

# Minor soccer season under way last Saturday

**By ALEX TOUGH**  
The house league opened on Saturday on a really good day. The non-use of Cedarvale failed to blight the enthusiasm of players, officials and spectators. Pride of place on the day surely, must go to Acton Senior girls, a first year team. Their eight players tied 1-1 with Pineview Strikers which was a tremendous achievement.

I received the opening high school match, a mosquito joust in which Ajax ran out 5-1 victors over the Spartans. I feel that the score slightly flattered Ajax and as the season progresses their opponents will improve. The Pee Wee and Bantam teams played exhibitions as their opener and provided some hard competitive soccer. The Hawks won 2-0 over

Barracudas. The Trojans cost 2-0 to the Metros. Dick Kendrick's Canadians posted a 2-0 victory - this seemed to be the popular score of the day. I don't have all the results yet and Susan Rose will be putting together more detailed reports. A big thank you goes to Erwin Gross for a fantastic job on our uniform ordering and receipt. The only complication

this year is the ad-size change which we feel we can handle. It is also very gratifying that we now have a commissioner of referees Ken Thorne is attempting the task and he will need all the help he can obtain from all of us. Any intending ref. qualified or not, should contact Ken at 877-3381 and let

him know their availability. We are going to miss Sandy MacLeod this year he is having a year's lay off and hopefully will be back next season. Welcomed back for their quote of matches are Al Doherty and Ian Barclay Bill Barclay (no relation, I

believe) missed opening day for the first time in years and is taking the Pee Wee girls the Valentia Exp. Inc. game vs. Oakville tomorrow. Which now brings us neatly to the competitive teams. The Valentines lost their opening game, exhibition, to a first-time-hall minded Clarkson team. The 4-0 result was justified on the day. Missing six of our normal squad our makeshift team did quite well. Cathy Danson, Kirsten Torswick, Elaine Taylor, Kary Jones and Vera Vanitem showing up well and the other girls never stopped trying. We "borrowed" Elaine, Vera and Penny Hyde-vante from the North Halton Bantams for this game.

The McLaughlin Associate Bantams fell to a heavy loss against the Ancient Mariners after 1, of all people, set up the young lads opening goal. The youngsters main fault was their lack of support for each other all round the field and they were

also handicapped by a player shortage. They are definitely better than last year, than this performance and will do well in their league. The Baz Motor Atoms tied 2-2 with strong-going Brampton last week and the Mosquito Meteors returned to their winning way with a victory at Milton following a trouncing by Chinguacousy. I seemed to cause a moment of two's anxiety with my 1-1 report of the Bantams-Chinguacousy game. My apologies, Ching were the original opponents to be and were replaced by a good ball playing Milton outfit.

Colin Wilde's reported remarks at the advisory committee on the use of the field, I believe were taken out of context. At the joint meeting with the recreation department the responsibility for the field was taken adamantly by the department from youth soccer. It was also agreed that the field be only used for matches and not for practices. This does not mean no use for exhibitions, which is permissible. Anne Pickering's reported remarks about the soccer clubs responsibility are not accepted. I agree we have to come up with an acceptable workable policy on playability of the field. A meeting is being set up with the two senior clubs on this matter.

Two other points also have to be raised. What good does it do to stay off the field when the top water is not draining away anyway? Why no repairs the following day and light rolling? The heavy use of our one decent field demands daily maintenance by the work crews. The problem highlights the shocking lack of facilities for the major summer recreation in town. Finally, it is essential that match reports be completed at the end of each game and immediately passed to your house league commissioner. The commissioner can then maintain the schedules, the standings and pass the reports to Susan Rose for publication each week. This Saturday morning sees the start of our three week, Saturdays, coaching. Al Doherty is talking laws of the game, Stu Robbins the coaching and Courtney Wilde the training films. Assisting with practical are myself Bryan Turner, Colin Wilde, Paul Hullbert, Erwin Wittich, Pete Skelton, Gary Spiller, Lloyd Jones and others. Players invited are Pee Wees, Bantams and Senior girls as well as house league coaches. We hope to make it interesting and fruitful. See you next week, folks.

**OPEN ROYALETES SEASON**

Denny Wright, catching, and Nurm Ward, both of the Legion showed their fastball form to officially open the Legion Royalties schedule last Tuesday.

There were shin pickings at the soccer boot exchange held at Cedarvale Community Centre. Shortly after opening there were only a few pairs of boots offered while the people stood two deep around the tables. Above, Jeff Sargent, 11, who plays right back for Pee Wee all stars, laces up the last pair in size. They fit but his dad remarked he'd grow out of them in two weeks.

The minor soccer schedule got under way at G.D.H.S. on Saturday. The above photograph was taken during a game between the Canadians and Ajax.

## Y.B.C. holds doubles and events tournament

**By Debbie Scarborough**  
For this week here are the results of the double and the special events tournament. Here are the Doubles Champions:  
Pee Wee Boys: Barry McLeau, Andrew Deraclue 1249.  
Pee Wee Girls: Tracy Ball, Dee Dee Haynes 1131.  
Bantam Boys: Todd Dougall, Robert Campel 1307.  
Bantam Girls: Kim Wright, Wendy Colton 1240.  
Junior Boys: Jeff Sargent, Leonard Fisher, 1505.  
Junior Girls: Christine Zilio, Jane Hicks 1294.  
Senior Boys: Bill Nelson, Jim McIntosh 1465.  
Senior Girls: Maree Lowin, Wendy Togerduie 1258.

Bantam Girls: Kim Nelson, Tina Pokluda, Annette Klien 1773.  
Junior Boys: Bill Hay, Bob Golde, Michael Januson 1815.  
Junior Girls: Joanne Richardson, Christine Janish.

Connie Hay 2071  
Senior Boys: Stephen Peggie, David Lake, Colin Hicks 1816.  
Senior Girls: Julie Burns, Cheryl Jackson, Marg McGrath 1941.

Here are the Special Events Tournament winners:  
Pee Wee Boys: Barry McLeau, Edward Doyle, Marc Bassett 1751.  
Pee Wee Girls: Judy Carrol, Tracy Ball, Kerry Shaw 1753.  
Bantam Boys: Brent Oratchuck, Brinley Hole, Anthony Larsen 1843.

## Limehouse has tough ball week

Limehouse baseball teams playing last week took it on the chin as they came up empty in five games.

The Atom Boys went up against Acton and lost 5-2. The Squirrel Girls took the biggest loss going down 41-2. The bantam boys were on the short end of a 7-1 score against Lowville. The Bantam Girls lost 19-6 against Milton and in an exhibition game the Squirrel Boys lost 6-4 to the Norval Pee Wees.

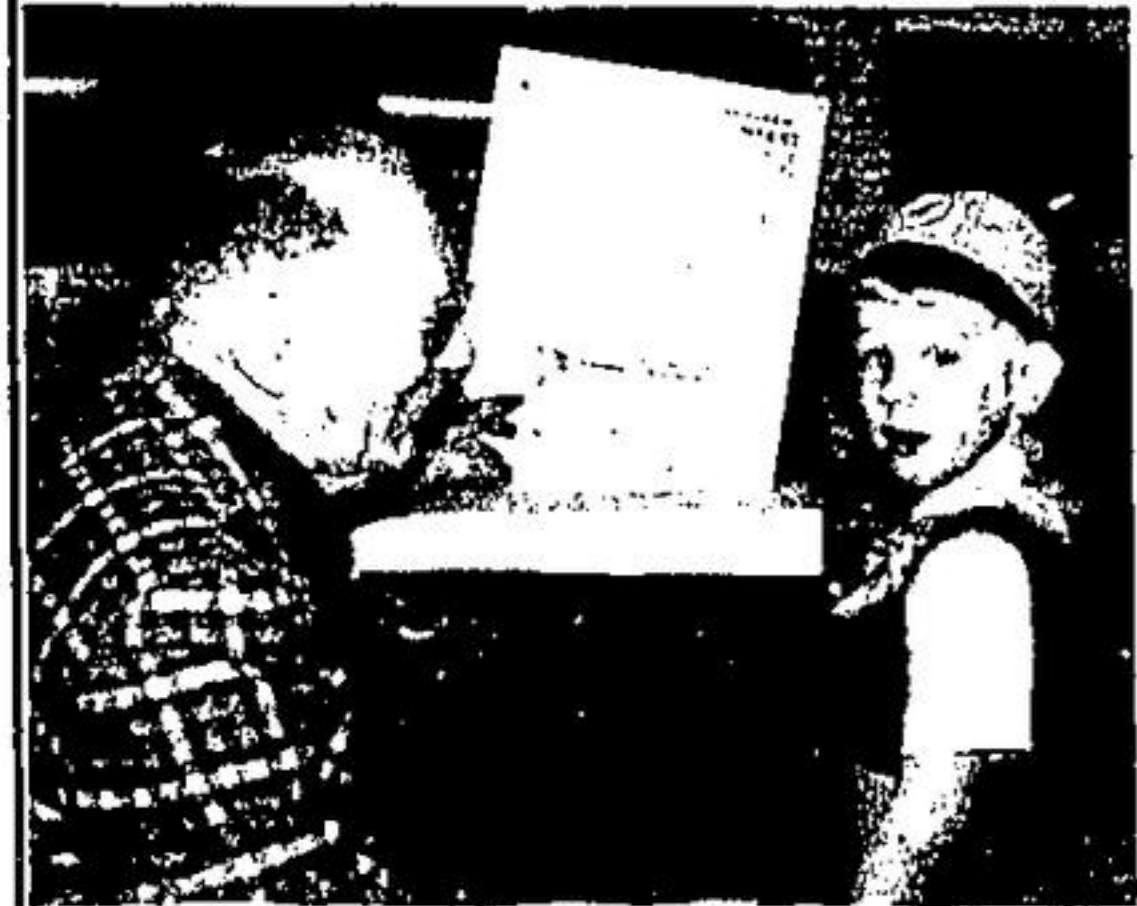

**Quick Snack**  
For a quick, luscious snack, dip fresh pear wedges in warm honey and then into some toasted sesame seeds.

**HELP WANTED**  
**Coaches and Managers for Rep Teams 1978-79 Season**  
Applications to be made in writing to  
P.O. Box 83, Georgetown  
All Monies owing from previous coaches and managers should be taken care of by June 7  
**G.M.H.S.G.**

## Outdoors Ontario

**By R.C. (BOB) OLLIVIER**  
A few people have been fishing Fairy Lake in Acton, and have been taking some good size pike. The season opened on May 13th, just remember that the Bass season is closed and you must not fish for them intentionally and release all that are caught incidentally. Last weekend saw a lot of "fishpersons" out after the elusive Walleye, and such areas as the Moon River were crowded. About twenty people from Georgetown alone were after the famed Moon Giants, and the action was good depending upon your skill and knowledge of the river and its many bays. In preparation for a trip of this nature, the best course to follow is to obtain as much information as possible for the particular section you intend to fish. Some maps are available such as the Canadian topographical maps and these can be ordered at the Book Shop on Main street in Georgetown. Another good aid is the series of hydrograph charts and small boat charts and the "lake maps" put out by the Ontario ministry of natural resources. A seldom used rig for Walleye is the 3-way swivel or drop sinker rig. This comprises of a three way swivel, with the lure 18 to 24 inches behind the swivel and a drop line of

lighter monofilament with a bell sinker or split shot added. If you snag bottom, then all you lose is the sinker and not an expensive lure, and this outfit gets you to the depth you want by the variance of the weight used. Try it next time you fish walleye, it will keep you in the race as we wait for the final two seasons to open, Bass and Muskie. This has got to be one of the best spring seasons for as long as I can remember. The weather has been perfect, not winter and suddenly summer. The birds in the area have been fantastic, and I get phone calls telling me of the many species that have not been seen before around here, or at least rarely. I have noted several myself including a Yellow Warbler and there is an increase in the sightings of Pileated Woodpeckers and the normal winter birds are still around. Dave Hobbs mentioned a flock of Rose Breasted Grosbeaks and Mrs. Fred Wilson of Carole Street pointed out a Scarlet Tanager to me last week. Charter Boats, The Lucky Strike is run by Bob Barr and his Sea Ray means that you can fish in almost any weather. As with all charter boats all tackle is supplied and Bob will trailer his boat anywhere you ask him in. In his words "just tell us where to meet you", although his main areas are the waters of Lake Ontario, Lake Simcoe and Georgian Bay. You can charter the Sea Ray for half days, full days or even weekends, and his "Lunker Lake Trout" trips are the talk of the town. Phone Lucky Strike Charters at (416) 447-0066 or write 1215 York Mills Rd, Suite 5, Don Mills, Ontario. I would appreciate any word on this series of charter boats, and how it has helped you in enjoying the fabulous fishing that is available. A fine book is available for the Rainbow trout - Steelhead fisherman. Catch more Steelhead by Stan Fingerstrom, a legend in his own right with the trout fishing fraternity. The book sells for \$6.95 and autographed copies are available by writing to the author at P.O. Box 27, Silver Lake, Washington, USA 98645. The Steelhead Rainbow Trout is at the top of the list of game fish with a great many people and is well deserved of this title. This book will help you to take a larger percentage of these fish than ever before, and the author, as well as myself advises you to release more as your catch increases. Of course, this goes for any fish and I know that this book, Catch More Steelhead will up your catch beyond your dreams. It covers every aspect of fishing for steelhead and each in detail. Get yourself a copy and see if I am right. Notice I am not mentioning any of the methods or ideas in the book, I feel that you must get the complete story, not part of it to benefit. Get the whole story on anything before you make a decision, or you will finish up like some of the opponents of hunting, all words and nothing to back it up. Got to go, I am heading out to enjoy a few hours in this tremendous spring time in ONTARIO OUTDOORS.
