

### SABRES DEFEATED

The Acton Sabres lost their first exhibition game of the season Saturday night when the London Knights defeated them 7-4. The Diamonds are also a junior "B" team. Sabre goaltender Rob

Bremer made the save on the above play. The game was held at Accott Arena.

## This week in Georgetown soccer

**By ALEX TOUGH**  
First this week is correction corner. The chicken-disco night is Friday, September 22. Leaflets have been handed to all players by now and tickets are available from those listed. At \$6.00 per person for the grub and music this is a good buy.

Second correction is the Ontario Cup, which is this weekend and not in November as I wrote last week.  
Cedarvale is again in the news. At a recent advisory meeting a "final, once and for all," report was made by the rec department. Youth soccer is surprised at this turn of events as the renovations are still not in line. Needless to say the exec do not accept this "last" word and do not intend to let the problems of Cedarvale die. And how come some sports and recreation facilities receive daily attention whilst soccer does not?

Due to lack of accommodation over the holiday weekend it was not possible to bring the Quebec Provincial Bantam team to town last Saturday. However this will not affect the attempt to foster the twin town soccer relationship proposal.  
We are entering the run down to the end of the house leagues and some of the early front runners have faltered a little since the break. The Squirt division is not yet settled and there are three or four teams that still have a good chance.

Shanks, one of the bright young ref prospects in soccer and hockey, is making steady progress towards recovery. He may even manage a winter schedule with good fortune. He has been sadly missed all round.

#### MATCH REPORTS

The holiday weekend saw the Valentina Pee Wees at the International Robbie tournament at Scarborough. We drew Richmond Hill, St. Andrews "A" and Indianapolis. We had a tough opener with Saints and lost by one goal and a garbage goal at that. The Saints, who won 7-0 at Cedarvale, were overwhelmed by our stuffy defense and non stop attacks. After 22 minutes a breakaway of the left and the high bouncing cross was mis-kicked by Kirsty Torswick and the Saint winger scooped the ball over the advancing Lise Gallant in goal.

The Valentina girls returned to the attack and try as we might the goals would not come. At the end we lost 1-0 and also lost Kary Jones from a severely pulled muscle after only 5 minutes for the rest of the tournament. With only 13 players Kary's loss was a big blow. Further knocks were taken by Sylvia Schrader, Carol Johnson and Lori Thorpe and did not help our cause.

The girls gave their all and St. Andrews were fortunate to win. We then met Richmond Hill and lost another two garbage goals to Kin Newcombe's terrific 25 yarder which gave Hill a 2-1 win. Again the Vals were tremendous and never gave up. This game was more physical than the first. Again we had the majority of play

without the luck in front of goal. The Hill and Saints had beaten us and Indy socked by narrow margins and had to play off for the section lead.

true result of the game. Play continued until another penalty against a

John Ellis tackle, which was again struck hard and low past Colin Blight by Ken Chapman.

Kenny, then scored all the rest of the goals, a top class performance. Other top players were Jim Clark, Ian Wilde, George Baines and Ed Patterson.

## Ontario Cup

Cedarvale Park will be a busy place this coming weekend when 10 Ontario Cup soccer semi-final matches are held there.

The action will get underway at 9 a.m. Saturday with a minor mosquito match. There will be four teams in each of the five age divisions, ranging from minor mosquito to minor bantam.

Oakville, a soccer hotbed, will have teams in three of the divisions. Mississauga will be also well represented with three clubs taking part in the tournament. Niagara, St. Andrews and Oshawa will have two clubs each there. The winners from each of the divisions will go onto play in the eastern Canadian finals. If they are successful there they will then continue onto the Canadian championships.

Here is a schedule for the games.

**ALL GAMES AT CEDARVALE**

The south of England match with the Rest of the World began early. This was the first interesting factor in this game. Nearly all the players were on the field 30 minutes before kick off. The game was highly entertaining, full of intelligent play and skill. The opening goal came from Ken Chapman who followed up on a hard drive from Eddie Patterson which was partially blocked at first attempt by Colin Blight in goal and Kenny hammered the ball home. This came five minutes before the half. In the second the south came to the fore and went into a 4-1 lead. A superb John Ellis run and low shot into the corner of the net, two typical Stu Robbins efforts with Lloyd Jones stranded off his line, and a first time volley blasted home by Gary Spiller gave the south a well deserved lead. Then the rest came back with possession soccer and Ken Chapman put them back in the game on a penalty against Courtney Warner for hands. A snap shot from the edge of the area by Kenny snuck through Colin Blight, partially blinded on the play and it was 4-3. This was the

## Ontario Outdoors

By R.C. (BOB) OLLIVIER

FALL is more than cooler weather, it heralds the closing of the various fishing seasons. The earliest is Lanark and Frontenac areas for Lake Trout and Splake on September 8, and the regular trout season here on September 30th.

Generally the Bass season closes on November 30 along with some Muskie, and an eye on the regulations is recommended for complete details. I have said it many times and it bears repeating, a Fisherman should never be without a copy of the summary of the fishing regulations provided by the M.N.R.

With all the Fall Fairs around, there is sure to be something for the outdoorsman, and Black Creek Pioneer Village often provides that extra.

More than that place though is Cold Creek Conservation Area between Bolton and Nobleton along the King Side Road. The various programs provide auctions, demonstrations and lots of family fun.

Sunday, September 10, 11 am to 3 pm the Upper Canada Rifles will provide black powder action along with Hand Gun drill work. The Credit Valley Conservation Authority fall schedule is Belfountain open till Thanksgiving, Meadowdale closes Sept. 5, Monora closed Sept. 5, Orangeville closes Thanksgiving, Terra Cotta also closes on Sept. 5 with the exception of weekend camping till the 16th.

Even though the areas are closed, everyone is welcome to park outside and walk the trails etc. **SPORTSMANS WATERFOWL DAY** is on again at Darlington Provincial Park near Oshawa. The date is September 10 from 9 am to 5 pm and the list of activities is long.

Next to the Canadian National Sportsmens Show this has got to be the sportsmans highlight of the year. Decoy competition, bullfrog races, target shooting for kids, a hip boat race and trap shooting, along with dogs, displays and even an auction.

South of the 401, just east of Oshawa and check out the Beef-on-a-Bun and the Georgian Bay Chowder. Much care should be taken when planning your hunting trip for deer this year. Changes to the deer and moose seasons have been numerous and confusing and I have a fairly good list that is too long to include here the best bet is to check with the Ministry of Natural Resources if in doubt. The waterfowl seasons are almost identical to last year.

**WINCHESTER** has added two new scopes to their famous **WEAVER** line. These are the 20 and 25 power models of the "T" model line and now gives a complete line of target scopes for all types of hunters. Winchester also has new firearms and ammunition with a large share of the interest going to the Mod. 94 Big Bore .375 Winchester. The "ANTLERED GAME" Model 94 is a beautiful piece of workmanship and is a versatile sporting arm.

For the shotgunner, check out the new Model 23 Pigeon Grade XTR shotgun, it may just be love at first "sight".

**SALMON**, they are now at the river mouths in good numbers, with **BRONTE** of course being the hottest just now, with the Credit coming on strong. Fish are being taken on spawn bage and shore type lures and the small boats are getting in on the action with out going too far out into the lake.

Even at this range, a close and regular eye on the weather is important. Surface action of huge fish does not mean they are hitting, they just seem to "play" on the surface, and these fish seldom if ever take a lure, just don't waste your time on them.

Get down to where the water is more comfortable to the fish and try to anger them into striking. Don't forget, as the fish head up the rivers, the flesh immediately starts to deteriorate and each one should be checked for edibility. Next week, news of the **SPLAKE** program and current salmon news in **ONTARIO OUTDOORS**.

## Results from girls soccer league

**OLYMPIANS 2 BLUE BOMBERS 0**  
This was a really good game, cut short due to darkness, and played on a wet field, part of the time in rain.  
Both teams played good soccer but the Olympians goal

keeper Sherry Vanour Shuis and her defense, especially Dianne Wilson and assisted by half-back Angela Grey just wouldn't let a goal through, even though the Blue Bombers kept trying. Sarah Belshaw played very well for the Bom-

bers with a number of shots on net. Erin McIntyre looked very good, as did Rhonda Merrill.  
**DEBUTANTES 0 BLUE BOMBERS 5**  
A hard fought game with the Blue Bombers dominating the play. Sarah Belshaw excelled on the forward line giving the Bombers 4 of the 5 goals, the 5th being scored by Dianne Stone.

The Debutantes, playing short-handed, had a tough night. Both teams most certainly have promising players, and they displayed a lot of good

kicking and ball control throughout the game.  
**RED BARONS 0 SUPERGIRLS 2**  
A disappointing game for the Barons who were terribly short-handed against the full strength of the Supergirls. Jane Taylor, backbone of the Barons played well on defense as did back-up goalie Debbie DeVries. Supergirls definitely dominated play throughout the game and the Barons had a tough time getting the ball out of their end. Good team work was displayed by both teams.

## DRG in final

DRG Stationery, behind the strong pitching of Dennis Doucette, advanced to the baseball house League Tyke final by taking the Canadian Legion in two straight games.

In the first game Doucette pitched a shutout as DRG won 20-0.  
Barry Yerxa was the big gun with the bat in the first game as he slapped out two triples. Todd Dougall and Wayne Mc-Niven also had triples. Doucette and Scott Hamilton contributed to the attack by each

hitting a double.  
Doucette was on the mound again for the second game won 14-2 by DRG.  
Doucette was literally a one-man gang in this game as aside from pitching an outstanding ball game he also had a home run and a double. Yerxa also had a double.

In the final game for the championship DRG will face Dairy Queen. Both teams have very strong pitching. The game will be played September 10 at the fairgrounds.

## Peterborough wins

Continued From Page 17 and had a 8-4 lead. Peterborough came roaring back and before the middle frame was over they had tied the scorer at eight.

Victoria led 11-10 late in the third period, but Peterborough scored twice to steal the game and take the lead in the series.  
Lyons said the difference in the game was Tom Parnell who scored four goals for the winners. Paul Evans had two including the winner.  
"It should be a great series before it is over," Lyons said. "They had 3,000 in the arena

for the first game and the place will be packed for the later games".  
Lyons said Webster played a solid game on the defense and his son also had a good game. "There both good, fast teams," Lyons said. "There was a little rough stuff, but it was pretty clean".  
Lyons figures both teams will improve as the series wears on. "It is the first time many of the Victoria players have competed for the Mann Cup so they were pretty nervous," he said. "Both teams will improve".
