Are you NEW TO TOWN, or have you just moved into a new home?????
Hi Neighbour
WELCOME SERVICE
Would like to call on you with "HOUSEWARMING GIFTS" and information about Georgetown.
For this information and Housewarming gifts, call Joan Gillespie at:
877-4812

Without knowing it, you could be a turn-off.

Do you always take a bath, instead of a shower which uses less power?

Do you fill a kettle full to make a single cup? Turn on the washing machine for just a few things?

Leave the TV on when no one's watching?

And do you often forget to turn off the porch light even though everyone's home in bed?

Any of these thoughtless little habits can make you a turn-off. Because waste of electricity, like anything that everybody really needs, can turn people off.

Wouldn't you rather turn off a light bulb than turn off a friend? Think about how you use electricity.

Wasting electricity turns people off.

This message is brought to you by your Hydro on behalf of people who care
