Suspended Ceiling System

... a versatile way to solve problems

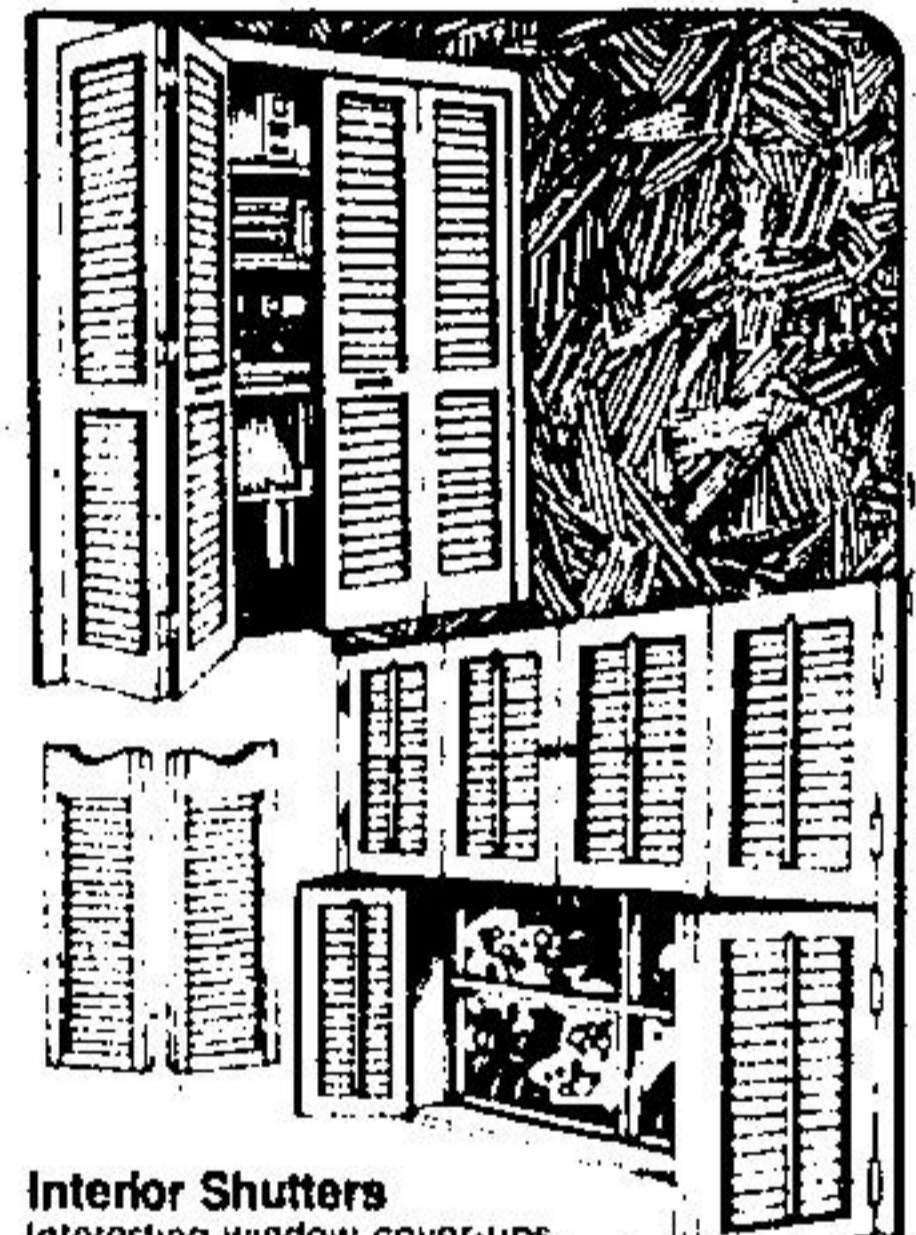

With unexpected ease, a suspended ceiling can beautify your basement rec room by effectively hiding wiring, plumbing and other protrusions. Yet, these utilities will remain accessible for inspection or repair. This is also the ideal method of lowering high ceilings. Built-in lighting and sound conditioning are further examples of suspended ceiling versatility. White enamel framing components lock together quickly and securely. 2' x 4' panels then lay in the completed grid opening.

Interior Shutters

Interesting window cover-ups.

There's nothing quite as charming as windows framed with shutters. Ideal for that stylish country look, equally suitable for shading a room that's too bright. Shutters give a room a charming finished look. Easy to put up, and even easier to paint or stain.
