Robert Klavkals	10	2	12

Major Atoms win twice

The Georgetown Firefighters and McNally Construction Major Atoms took two victories in three starts last week in warming up for the upcoming O.M.H.A. qualifying round. They defeated Ancaster 6-3, nipped Grand Ravine 3-2 in the first game of the Halliburton Hockey Tournament and were then eliminated in the tourney 2-1 by Amherst, New York.

In the Ancaster game, Georgetown fired three goals in the first period and then coasted to victory. Brent Smith scored two goals in the victory. Wayne Morrow, Keith Rieger, Mike O'Brien and Danny King scored singles.

The game against Grand Ravine ended in a 1-1 tie after regulation time. Brent Smith had opened the scoring in the game, but Grand Ravine came back to earn the tie in the third period.

In the overtime session each

team took five penalty shots and Georgetown won 2-1. Todd Cull scored the first marker and Mike O'Brien fired the winner.

Georgetown completely dominated play during regulation time but the outstanding goalkeeping of Tommy Elso limited them to one goal.

The Georgetown high school senior basketball team lost two games and were eliminated from the Bramalea Secondary School Tournament.

In the first game Georgetown went up against Westwood and were on the short end of a 69-56 score. The Rebels only had six players dressed and trailed throughout the game.

Paul Krowchuck went on a scoring tear and hooped 31

points, but they were not enough to overtake Westwood. Norm Iukki, was the second leading scorer with 14.

In the second game the Rebels went up against Bramalea and had to win to stay alive. Again they trailed all the way and eventually lost 60-48.

Doug Lamb was the leader in this game as he scored 15 points, had 12 assists and 10 rebounds. Iukki and Krowchuck had 10 points apiece and also had nine rebounds each.

equalizer but were foiled time and time again by the goaltender Stephen Roy.

It was not until the six minute mark of the final period that Amherst scored on a shot that Roy had no chance on. The New York team then scored on a power play to take the victory. Roy was selected as the second star in the game.

Schedule for Rep teams announced by O.M.H.A.

The O.M.H.A. 'AA' Qualifying round schedules have been announced for Georgetown's six Rep teams. All six teams will be playing Dundas in the opening round.

MAJOR ATOMS
It will be a best of five series with Georgetown having the home-ice advantage. The first game will be at Memorial Arena and will begin at 6:45 p.m. on January 31. The third game will be at Alcott Arena and will begin at 4 p.m. on Feb. 5. If a fifth game is needed it will be at Memorial and begin at 6:45 p.m. on February 9. The first two periods of the game will be 10 minutes and the third 15. There will be one overtime period of 10 minutes played if needed.

MINOR PEE WEE
This series will get under way at 4 p.m. January 29 at Alcott. The third game will be February 2 at Memorial and commence at 8 p.m. If a fifth game is needed it will be at Alcott February 9 and begin at 7 p.m. The periods are the same as the Atoms.

MAJOR PEE WEE
This series will begin Jan-

uary 31 at Memorial. Game time will be 8 p.m. The third game will be at Alcott to start at 5:15 p.m. on February 3. The fifth game, if necessary will be on February 9 at Memorial to begin at 8 p.m. The periods will be the same length.

MAJOR BANTAMS
This will be a best of three affair with it getting underway at Alcott 8 p.m. on January 31. The third game, if necessary, will also be at Alcott to begin at 7 p.m. on February 7. The first period will be 10 minutes and the final

two 15.

MAJOR MIDGETS
Also a best of three series. The first game will be at Alcott Arena to begin at 5:15 on January 29. If a third game is needed it will also be at Alcott at 6:45 p.m. on February 5. It will be the same length as the bantam series.

JUVENILE
It will be a best of three series with it getting underway at Alcott on January 29 at 7 p.m. The rubber match if needed will be at Alcott on February 9 at 8:30 p.m.

NEW DODGE OMNI DOES IT ALL!

GETTING BACK TO BASIC
How does Omni do it? New Dodge Omni does it because Chrysler has built the first North American car in its size class with front-wheel drive. Omni does it on leaded or unleaded gas with a spunky 1.7-litre engine featuring the Electronic Lean Burn system. Your standard Omni does it with four-speed transmission, rack-and-pinion steering and front disc brakes. And that's just for starters. Omni gives you remarkable highway

stability with all-coil spring suspension and integrated roll control and a smooth ride on glass-belted radial whitewalls. And that's not all. There's the inside story and it's a big one!

THE INSIDE STORY
Omni does it all in space. This peppy little growl-up, in full comfort. With an amazing amount of head space. Omni's front-wheel drive means there's lots of leg room front and back. With the rear seat down, Omni packs 35 cubic feet of cargo space. And even with four passengers you've got 10.2 cubic feet of convenient trunk storage. Then there are four passenger doors plus a hatchback for cargo.

With so much room, Dodge decided to pack Omni chock-full of standard features. Like all-vinyl, high back bucket seats in front. And carpeting underfoot. An upper level ventilation system. AM radio and cigarette lighter. Plus the multi-purpose control stalk for turn signals, headlamps, beam selection and your "pulse-wave" windshield wiper wiper. All at your fingertips. All standard equipment on your basic Omni.

YOUR PERSONAL OMNI
Yes, you can do lots more with Omni. The exterior choices are yours. You start with the Basic Omni, then add option packages for the Custom Omni, Premium Omni or the Premium Woodgrain Omni. You should see them all. Omni does it all with options like

AM/FM stereo radio, power front disc brakes, power steering, automatic transmission, rear window wiper-washer, even air conditioning. To top it all off, there's Omni's sturdy roof rack.

Yes, Dodge does it with new Omni. Check out the price and operating economy and you'll say it too. "New Dodge Omni does it all!"

ECONOMY RATINGS

ENGINE/TRANSMISSION	KILOMETRES (MILES) PER GALLON		
	CITY	HIGHWAY	COMBINED
1.7 litre engine:

Worth watching

Keeping a watchful eye on your meter can help you save electricity around your home—and we have a free booklet to help you do it.

It lists many wise ideas for saving electricity in lighting, heating and appliances. In addition it shows you how to read your meter and keep a record of the progress you're making in energy conservation.

The booklet, "Worth Watching" is yours for the asking from your local Hydro.

Or write to Ontario Hydro, Dept. W, 700 University Avenue Toronto, Ontario, M5G 1X6
