August 26, 1976 at 10 a.m. to 12:30 p.m., 2 p.m. to 4:30 p.m., 7 p.m. to 9:30 p.m. and on August 27, 1976 at 10 a.m. to 12:30 p.m., 2 p.m. to 4:30 p.m. at Brampton Centennial School Cafeteria, 251 McMurchy Street South, Brampton, to receive submissions, both oral and written, from local government representatives, property taxpayers and all other interested parties, concerning the proposals that have been put forward by the Government of Ontario as a means of establishing a new system of property taxation based on market value assessment.

This meeting is one of a series which the Commission is conducting throughout Ontario this summer and fall, before submitting its recommendations to the government.

The proposals, originally published in the 1976 Ontario Budget, Budget Paper E, entitled Reform of Property Taxation in Ontario, are as follows:

1. The present system of property taxation will be replaced by a new system based on market value.
2. A uniform method of phasing-in the new tax system over a period of up to five years will be available to prevent abrupt tax changes.
3. Assessment rolls will be returned and re-valuation will be performed every two years to coincide with local government elections.
4. Assessment on provincial government property will be pooled and assigned between the public and separate elementary schools in the same proportion as the taxable assessment assigned by the owners and occupants of residences.
5. Costs shared among municipalities will be shared on the basis of the assessment on which taxes and payments in lieu of taxes are based.
6. Where assessment is to be used to determine the grant to be paid to a municipality, the assessment used will be the assessment on which taxes and payments in lieu of taxes are based.
7. The provisions of The Assessment Act will apply to the assessment of all real property in Ontario, including areas without municipal organizations.
8. Public bodies which receive provincial grants, such as school boards, will be allowed to include their property tax payments as allowable expenses for grant purposes.
9. Ontario's property tax credits which relate property taxes to the ability to pay will, if necessary, be strengthened upon implementation of the new system.

Copies of Budget Paper E containing background and explanatory information, in addition to the proposals themselves, may be obtained, free of charge, from regional assessment offices or from Mr. Lawrence Close, Executive Secretary, Commission on Property Tax Reform, Fifth Floor, Frost Building South, Queen's Park, Toronto M7A 1Y7, telephone (416) 965-1671. If you plan to appear and present a written or oral submission, please notify Mr. Close in advance, by letter or telephone. We would also appreciate receiving one copy of any written submission, prior to the meeting.

Since the purpose of these meetings is to help ensure that the new taxation system is implemented in an efficient and equitable manner, the Commission hopes that all Ontario residents with opinions and suggestions to offer will manage to make their representation to us.

Willis L. Blair
Chairman

Ontario Place. Have you been this summer?

Summer isn't summer without a visit to Ontario Place. Here's what's waiting for you. All free with your admission. First, our big island park full of music, movies, marching bands and boats. And more. There are two great films playing at CineSphere™. Last year's favourite "Energy" alternating weekly with the new "Ontario SummerSide", both shown on our giant six-story-high screen. Be sure to visit the exciting multimedia productions in the three Pavilion theatres. Don't forget the Forum, our popular amphitheatre. Every evening and most afternoons, we present great entertainment, comedy attractions include: National Ballet of Canada, International Circus, the Toronto Symphony, Buddy Rich, Dave Brubeck, Chuck Mangione, Victor Borge, the Central Band of the Canadian Forces, and much more.

The children have a place all their own with one of the most adventurous playgrounds and water play areas in the world. It's called Children's Village and it's built for fun.

Then it's on to lunch or dinner at any of our 21 snack bars, licensed restaurants and lounges. (In the evening some of them have entertainment and dancing.) You still haven't done it all. For a modest cost, we've got boats to pedal, Canada's famed destroyer H.M.C.S. HAIDA to tour, a miniature golf course to play, boutiques to shop, an Amsterdam boat tour of Toronto Harbour and Island, and helicopter rides.

Important: During the C.N.E. (Aug. 18 - Sept. 13) Ontario Place and the C.P.F. annual fair, admission to Ontario Place is free. Note: Some food and beverages are available during the C.N.E. *During the C.N.E. there is a 25¢ admission by CineSphere. Park opens 10:30 a.m. closes 1:00 a.m. (Sundays at 10:00 p.m.) CineSphere and Theatre, last show 9:00 p.m. Adults (18 and over) \$2.00 \$1.00 after 9:00 p.m. Children (12 and under) \$1.00 \$0.50 after 9:00 p.m. Children (12 and under) with parents, 50¢. Ontario's new 20¢ admission free at change. Ontario Place, 955 Lakeshore Blvd. West, Toronto, Ontario, Canada (416) 965-6132
