Sunday School resumed on Sept. 10 after summer holidays.

The W.I. met Thur, in Erln where ten of us were taken on a tour of Kennedy's Specialty Manufacturing, where we saw Canadian Provincial and for-

eign flags being cut and sewn from nylon, as well as chairs and implement covers, awnings, and some hospital supplies made. Workers worked very quickly but accurately at their large powerful machines. Arranged by Mrs. Ellerby we found what we saw

quite interesting. Mrs. Booth presided for the meeting afterwards at the home of Mrs. Ellerby, opening with "An Ancient Prayer and the Collect. Names were mentioned as possible delegates to the Area Convention Oct. 30 and 31 and one to act on the nominating committee for the County executive.

Roll Call was answered by the ten attending "Describe a foreign or Provincial Flag". Reports were heard from convenors and from those who had acted as hostesses on designated days at the Museum. Mrs.

Ellerby explained the motto "A mind stretched by a new idea never returns to its former dimensions", using examples such as a baby who took his first steps never wants to creep again. All important things begin with an idea. The W.I. was an idea started at Stoney Creek and it spread throughout the world. Mrs. Kirkwood as delegate to the Officers Conference last June view now stands at 327 stugave a splendid report of her experiences there. Mrs. Booth showed a sample W.I. plate and a number were ordered, Mrs. Hannah and Mrs. Mould-
