Dear Santa:  
How is red nose? and your little green elves? I like the presents you brought me last year. Would you please bring me a stuffed pink panther and fisher-price castle. It is for people 2 to 8 years old. Please be careful of my cat. I am 8.  
Merry Christmas.  
Love,  
Kelly Foote.

Dear Kelly:  
Old red nose, as you say, is ready and eager to start our annual flight around the world. Rudolph must be cautious just before Christmas though, because any bad cold could make it harder for him to brighten the skies for me as I take off from the North Pole. Ho! Ho! Ho! No need to be concerned about your cat, all pets are my friends too, Kelly. Have a Merry Christmas.  
Santa.

I'm running a little low on pictures this year and may have to wait until next year for some more to come in time for delivery to children. I hope you won't mind, but I might not be able to leave a picture for you on Christmas Eve. But I do hope you will be very surprised and happy with the things you discover on Christmas Day.

"Your Extra Touch Florists"

The most important time of all to save electricity.

The demand for electricity in Ontario reaches its peak early in the evening on cold winter weekdays.

Between 4 and 7, everyone's asking for electricity. Many factories, stores and offices are still open. Street lights are on. The kids are home from school, parents home from work, evening meals are being prepared. And the heating system has to work harder. It all adds up.

Demands for electricity have been increasing at a pace that can no longer be met. The rate of growth must be reduced.

You can help by avoiding the big jobs like baking, washing and drying between 4 and 7. Make sure that unused lights, TVs and appliances are off. Take it easy on the hot water.

Please do all you can to save electricity.
