

# Legion Lines

**By Roma Timpson**  
 Wednesdays look to be the busiest night at our place as this week Men's Industrial Darts will begin in the club-room (Aug. 30) and upstairs the Bingo nights will soon be underway (those that are running the bingo are aiming for a Sept. 13 start) so all of you who have put away your bingo chips you had better hunt them out in the next two weeks.

Our Legion Mixed bowling will begin Sept. 6th and this is for Legion and Auxiliary members and their family.....18 years and over.....Bowlers are needed and you may contact Jean Reid if you are interested (877-2535). Bowling begins at 7 p.m. This is a good league and there is a lot of fun involved so if you have nothing to do Wednesdays from 7-9 make a date to go bowling.

Hita Rudiger has called to say Ladies Industrial Darts will begin on Monday Sept. 11th at 8 p.m. You do not have to be an Auxiliary member to join in this league and again it is another enjoyable evening out with a good bunch of ladies that are a lot of fun. If you want to join on your own or put in a team call Hita at 877-4605 please. Looks like Monday evenings run a close second with darts upstairs and Mens Crib starting downstairs on Sept. 11th.

We welcome a new member to our branch Ethel Murray has transferred to Branch 120 from Noranda, Quebec and I'm sure all members will join with me in hoping Ethel enjoys her membership in our branch and please make her feel at home.

I see on our sick board that Clarence Carter is in Home-wood at present. We hope he will be home soon. Also noticed that Sam Gisy is still in hospital and that Ken McLeod is in Georgetown. Hope you are both improving and will be home soon. Our Auxiliary members that are home now from hospital are Kathy Monk and Maud Norrie. Hope you will take care of yourselves ladies. Marg Hale is in hospital and we hope you will be home very soon Margaret. I'm sure if you get the rest and quiet you need it will be no time at all you'll be feeling 100 per cent. Our regards to Joyce Markham who is still in Brampton and who would enjoy a card, a call or a visit. Time seems to be dragging for Joyce and your thoughtfulness will help a lot to perk her up. To all our sick, shut-in and hospitalized we send our best wishes to you.

Kathy Monk is still looking for clippings, pictures, news of over the past 50 years to complete the Auxiliary Scrapbook. This is to be a permanent recollection of our Auxiliary and it will be put on display for all of us to enjoy. Kathy will pick up your contribution if you cannot get it to her. Kathy wants to have this book completed by our Birthday Supper (Sept. 16th) if possible. Her number is 877-0484. Please help if you can.

September 22nd (Friday) the Branch will be holding an elimination draw. This is a particularly popular evening so don't be disappointed. Tickets (\$12) are available at the bar or ask any branch member. A super meal will be served.

The following week (Thursday) will be the first general meeting and this is generally noted as the Presidents Supper and another popular night. All members are urged to attend so keep Sept. 28 open. Dinner is at 7 p.m. and a list will be put up on the bulletin board to sign very shortly.

Following are the first 8 draws for Car Club Draw No. 17. Are you one of the lucky ones?

**1ST DRAW**  
 495 Jim Wallace, 62 Marg Appleyard, 182 Clare Doyle, 343 Friend Garbutt, 94 Don Hind.

**2ND DRAW**

# UWC brief gets action daily phys ed promised

Haltion elementary schools will be directed by the board of education to provide a minimum of three 30-minute periods of instruction in physical education.

The directive is in response to a brief on physical education from the Georgetown University's Women's Club (UWC) which recommended 30-60 minutes of physical education a day.

The UWC has also recommended that each school should have "quality physical education personnel" either within the school or acting in a consultant capacity, and that the board should undertake a public education program to make the public aware of the value of daily physical exercise.

The executive committee of the board says it is not realistic to expect 30-60 minutes of physical education daily, because it would likely mean the sacrifice of time for other areas of the core curriculum, and the teachers are not sufficiently familiar with the core curriculum to accomplish this goal.

The executive committee pointed out, however, that the core curriculum calls for a minimum of three 30-minute

periods of physical education a week, and in 60 per cent of Haltion's elementary schools, this goal is not being met. E.S. Lavender, the director of education, said the administration will direct the schools to fall in line with this minimum requirement.

The executive committee reported that the recommendation concerning supervision by quality physical

education personnel was desirable, but unrealistic. However, the committee said it hopes the board can meet the spirit of the recommendation.

Bruce Mather, superintendent of program, said it is hoped eventually that Haltion will move toward daily physical education classes, and said that could come in the 1978-80 school year.

# Inmont Presstite expanding

A legal agreement prepared by the town of Haltion Hills has been placed in the hands of officials at Inmont Presstite Ltd., where plans for a 5,000-square foot expansion to the plastic and sealant producing factory are being finalized.

According to the agreement, the town has extended its option to purchase an acre of land adjacent to the Armstrong Avenue, Georgetown, plant where the company wants to move its employee parking lot once the extension encroaches upon an existing lot.

The agreement was initially

drawn up and approved by both the town and the company in September, 1968. Inmont is bound by the revised agreement to commence construction on the extension or on a new facility at the site before September, 1979, and should complete the work before September, 1980. Failure to meet the proposed schedule would empower the town to purchase the vacant lot from the company.

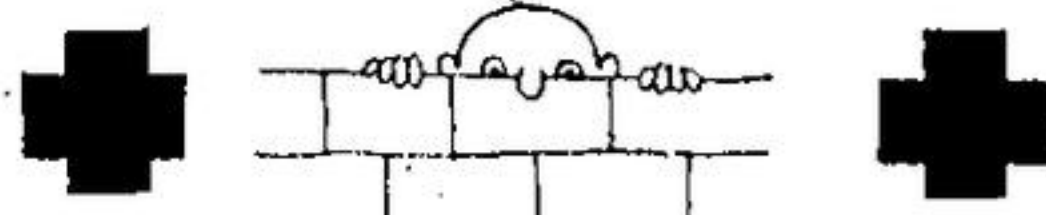

The town will also seek financial reimbursement for any legal fees involved in the preparation and signing of the agreement.
