## Juniors defeated by Perdue

The Georgetown district high school junior basketball Rebels lost a first-place battle to Perdue in overtime 65-62 at Oakville last Friday.

Both teams were undefeated in league play going into the game.

The Rebels were all over Perdue in the first quarter as they took a 20-5 lead. Rebel coach Moe Leeking said Perdue used a harrassing man-to-man defense which kept his team off balance.

Perdue completely dominated the game in the second quarter and went into the dressing room at half time leading 32-30. Perdue had the ball bouncing its way in the third quarter to play.

Georgetown regained their form in the late stages of the final quarter to tie up the game. The Rebels had a chance to take the victory in regulation time, but a shot at the buzzer did not drop.

Georgetown was at a big disadvantage in the overtime session as two of their big front liners had fouled out. Centre Steve Keslick and power forward John Karolidis both took the maximum amount of fouls.

Leeking said his team gave up far too many turnovers, 10

more than their season average, and also missed early shots from the free-throw line.

Keslick was again the Rebels leading scorer as he pumped in 18 points. Scott Turner was right behind him with 17 and Karolidis was also in double figures with 13. Rick Fisher had six, Derek Todd four and Gord Miller and Dave Chamberlain had two each.

With Keslick and Karolidis fouling out, Leeking needed strong work from his bench. He said Todd, Chamberlain, Miller and Rob Rivers all performed well in relief of the starters.

The Rebels showed that they have a lot of fight in them as they were down by 12 points with only four minutes to go in regulation time.

Leeking said the preparations for the third annual Rebel Tournament on February 25 are underway.

The coach also said he would like to thank the cheerleaders and fans who made the trip down to Oakville for the Perdue game. They host Acton tomorrow afternoon.

**Hearth Heater**  
An Energy Saving Heater

Now, a fireplace can become a practical source of heat for an entire room by installing a Duo-Therm Hearth Heater. Heat that is normally lost up the chimney is recovered and gently circulated throughout the room. Two heat chambers project into the top of the fireplace opening to capture the heat generated by the fire. The automatic fan switch activates the two-speed blower assembly and gently circulates the warmed air through the front louvers into the room.

Easy To Install

Come in and see how you can reduce heating costs. We have a complete line of Fisher Stoves.
