## Junior scoring

Frank Carnevale of the Oakville Blades has a 22-point lead in the OHA Central Junior "B" loop and he is the only shooter to break the 100-point barrier so far.

In Gem scoring Andy Broadbent has almost double the second place scorers although he has missed quite a few games because of suspensions.

For the first time this season the leading Acton Sabre shooter is not either Paul Pickard or Jeff Shields. Glenn Murray is now Acton's top point getter.

## Junior standings

For the first time since early in the season the Streetsville Derbys have overtaken the Burlington Cougars for first place in OHA Central Junior "B" standings.

Both teams have played 39 games and the Derbys have 74 points to the Cougars 70.

Actually finishing first will not carry that much weight come playoff time. Last year the first place team went up against the last place playoff qualifier.

This year the first place team will draw their first place opponent out of a hat containing the names of the teams that finish fifth through eighth. The second place team will draw from among the remaining three teams and so on. So the Derbys, if they finish first, may in fact draw the toughest first-round opponents.

The Dixie Beehives still have a good chance of qualifying for post-season play. They are at present in ninth place trailing Thornhill by five points and Milton by seven, but they have two games in hand on both teams.

Neither of Halton Hills two teams, the Georgetown Geminis or the Acton Sabres, can possibly qualify for a spot in the playoffs.

The Sabres with five points in the last two weeks, have almost locked the Gems in the cellar. The Gems would have to win their remaining games and the Sabres lose their's for a reversal.
