By R.C. (BOB) OLLIVIER  
**PERSONALITIES: BILL HUNTLEY**, considered the dean of the American fishing tackle industry, is being retained by the Blue Fox Tackle Co. His position will be lure designer and at 85 years of age he has a lot of experience, having designed such famous lures as the PIXEE and TOR-P-DO spoons, the BIG FLASII, and many others.

Huntley is a jewelry designer by trade and has put his skills of fashioning, polishing and finishing of fine metals to good use in the design and manufacture of fishing lures. Bill Huntley designed the PIXEE spoon that I wrote about in this column recently.

Bill Huntley

**RUDOLF KOPPE** was a recent guest on my T.V. program, ONTARIO OUTDOORS. Mr. Koppe is the president of RUKO OF CANADA LTD. and is a very interesting personality. His knowledge of the Ruko Line is excellent and along with the General Manager Bob Kolari, kept up a running commentary on the outdoors.

Jerome KNAR is an outdoors writer with Out Of Doors magazine, The Spectator in Hamilton, and Field and Stream magazine, and was with us demonstrating some of the fine guns handled by RUKO, such as the Barretta shot gun, he used on a safari in Africa. Watch Cable 4 every Wednesday at 6 p.m. and see these programs. They are always of great interest and you are invited as a guest if you have anything of interest for other sportsmen.

**NEW PRODUCTS:** More in the series of new products on the market. To be released on NOVEMBER 15, 1978 is the greatest innovation since the invention of the open face spinning reel, the RYOBI 3000. This reel is the finest spinning reel I personally have ever seen. Some of the features are, no line twist when a fish is pulling on the drag.

When a fish pulls against the drag, the BALL, TURNS INSTEAD OF THE SPOOL, THUS TAKING OFF the same way it was put on and you may still reel in and no twist.

The 3000 has a skirted spool and adjustable tripping power on the bail. But probably the greatest feature of the reel is the drag itself; it is located on the HANDLE. In this position the drag may be adjusted without taking your hand off the reel or the rod. It is adjusted by the thumb on the reel hand. INSTANT CONTROL.

The Potru boys are at it again. They stopped by my place on the weekend with a fine Chinook of about 18 pounds that measured 38 inches long. Once again his fish was caught on an ALLIGATOR SPOON below NORVAL.

The salmon fishing is just getting under way here and will remain until the end of November with a few caught after that.

However, I never eat any of these fish after the end of October, unless they are in fine shape which I doubt they will be. Just remember that the Salmon run upriver to spawn and die. As they enter the river system, they start to deteriorate, and the sooner they are caught in the full better they will be to eat. Check each one carefully before deciding to keep, and let some go to spawn. There is a possibility that some of the spawn will reproduce.

DO NOT HARM or handle the RAINBOW TROUT that are in the river. They too are here to spawn, and will provide a better fishery than the salmon, and are very susceptible to handling. Leave them in the water and remove the hook carefully or cut the line.

After all the thrill of the fight is worth the cost of a lure, and will show you to be a true sportsman.

Lots of places to hunt, if you will take the time to ask permission. And then there are always the Wildlife Management Area. These are managed by the Ministry of Natural Resources and the local Conservation Authorities with the consent of the land owner in some cases. The hunting is often very good and some stocking is going on in these areas.

Get a copy of the booklet WILDLIFE MANAGEMENT AREAS IN ONTARIO from the ministry or call me at 877-0173 or 877-9290 as I have a few copies available. Good luck and let me know how you do while out in ONTARIO OUTDOORS.

**Golfers end their season**

The ladies of North Halton played their final round of golf on Tues. October 10 under warm, sunny skies.

After a delicious roast beef dinner this year's champions were congratulated and given their prizes.

"A" flight champion was Marge Richardson with Vi Clapp the runner up.

"B" flight was won by Mary Jo Plouff with Marilyn Worrall the runner up.

"C" flight was won by Vi

general manager Tom Barrett said. "We have to be up against every team we face".

With 5:12 gone in the first frame Shawn Doherty opened the scoring for the Derbys on a delayed Gem penalty. He and Steve Blair went in on a two-on-one break and made no mistakes.

With 8:28 left to be played in the period Larry Melton tied the score for the Gems when he took a John Barnes pass and broke in alone on Derby goalkeeper Jim Lockhurst. The little forward made no mistakes as he tucked the puck between the netminder's legs. Lance Doucette, who started the play with a pass to Barnes, also deserved an assist on the goal.

After Melton scored Lockhurst threw a tantrum. The goal broke a nine-period shutout streak for him.

Lockhurst was a steal for the Derbys this year as he is an average junior. Last year, with Kingston, he was one of the top goalenders in Major Junior "A" and was drafted by the St. Louis Blues. He is also a nephew of the Gems' own Norm Lockhurst, as previously mentioned subbed for Ron Dixon against the Derbys.

The real story in that first period was at the other end of the rink where Steve Garry was guarding the net for the Gems.

The rookie netminder was super as he allowed just the one goal although he faced 21 shots. Most of the Derbys shots came from close range.

The Derby's Steve Blair scored the only goal of the second period as Garry was again very tough. Garry faced 17 shots as compared to just three fired at Lockhurst.

The visitors broke the game wide open when Doherty scored his second goal of the game at the seven minute mark of

with soccer was praised to the extent that 78 was better than 79 years, which would not have been hard to beat, and there is still a long way to go.

**MEMORIALS**

**BIENN—**Friends may wish to share with her family, happy memories of Mary (Feller) Bienn who passed away October 30, 1978. 43m

**BUTLER—**In loving memory of a dear brother Donald Patrick Butler who passed away October 29, 1978. Two years today our brother was called. To his eternal rest: In a place where the angels sing so sweet, And taken when God knew best, We miss him here so very much, His presence oft seems nigh. But we all hope in heaven to meet Where no one says Goodbye. Sadly missed and always remembered by sister Kay and Johnny and Kenny. 43m

**BUTLER—**In loving memory of my dear son Donald Patrick Butler who passed away October 29, 1978. God called him home, it was his will. But in our hearts we love him still: His memory is as dear today As in the hour he passed away. We often sit and think of him, When we are all alone. For memory is the only thing That grief can call its own. Sadly missed and always remembered by Mom and family. 43c
