LETTERS TO THE EDITOR

Why haven't we a movie house?

To the editor of The Herald: Enclosed please find letters to the Editor from children in a grade two class. One of the children had gone to see a movie in Brampton when the discussion arose as to why we didn't have a theatre in town. I live in Milton and when asked by the children if there was a movie theatre in Milton and answering yes, the class became quite "hot" on the subject. It was my suggestion that they write to the editor. The arguments, comments and feelings are truly their own. They are a little skeptical as to whether you will consider their letters. I do believe they have raised an important issue, don't you?

Sincerely,
Linda Matie
