

SPRING FEVER — 4th ANNIVERSARY

**Turn the roof over
your head into
cash in your hand.**

Putting your money in a savings account is definitely the best way to save for anything.

But some things just can't wait. You may need some home improvements: a new home or a new car, and you may need the money right away.

That's where our Homeowner Loan comes in handy. If you own your home, you can borrow against the equity to meet those needs.

A National Trust Homeowner Loan is available at very competitive rates. We'll arrange the monthly payments to suit your budget. We'll even set up a credit reserve in case unexpected expenses arise while you're repaying your loan. And if you pay it back sooner than planned, we won't charge you a prepayment penalty. Come in and talk to us about it. We'll show you how to turn the roof over your head into handy cash.
