

# Radio Shack®

(ERS) A DIVISION OF TANDY ELECTRONICS LIMITED

## In-Store Clearance

**Sale items may differ from store to store**

**...look for the RED TAGS!**

*Occasionally some of our store managers buy a little too much of some items and find themselves over-stocked.*

*And because each store manager is different, in almost every store, the over-stocked merchandise is different.*

*So we decided to have our first-ever RED TAG SALE.*

*This gives every manager a chance to clear the over-stock which is costing him money, while YOU get in on some greatly-slashed prices... not just 'Sale Prices' but 'CLEARANCE PRICES'.*

*Because that's the whole purpose of the RED TAGS you'll find in every Radio Shack Store.*

*When you've spotted a RED TAG, you'll know you've really spotted a bargain.*

**RED TAG SALE is in effect from April 24 to 29, 1978**

at Radio Shack Stores and Participating Authorized Sales Centres (DEALERS).

Items on sale include CB stereo, Science Fair and Archer® build-and-learn kits, do-it-yourself parts and electronic projects, toys and more. The bargains may vary from store to store, but each manager has a big selection of RED TAG merchandise at greatly slashed prices.
