**SAVE \$100**

## One of our Best 40-Channel AM Mobile CBs

A truly outstanding buy! Realistic TRC-424 features Phase-Locked Loop (PLL) synthesizer for precise frequency accuracy. Delta-tune bridge in even off-frequency stations. Dual-conversion receiver with ceramic filter, helps screen out interference. Automatic Modulation Limiting assures maximum modulation. With universal mounting bracket and power cables to use in any 12VDC pos. or neg. ground vehicle or boat. A really Super-Value in CB radio! 21-1522

**SAVE \$80**

## A Great Buy in 40-Channel CB

Realistic Navaho TRC-440 is a feature-packed base transceiver. Has multiple IF filters for superior selectivity and adjacent channel rejection. Full-time ANL cuts noise interference and built-in audio circuitry provides clean sound. Ultra-stable PLL 40-channel synthesizer—no crystals to buy. Lighted channel selector and S/R meter. Buy it now at this super-low price! 21-1540

## Mobile CB Antennas

A 102" Bumper mount fibreglass antenna. Adjustable dual chains and bracket. Chrome-plated shock springs. With all mounting hardware, protective vinyl chain cover, gutter clip and instructions. Less cable. 21-927 ..... 32.95

B Center-Loaded Bumper Mount Antenna has oversize resonators and adjustable tip rod for precise antenna matching. Adjustable dual chains and bracket, protective vinyl chain cover. With mounting hardware less cable and connectors. 21-944 ..... 34.95

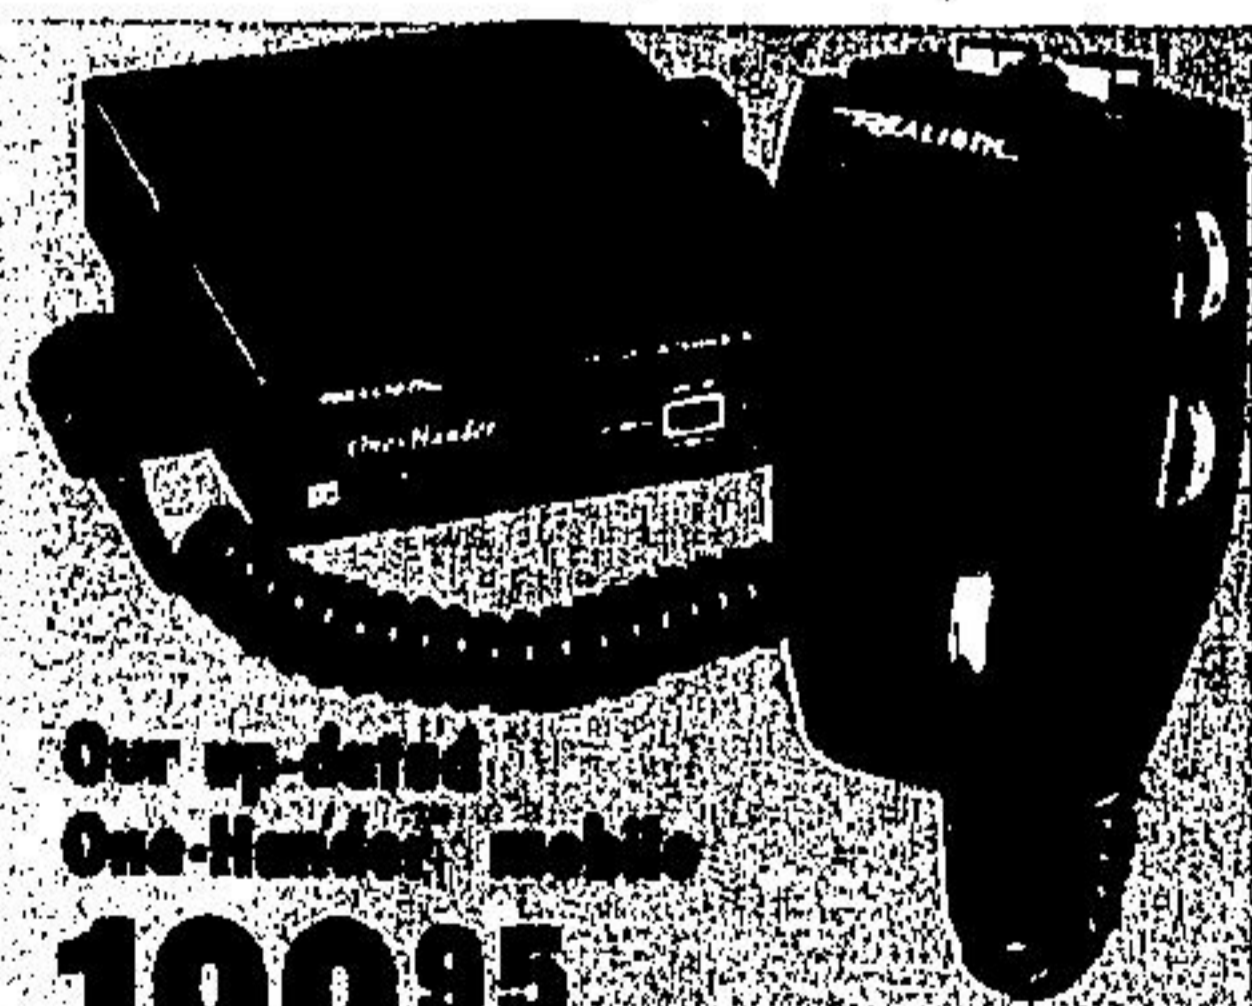

C Retractable CB/FM/AM Archer antenna lowers into fender electrically to prevent theft. Centre-loading coil for finest performance and splitter to isolate AM and FM from CB signals. Adjustable SWR. Extended length 34" with 20' cable and hardware. 21-971 ..... 79.95

D Sleek and sensational antenna, with graphite whip, combining finest features of stainless steel and fibreglass. Remains vertical at high speeds. Instant no-holes mounting on centre or side of trunk lid. With 18' cable and connector. 21-975 ..... 36.95

E Body-mount antenna of stainless steel. Mounts on any flat surface of vehicle. Lug terminal connections. Has 102" stainless steel whip. Shock spring is triple chrome-plated, heavy-gauge steel. Less cable. 21-1094 ..... 22.95

## Introducing... three of our NEW 40 channel CBs!

Our up-dated One-Hander mobile

**199<sup>95</sup>**

Realistic TRC-482 is the latest version of our One-Hander™. Now it has a bright LED channel readout. All controls are on the mike; the transceiver can be mounted out of sight in glove compartment, under dash or seat. Has PLL circuitry for precise frequency accuracy; 5 ceramic filters for superior selectivity and freedom from adjacent channel interference. Full-time ANL and noise blanker. For 12 VDC positive or negative ground system. With mounting bracket, DC cables 21-1522.

Budget Priced 40-channel mobile

**129<sup>95</sup>**

Realistic TRC-421 has Phase Lock Loop circuitry for precise frequency accuracy; monolithic crystals and ceramic filters for superb selectivity and freedom from adjacent channel interference; hysteresis-type squelch that compensates for signal fading; two-stage automatic path control and adjustable ANL. With bright red LED channel readout, modulation indicator, RF output and signal strength meter. For 12 VDC pos. or neg. ground system. Mounting bracket, DC cables 21-1530.

40-Channel base/mobile CB

**169<sup>95</sup>**

Realistic TRC-441 features PLL circuitry for precise frequency accuracy; 2 ceramic filters for superior selectivity and freedom from adjacent channel interference; hysteresis-type squelch circuit that compensates for signal fading; and automatic noise limiter. With bright LED channel readout and modulation indicator. Works on either positive or negative ground 12VDC system. Complete with mounting bracket plus AC and DC power cables. 21-1545
