**Job-finding skills**

The theory that it is much easier to get a job if you have a job is being practised by Sheridan College.

**MEMORIAMS**

**ALCOTT, Lillian** - In loving memory of my dear mother who passed away May 26, 1974. What I would give if I could say, hello mother in the same old way. To hear your voice and see your smile. To sit with you and chat awhile to you who have a mother. Cherish her with care. For you'll never know the heartache. Till you see her vacant chair. Sadly missed and ever remembered by daughter Florence. 21m

**ALCOTT, Lillian** - In loving memory of a dear mother, who passed away May 26, 1974. Though your smile has gone forever. And your hands we cannot touch, you were with us, wherever we go. We loved you much. Sadly missed by daughter Edith and son-in-law Bill. 21m

In loving memory of Mrs. Lillian Alcott who passed away May 26th, 1974. Although your years were sunny and When God called you away, it was the best for you to be. We wish that you could stay but Grandma all those memories will stay right in our hearts. We love you now as we did then. We really did love you. Both Linda, Terry and Tracy. Bob, Elaine, Christine and Robin. 21m

Unemployed persons between the ages of 16 and 24 are being given the opportunity to obtain practical on-the-job training in their chosen career through OCAP - the Ontario Career Action Program sponsored by the Ministry of Colleges and Universities.

To qualify for OCAP, trainees must be finished with school, and must be actively seeking full time work. OCAP matches the person with the training available. The trainees have an opportunity to try out a career while companies in turn find reliable employees whose weekly salaries of \$100 are paid for by the government. Each trainee receives regular performance evaluations.

At the end of the 16-week employment term, trainees have the necessary experience in their career field to go on and find full time employment. Some have been hired on full time by the company where they trained, while others have decided it's not the career they wanted.

Placement for the trainees covers a broad spectrum from business and industry including retailing, computers, production, sales and accounting, to lab work, agriculture and teaching. Their education ranges from less than Grade 10 to Master's degrees. However, the highest percentage of trainees are Grade 12 and 13 graduates.

For further information contact Chiff Vadeau at the Sheridan College-Credit Valley Campus at 379-4531.
