

...just can't wait for Christmas!"

Radio Shack has many wonderful ways to say "Merry Christmas"

A CASSETTE STEREO AM/FM RECORD/PLAY SYSTEM. Modulaire™-959. Make professional sounding recordings! Tape from the AM/FM radio, from external sources or "live", using the stereo microphone jacks. Use the "Sing-Along" feature and record your voice over background music! Add two extra speakers for a thrilling theatre-type sound! You can add a record changer at any time — there's an aux input. Speaker cabinets measure 13-1/8 x 8-3/4 x 4-1/2". 14-652

B CASSETTE STEREO AM/FM RECORD/PLAY SYSTEM. Realistic Modulette-949. The cassette player/recorder has mike inputs for making "live" recordings and with the "Sing-Along" feature you can even record your own voice over background music. Quatravox™ lets you add 2 more speakers for thrilling surround-sound. Add a changer at any time — there's an aux input. Speaker cabinets measure 10 x 8-1/4 x 5". 14-651

C AM/FM STEREO MUSIC SYSTEM. Enjoy the luxury of vibrant stereo at a budget price! Realistic Modulette™ includes sensitive tuner & 2 stereo speakers. Has inputs for adding a ceramic-cartridge phono & tape deck. Quatravox™ lets you add 2 extra speakers for a 4-channel effect. 1/4" Headphone jack. A compact system — speaker cabinets measure 10-3/8 x 8-1/4 x 5". 12-1401

D AM/FM STEREO & 8-TRACK TAPE PLAYER. Modulette™-8. Enjoy AM, FM, FM stereo radio or your favourite 8-track tapes. Twin 10" high speakers will separate up to 10' for a spacious stereo sound. Quatravox™ lets you add 2 more speakers for a 4-channel effect. Has input for a ceramic-cartridge phono & a headphone jack. 12-1402

E Durable and designed to lead an active life — but young and lighthearted in styling! For fun at home or at parties! The smartly-styled red case has lift-up carry handle and the AC line cord tucks into the battery compartment. Upright, front-loading recorder features sensitive, built-in condenser mike, Auto-Stop & Auto-Level. Jacks for aux., earphone, remote, mike & DC adapter. Will also operate on 4 "C" batteries (not included). 14-842

F A fun gift! The novelty AM radio, with 5-transistor circuit, is designed for reliability and performance. But it's also a great conversation piece, because it's styled after our famous Radio Shack "D" cell "flashlight" battery. Comes complete with 9V battery & earphone. Priced and timed just right for Christmas giving! 12-466

G AM/FM DIGITRON DIGITAL CLOCK RADIO. Chronomatic-209. Sleep button lets you fall asleep to a timed "serenade". Press the snooze button and enjoy a "catnap" after waking. Features Hi/Lo dimmer switch & AM & FM indicators. Radio has 3-1/2" speaker for rich sound. AFC prevents FM drift. Earphone jack. 12-1514

H DELUXE AM/FM STEREO LED DIGITAL CLOCK RADIO. Chronomatic™-207 lets you fall asleep to beautiful FM music — then shuts off automatically up to one hour. At the precise time you choose, it wakes you to AM/FM, FM stereo radio or a buzzer alarm. Push the snooze button for a few minutes extra rest after waking. Clock has fast/slow time set buttons and High/Low LED dimmer switch. Radio has twin 3" stereo speakers. AFC prevents FM drift and ceramic filters on AM & FM cut background noise. 1/4" stereo headphone jack. For someone special, it makes a very thoughtful gift! 12-1512

I COMPACT AM/FM DIGITAL CLOCK RADIO. Chronomatic™-116 — its simple, classic styling will enhance the decor of a bedroom! Wake up to AM radio, great-sounding FM radio or the buzzer alarm. The large, illuminated flip-type digits are easy to read day or night. Set the sleep switch, the radio will play up to three hours — then shut off automatically. Press the snooze bar and catch a few extra winks in the morning. Earphone jack for private listening. 12-1510

J AM/FM LED DIGITAL CLOCK RADIO. Chronomatic™-211 has the features of an expensive digital in a compact and very affordable package! The clock wakes you to 24-hour radio or buzzer alarm. Features sleep control and snooze button and there's fast and slow time-set. Radio has a 3" speaker, lighted dial and AFC to prevent FM drift. Earphone jack. 12-1516

K FUTURISTIC AM/FM DIGITAL CLOCK RADIO. Chronomatic™-206. The uniquely-styled white case and tinted oval dial cover will enhance the decor of any room setting! Sleep switch lets you fall asleep to music — then shuts off automatically up to 1 hour. 24-hour alarm setting wakes you to AM or FM radio, or buzzer. Snooze bar lets you have a short nap after waking. High/low LED dimmer switch. AFC and a ceramic filter on FM. Earphone jack. 12-1511

L STEREO 8-TRACK RECORD/PLAY TAPE DECK. Realistic TR-802 has professional features for superb recording! Dolby™ dramatically reduces "hiss" — play the "quiet" passages without noise. It's switchable for standard recordings. Tape via the "AUX" input or make "live" recordings, using the mike inputs. There's a digital timer, lighted VU meters, Auto-Stop, level controls and a Pause Button to let you edit as you record. A rear panel control lets you match the output level to your receiver or amplifier. 14-928
