

"Would you turn 300 students loose on your machine?"

You've heard a lot about Swedish craftsmanship. Now you can take a close look. Come and watch the Husqvarna 2000 in action. Check out the features for yourself. Like a gear shift for stitch-by-stitch control without losing motor power. The extra long straight stitch—up to 6mm. The 100% jam-proof hook and the bobbin thread that comes up automatically. You get all this on a machine that never needs oiling. If you're a serious sewer, come and take a look. There's a complete line of Husqvarna machines to fit all budgets.

"If the people at Husqvarna want a testing ground, they have one right here. But their machines are so strong and run so smoothly, they'll never have to worry about results."

Beverly Elashuk,
Home Economics teacher
Oshawa, Ontario.
