ACTON **HONORS** DILLS **FAMILY**

Dave and Jim Dills were presented with pictures of the. original Acton Free Press Building and the Milton Champion building during a special evening in the Acton Legion Saturday in honour of the Dills family which operated their north Hiton newspaper chain for half a century. Their father, Arloff Dills, apprenticed to Acton Free Press owner H.P. Moore in 1909 and took over the paper from him in 1927. In 1943 he acquired the Milton Champion and in 1973 the Independent was opened in Georgetown, Sons Dave and Jim took over in 1954 and operated the chain until it was sold to Inland Publishing Co. in the fall.

Common sense takes backslide'

GERRY LANDSBOROUGH Herald columnist

You tell me - Have I got it straight? Here we are smack dab in the so called age of enlightenment. Scientific technology is a part of every day living - complicated computers that can do what a man would take hours in a split second more knowledge than at any other time in the history of the world - all of this yet we seem to be going backward at an unbeliveable pace. We don't think, it's no longer fashionable. The trend is to accept whatever opinion is trendy and take it to your breast as your very own. The mayor of Toronto does it the head of the Toronto Board of Education does it - the O.P.P. does it - the Metro Police Force

tried it . . . curlous, well let me elaborate. Common sense has taken the biggest backslide since P.T. Barnum came out with "there's a sucker born every minute and two to take em." People today blindly accept someone elses opinion without ever thinking it

does it - W.H. Smith bookstores

NOTSPEAKING

Let us start with perversion . . Webster's dictionary defines perverse as - "turning away from what is right and or good." I'm not speaking of the so called "sexual preference" but of what is perverted. Toronto Board of Education trustee Barry Tulip pleaded guilty to performing an indecent act in a public washroom. This was not the first time he was charged. Now common sense dictates that if any man or woman was known to have sexual relations in a public washroom with one another they would be considered to be of very loose and undesirable moral fibre - recently an Middle East Princess was reported to have done the same thing and she was supposedly tossed out of her country.

If two males choose to conduct any type of sexual relation that could be termed "gross indeceency" by the police department

VIEWPOINT

what else could you call it but perversion. People of any moral fibre whatsoever do not have sexual relations in a public washroom. However not according to the Toronto Board of Education, a person given to perversion would be termed a pervert but according to Fiona Nelson, because Mr. Tulip made a clean breast of it to the board, his conduct is no reason for

dismissal. Fiona Nelson as Chairman of the Board was even more specific when she stated "a teachers sexual orientation and personal life is of no business to the school board as long as it doesn't interfere with the job."

The next plece of stupidity is the reprimanding of the police officer by the police department for alerting the school board. This was after police officers conducted a raid on a fun type gay club complete with chains, whips and other paraphernalia of perversion, Conclusion . . . we live in a strange society where school boards believe that if perversions is rampant and movies showing such fun practises are restricted to persons 18 years and over how can you get such hallmarks of higher education into the classroom - the answer - who else is better qualified to teach perversion than known perverts. That's just

common sense. . . Let us move on to W.H. Smith bookstores. Metro police have suggested removal of a book called the Gay Picture Book cost \$11.95 with no text only pictures. The Gay Picture Book shows homosexuals and their lifestyles. Today stores no longer have any pride only a taste for the

almighty dollar. W.H. Smith, because they have stores in most large plazas, could be said to be a family oriented bookstore who would image to find The Gay Picture book - I can picture a great number of granny's assuming that a Gay Picture Book was a fun story for kids. Common sense again, if we swallow that sexual orientation is a matter of personal preference the sooner we initiate the younger set to the choices available all the better. That's a very fashionable thought trend these days, just lacking any resemblance to common sense.

Now let us consider rape. Rope according to the medical reports I have read is most often a crime of hate as opposed to one of passion. The recent report by the OPP that in some cases victims "showed a great lack of discretion and promisculty was predominant factor." Such a statement allows a whole parcel of holier than thou armchair critics to reinforce a non valid opinion than all rape victims in actually seduce their

He worked for Canadian Telegraph in Toronto for a teaching career in a small in Chappel Street Public he became principal of Robert

Little Public School in Acton. He had a close affiliation with St. John's United Church and was the current chairman of the church board. He had also served one year as chairman of the Halton Principal's Association.

Mr. Allen is survived by his wife, the former Beth Marshall, and children Peter, Lisa, and David, all at home. He also leaves his parents Mr. and Mrs. Leaman Allen, and brother Ken of Oakville, sister, Betty (Mrs. C. McCutcheon) of Georgelown and brother

good as the statisticians compiling the report. Statistics can show whatever you want them too. If in the 72 cases studied the victims were young hitchhikers or drug users then you could claim seduction or poor moral judgement was the case but you couldn't label all rapes with such facts or lack of them. However non thinkers would like to perpetuate the myth that rape is an act of sex instead of a crime of violence. It's another trendy thought.

fashionable thoughts with facts or common sense.

Now let's take a quick review perversion, whips, chain etc is alright and being a pervert is no reason to be dismissed as a teacher of children 80 year old rape victims are promiscuos welfare bums should all be put to work and The Gay Picture book is a matter of sexual preference and me why I'm a mankeys uncle of course.

Fact or statistics are only as

Another example of trendy thoughts is the lazy no good welfare bum. Everyone knows that's who gets welfare. Don't confuse the issue with facts and tell of the deserted husbands and wives with babies or the disabled or the families where crisis upon crisis has resulted in welfare or starvation. It is much easier to believe that all who receive welfare are leftovers of society nondeserving a drain on the taxpayers money. How about the work for welfare approach - let them earn what we the generous taxpayers give them. Common sense would say if there is work for those ablebodies on welfare why not take them off welfare and give them a job but again don't confuse
