Midgets downed by Sound

The Georgetown Sunny Acres Farms Major Midgets lost their opening OMHA playoff game 8-1 to Owen Sound Thursday.

The game was very close for a period and a half, but as happened to Team NHL in the third game against the Russlans, once Owen Sound started pouring them in they did not stop.

The score was not indicative of the two team's capabilities and it should still be a good series before it is over.

The Midgets only goal came off the stick of Kevin Thompson with Herb Kewley and Steve Robbins assisting.

The midgets also participated in a tournament in Ancaster over the weekend where they lost in the consolation final.

In the first game Georgetown went up against Simcoe and lost by a 3-0 score.

They turned the tables in the second game as they blanked Collingwood 2-0. Benny Beckett earned the shutout.

Goal scorers were Scott Osborne from Paul Stevens and Kewley from Thompson. In the final Georgetown ended up on the short end of a 6-3 score against Beamsville.

The scorers in this match were Bill Wheeler, from Bob Dean, Osborne, from Dean, and Steve Robbins, from Thompson and Phil Milne.

Last night the midgets travelled to Owen Sound and the third game of the series will be back here Thursday with a 7 p.m. starter.

Bosnak pulled again in Raider victory

Myles Bosnak must shake his head in amazement. The Fort Erie goaltender played the Georgetown Raiders tough for two periods last Tuesday, but was replaced three minutes into the third by Rich Walpole, who the Raiders bombed in winning 10-4.

In all but one meeting between the two teams Bosnak has started, played well for a period or two and then been replaced by Walpole in either the second or third

period.

The Raiders jumped ahead with first period goals by Terry Porter and Ron Fogal. Juri Kudrasovs assisted on the second goal. Fogal's marker came on the power play.

Later in the period Cal Buchanan tallied on the power play for Fort Erie and they were back in the game.

The Mavericks had a very strong second period as they came back to tie it.

They got goals from Owen

Held, Danny Blair and Buchanan. The first two came on the power play.

Ray Tonelli, from Tom Daley, and Colin Gordon, also from Daley, tallied for the Raiders in the period.

The Raiders scored two quick goals on Bosnak in the third with Ray Evans and Porter scoring.

It was at this stage that Maverick coach Harry Bremner pulled Bosnak in favor of Walpole. As has been the case in the other occasions Bremner pulled Bosnak, the move backfired.

The Raiders proceeded to pump four of 11 shots past Walpole, who just does not compare in ability to Bosnak.

Kudrasovs had two of the

Junior scoring

Frank Carnevale has officially broken the OHA Central Junior "B" scoring record.

The statistics below do not include the games in the last week of the season and Carnevale already had 125 points.

The Oakville centreman eclipsed the record set just last year by Jim Baker of Streetsville. Baker had broken the record set back in the 1974-75 season by Lance Nethery of the Burlington Mohawks.

Junior standings

The Streetsville Derbys nipped the Burlington Cougars for first place in the OHA Central Junior "B" standings.

The two teams are obviously the class of the league, but they will not meet in the final for the league championship.

The first round matchups in the playoffs were determined at a meeting Monday night. Series A - Orillia-Oakville, Series B - Thornhill-Burlington, Series C - Milton-Oak Ridges, Series D - Brampton-Streetsville. The first-round opponents were picked by a draw out of a hat.

The winner of series A will meet the series C survivors in the second round and the B winners will be pitted against the D victors. Streetsville and Burlington should both easily win in the first round and the two would then meet in the semi-finals.

This all means that third-place Oakville may have a cakewalk into the final. They have 13 more points than their closest rival.

The standings below are final. A game between the Georgetown Gemins and Acton Sabres, which was to be played here last night, was cancelled.

Gem general manager Bob Tost said the game was cancelled because it meant absolutely nothing to either team or for individual statistics. He also said the fact that it was on Tuesday as opposed to a Saturday figured in it being cancelled. It was a rescheduled game.
