## GBA requests town support

The Georgetown Baseball Association is appealing to the town for financial help in order to guarantee the smooth running operation of their 1977 summer program.

During the upcoming season there will be more than 300 youngsters involved in the baseball program. More than 25 teams will have to be uniformed and equipped and a full schedule of games officiated.

The GBA pointed out, that their executive and their associates donate their time and energies year round, to administer the program, but have to rely on financial aid from the community to fully implement the program.

A Rep team (All-Star team) sponsorship fee is \$300, while a house league team sponsorship has been set at
