

There are always a lot of activities during the fall season in the Ontario outdoors. Bob Ollivier took this photograph during a very busy auction at Black Creek Pioneer Village.

Ontario Outdoors

By R.C. (BOB) OLLIVIER
FALL IS THE HOTTEST.

For fishing that is, and it is a well-documented fact that the many species of game fish that are available to us here in Ontario get themselves ready for the winter by feeding heavily, and we can cash in on this.

Brook Trout are HOT from now until the end of the season (Sept. 30 here) and are willing to hit most anything that looks like food. Those areas that have been devoid of fish all summer will now have trout in them when it is cool or overcast, and some of the biggest fish of the year are taken now. The same applies to pike and muskies, small and large mouth blackbass, in fact some fishermen don't start fishing until the fall months.

Everyone following the SALMON program knows that the fall salmon are bigger than the spring salmon, although this is mainly due to the fact that they are only available to the shore fishermen in the fall months.

The spring does provide some offshore fishing, but the river fishing is only in the time slot of late August and more properly the second week of September on. The salmon will soon start to ascend the rivers with the spawning urge brought on by cooler waters, and head to their deaths. Remember to treat the rivers as you would someone's living room. Some areas you may fish, others you cannot.

Always leave the area cleaner than you found it. A great many COHO and CHINOOK salmon are caught each year by shore fishermen and thousands of persons fish the rivers. This compounds the problems as not everyone is a sportsman, and the excitement draws many who will not fish the rest of the year. SNAGGING is still illegal and any snagged fish, accidentally or otherwise MUST be released.

Also remember the trout season closes Sept. 30, so handle these fish with care and release. If you use the gill area as a handle that fish will die, even from minor damage to the sensitive gill rakers.

The Canadian National Sportsman's Show gets bigger and better each year. One of these, DOCKSIDE, Canada's largest floating boat show, will be held Sept. 14 to 17 at Lakeside Lakeshore Blvd. in Toronto. The actual location is the entrance to Ontario Place and the many boats will range from the smallest to the world's largest. Interest can be measured by the 20,000 visitors that usually see the show each year. This is probably the place to learn of the boat charter, available for cruises in the Caribbean and Virgin Islands. These boats are Canadian owned and are moored in the south, all you have to do is get there for a boating vacation in the sun country.

The Ontario Federation of Angler and Hunters, in conjunction with the Ministry of Natural Resources, is holding a Goose Hunting seminar. This will be October 15, 1978 at 12:30 p.m. to 5 p.m. at Puslinch Resource Management Area, Hwy. 24 south of the 401 Highway with free admission to members and \$2 to non-members. Speakers and demonstrations will be featured with the opportunity of learning about goose biology, blinds, decoy spreads etc. With the Goose population in Ontario at an all time high, the opportunities for goose hunting this fall are excellent. A special map will be needed to hunt the Cornwall area this year, as the Lake St. Francis and St. Lawrence River area is still under dispute between the Ontario and Quebec governments, over who owns what. In other words, an old fashioned border dispute.

Also deer and moose areas changes so drastically that you need to check each zone carefully before hunting. Sportsman's Waterfowl Day held at Darlington Provincial Park last Sunday proved to be a good day. The rain we had here was not at all evident at Darlington. Pat Godin was the grand champion. A full report on the action in next week's Ontario Outdoors.

The best time of year for the sportsman, so don't spoil it for yourselves by leaving litter around the countryside. After all it is much like someone's living room, and you are a guest in ONTARIO OUTDOORS.

This week in Georgetown soccer

By ALEX TOUGH
The Ontario semi-finals have come and gone in a weekend of contrasting weather. A beautiful sunny Saturday. With the field in good condition all day saw six matches.

The first three games went into overtime, one stretching to penalty kicks and the day ended slightly after 8 p.m.

Sunday opened well and within the hour torrential rain brought a temporary halt to proceedings on two occasions. However the field remained in reasonable condition. An interesting factor is that only Oshawa of all double or triple entries had two winners.

Another was the number of missed penalty shots, eight on Saturday and five on Sunday. A coach would do well to make this part of his coaching programme. In one game alone six penalties were missed. The Ontario finals take place in Burlington on Sat. 23. On the same day the girls Halton Cup Finals are to be held in Georgetown, whether or not our girls reach that stage.

This is a tribute to the facilities at Cedarvale, the co-operation of senior and youth soccer, Mrs. Fields caretaker, and the town authorities. We were continually complimented throughout both

days on the facilities. Dave and "super mom" Kentner did a super job on the refreshments.

The only other local involvement was Bryan Turner's cap and son Steve's shin pads, which took part on opposite sides in the first game.

Erindale College are starting soccer. Why that should interest us is due to Sheila Raftery, a player and coach of several years standing. Sheila is to attempt to organize coach and referee male and female, soccer at the college. Sheila has also been cleared to play for the senior girls house league Strikers at a special exec hearing on Saturday.

We have to give serious thought to our soccer set up for '79. Whilst I believe we have had a good year there have still been some problems. Referees shortage, and an application has been made to O.Y.S.A. to run an official course in April to refresh existing refs and obtain new qualifiers.

Coaching schools for players are needed and the attempt earlier this year was not too successful. Coaching schools for coaches and managers are also a necessity.

There is a move afoot to allow only qualified coaches at inter district levels. Girls soccer needs closely looked at for improvement in coaching, facilities and increases in numbers. On the rep side the question arises of who is to coach and manage and in which age groups. We are definitely losing some of this years coaches.

At the same time some of our teams are not entirely competitive nor reliable in turning out. There also is the question of where do we play competitively at some Peel boys league coaches are unhappy with Halton clubs. We expect an increase in girls rep applications in '79. The girls and boys house leagues may be expanded to include Milton, Acton and Pineview.

The coming general meeting in October-November should prove to be interesting. We also anticipate an increase in senior soccer teams, which will place a greater strain on our already heavily strained fields.

Returning to two thoughts for a moment. Registration of referees now requires \$5.00, and photograph, perhaps this

should be a club responsibility. Perhaps we should consider payment to refs for matches performed. Certainly some of the lads are worthy officials and would be used in Ontario cups and senior matches if officially registered. Think on that one.

The other thought is rep soccer. Maybe we should be thinking of grade clubs similarly to hockey, A, AA, AAA, etc. Of course 1st, 2nd and 3rd divisions have a similar grading, although by result rather than district or size.

It seems to me that the trophy winners do have a distinct advantage in choice of players for Rep XIa. Consider Brampton's 225,000 population against Georgetown's 20,000 or so for example. Our minor peewees this year were chosen from 68 players, the total registration for 1978. Speaks for itself. However, they are still one of the top teams in their division. The house league 1977 winners are requested to return the team trophies to their league commissioner. This year's winner and runner-up presentation will be made at the same time as the cup presentations on Saturday, 30 September, cup final day (or Sunday, 1st October, if weather beats us on Saturday).

House league winners and runners up are: Squirrels - T Birds and Bombers. Atom - Dynamites and Turbos. Mosquito - Ajax and Spartans. (to be confirmed) Pee Wee - Rebels and Bombers. Bantams - Metros and Barracudas.

Junior Girls - Olympians and Blue Bombers. Senior Girls - Pineview Flyers and Super Girls.

It was tough keeping one's footing during Ontario Cup action at Cedarvale Sunday. It rained hard throughout the day. In the above photograph it is St. Francis against Wexford. St. Francis won the game in penalty shots after there was no scoring in 60 minutes of play.

The goaltender for Wexford makes a save during Ontario Cup action. He was just one of many provincial all stars in the semi-finals.

Bantams finish in fifth

The McLaughlin soccer bantams assured themselves of a fifth place showing by defeating Erin Mills 2-1 last week. The team also lost to Streetsville 5-0 in their final game at Cedarvale on Saturday 5-0.

Georgetown deserved to win by a wider margin against Erin Mills, but they missed on many good scoring opportunities.

Steve Robbins opened the scoring for Georgetown with what proved to be the only goal of the first half.

The Georgetown players slackened off early in the second half and Erin Mills tied the score at one. Goaltender Mark Sawden made some excellent saves during this period of time.

Late in the second half Phil Milne scored the winning goal for Georgetown. The team now awaits the beginning of the playoffs.

SQUIRT DIVISION FINAL STANDINGS				
	W	L	T	P.TS

The McArthur Pee Wees take two big wins victories

Since the last report on the McArthur Catering Pee Wees the team has played extremely well and in each game the referee and the opposing coach has commented favourably on the skill and behaviour of the team.

During the period the team played three games and all three resulted in victories for the local team. In the first game against Mississauga West the score ended at 6-0 with Gary Hulbert leading the way with three goals, Scott

contributed to the improved results. The Pee Wees have now played 15 games and are exactly at 500 with 7 wins, 7 losses and 1 tie for 15 points. Of the seven losses, five occurred in the first half of the season against first division teams but importantly the team was competitive in every loss.

There is one game remaining in league play against Brampton which are destined to finish in first place in the second

division. Georgetown has wrapped up second place and with a victory over Brampton will end up only a single point out of first. Georgetown has a good goal for and against record with 31 for and 23 against which is indicative of the closeness of the games lost. The leading scorers are Hulbert with 9, McArthur 8, Clark 5 and Oram 4.

Altogether it has been a successful season in a new

league and the team is looking forward to the play-offs.

Murray adding two and Eric Clark with one. The following game against Clarkson was almost a repeat of the first game with the McArthurs winning 6-1 on three goals from Hulbert, two from Kevin McArthur and a single from Fred Kendrick. The most recent game was a 2-0 win over Mississauga South and the leader in this game was Tommy O'Brien who scored both goals.

Since the start of the second half of the season the team has been able to field its best players for the first time. The return of players from holidays, certain positional changes and the addition of Paul Dykshoorn in goal have all

GEORGETOWN FIGURE SKATING CLUB
1978-79 REGISTRATION
New Registrations Will Be Accepted
On The Following Date:
SATURDAY SEPTEMBER 16
GORDON ALCOTT MEMORIAL ARENA
9 a.m. - 1 p.m.
