

EV METLER, of the Georgetown Armstrong Georgettes, holds a conference on the mound, in the Georgettes opening game in the Glen Williams Ladies Fastball Tournament, against Moorfield. As the expressions on the

Georgetowners face's tell, the locals were not faring very well. Moorfield won the game, 4-0. Richmond Hill won the championship when they edged Milton Olympics 6-5 in the Final game.

Delrex Juveniles main worry, they have to be consistent

If there is one word that correctly describes Georgetown's Delrex Restaurant Juveniles, "inconsistent" tells it all. That was the story last Saturday when the Delrex gang took their third place standing in the Halton County playoffs. Run on tournament style, the Juveys drew second place Campbellville in their first game that was played in the blistering heat of the afternoon.

After seven innings of play, Campbellville owned a 7-0 lead as the locals displayed a porous defence, erratic pitching and no hitting power. Dan Dayton was on the mound for Campbellville and had allowed only two hits in seven innings with no hint of the disaster to come. The locals found their bats and

exploded for seven runs in the eighth to tie the game. Then they continued their barrage in the ninth as they powered in seven runs. Final score was 10-7 for the Delrex gang.

Bob Freestone was the man who turned the game around for Georgetown as he relieved starter Doug Barnes for the win and went three for four at the plate. Mike Forbes, Rick Gourlie, Jim Davey, and Barnes hit safely twice each, Mike Richmond got the other hit.

Fourth placed Brampton had beaten top placed Mississauga 3-1 to set the final game up between Georgetown and the flower town gang, with the juvenile trophy at stake.

Brampton jumped on starter Freestone for five runs in the first inning, the locals again coming up with a porous defence. The Juveys scored four runs in their half to make the score 5-4. That was as close as they would get to the flower gang again as Brampton put together 15 hits, three walks, one hit batter, nine Georgetown errors and three wild pitches to score seventeen runs. Down 16-4, the Delrex gang battled back and put seven runs across in one inning but fell short on the score 17-11.

Georgetown used three pitchers and Brampton four in what was a hitters dream. Georgetown had fourteen hits, but Brampton's defence was less leaky and so earned the win. Ged Williams pounded three hits, Bob Freestone, Mike Forbes and Jim Davey had two each, with singles by Rick Gourlie and Barnes.

Strong pitching and hitting power are the juveniles trademark. It is hoped a weeks rest will get the pitchers back on track and batting practice will keep the bats sharp. Georgetown is Halton County's 'C' entry into the Ontario Baseball Playoffs that begin this Saturday.

Opposition will come from the Southern Counties League. The Juveys expect to know the name of the town by Wednesday night. One thing is for sure - two games must be played this weekend, back to back, with a third game if necessary played during the week.

Mississauga is the 'A' entry and Campbellville is the 'B' entrant. Campbellville having made it to the O.B.A. finals right off the bat as there is only one other 'B' team. Nine clubs are in the 'C' category.

CAHA and Labatts agree on program

It was announced last week that the Canadian Amateur Hockey Association (CAHA) and Labatt Breweries of Canada signed an agreement which the two organizations hope will raise the standard of hockey coaching across Canada.

Labatt's announced that they will contribute \$300,000 over three years in the form of regional assistance grants, national coaching assistance and improved promotional pamphlets and instructional films.

CAHA technical Director, Dennis McDonald, was quoted as saying, "This now allows us to develop some projects we weren't able to initiate in the past. For example, kids from remote areas will benefit through the use of films and it will offset the cost of sending instructors to these areas."

Hillsburgh teams dominate league

Richmond Hill wins tourney

Glen Williams was the scene of a ladies fastball tournament this past weekend, unfortunately, local teams fared rather poorly. The Glen Williams Middlets were eliminated 9-1 by Milton Olympics; the Georgetown Georgettes were bumped off 4-0 by Moorfield, while the Glen ladies advanced to the semifinals on the heels of a 10-9 win over Hornby only to be dropped 10-2 by Richmond

Hill. In the other semifinal, Milton Olympics defeated Moorfield, 6-5.

The final pitted Richmond Hill against Milton Olympics, this time however the tables were turned on the Milton gals as Richmond Hill claimed the championship with a 6-5 win.

In an exhibition game earlier in the day, Richmond Hill shut out the Georgetown Armstrong Georgettes, 2-0.

SALMON ENTER FISH CONTEST

The Ontario Federation of Anglers and Hunters and Molson's Breweries (Ontario) have announced the addition of an all new category in their "Big Fish Contest" - Salmon.

Speaking on behalf of the Federation, Executive Director, Rick Morgan, stated, "The increased Sport Fisheries for Chinook and Coho salmon in the Great Lakes has brought these fish to a stage where we are starting to receive requests from anglers to enter these magnificent game fish in the 'Contest'."

Terry Hamill, of Molson's was most receptive to the idea of this new category and immediately confirmed that Molson's would be pleased to put up the additional \$400 prize money.

"We have supported the Big Fish Contest for 17 years now and are genuinely pleased that sport fishing for Chinook and Coho has reached a stage where this new category is feasible," he said.

Entries will be accepted for those salmon already caught during this year's contest period and those yet to be caught. In addition, Molson's Honor Awards will be presented to all those anglers submitting entries weighing over eight pounds.

The contest will be examined carefully this year to determine the actual interest in this category. If there is sufficient interest, separate categories for Chinook and Coho may be considered for next year.

Naturally, complete information on this year's catches will be supplied to the ministry of natural resources for their use.

Entry forms for the Big Fish Contest are available at most fishing tackle stores and lodges, or direct from the head office of the Ontario Federation of Anglers and Hunters, Campbellville, Ontario. For more information, contact Rick Morgan, OFAH, 766-853-3149.

Pickells fourth in world meet

William Pickells - who along with his wife - contributes columns on the martial arts for the Herald, finished in fourth place at the World Fighting Arts Championships held in New York over the weekend. Pickells lost out by a very controversial half point decision to Joe Jennings and

Les Weiner both of the United States, in the Mens Black Belt competition.

Rory Gouden, 15, one of Pickells green belt students, took third place honours after successfully defeating many competitors in the Junior white to black belt division.

ONTARIO OUTDOORS

Prime time for salmon

Well, here it is again. The prime time for Salmon fishing. The salmon are starting to run into the river mouths to spawn and as they get closer they are that much more concentrated. This gives the angler the opportunity to get after them in earnest.

Many large salmon, mostly COHO, have been caught this last week, and the catch will increase as the days go on. The weather has some bearing on the number of fish that enter the river mouths and make their approach to the river estuaries.

Much has been said as to how to get one of these prize fish, but it still stands that you have to be out on the water as often as possible.

They are much like the MUSKIE, you may get a lot of them, but the big ones come a little harder. This is not to say that an angler cannot go out only once and win the big derby, THE GREAT SALMON HUNT. This is as always a chancy thing, and many is the time that some novice or first timer has walked away with the big prize in a contest.

However, the more fish you catch, the better your chances to latch onto the really big one. The entry fee for the contest is \$10, and you take your chances. But if you win, that \$12,000 boat and equipment it would look great in your driveway. Of course there are the other 80 or more prizes also, for a contest total of over \$16,000.

Just remember the rules of courtesy and consideration. Don't be a hog, or an ignoramus, be the sportsman that you are supposed to be.

Why did the fish in Heart Lake near Brampton die off recently??? Could it have something to do with the fact that a housing development is now under way in the area??? Time will tell as to just what is the cause, but I will be taking careful note to see that it is not connected in some way. I don't want to see a bureaucratic cover-up!

If you are going to the Canadian National Exhibition take the time to see the Ministry of Natural Resources display, in the East wing of the Coliseum. The main theme is Forest Fire in Ontario. I believe it will be worth seeing.

Make plans now for the DUCK OUT TO DARLINGTON days. This will be Sunday Sept. 12, at Darlington Provincial park.

The accretions are too many to list here. Suffice it to say that there will be activities for all aspects of the outdoors. This is co-sponsored by the Ontario Federation of Anglers and Hunters, and the Ministry of Natural Resources.

A hunter safety course will be held in Bolton, in the Cold Creek Conservation area. The main classes will be each Wednesday in September at 7:30 pm. If interested, call Lou Romany at 749-0747, or George Carler at 859-4055. More on the Salmon next week, as we continue to enjoy our ONTARIO OUTDOORS.

Curling film available for clubs

The winter sports' season is almost upon us, and one sport that is rapidly gaining wide acceptance among the young is curling. Junior programs as well as high school curling programs are flourishing and more and more attention is being paid to the sport.
