

# About the Hills

## Summer job grant

A total of \$50,631 has been awarded to Halton to provide summer jobs for 24 young people under the Young Canada Works Program this year. Three young people will undertake project interlink under the guidance of the Town of Halton Hills to research and evaluate the community's summer programming as well as to predict its future needs. Young Helping Hands will employ five people doing minor repairs, maintenance and painting for senior citizens on fixed incomes throughout the municipality. Five young people will work in providing recreational activities for children and families under the Halton Children's Aid Society through the Summer Enrichment Project for Halton Families and Youth. Three people will develop an inventory of the region's natural resources through the Resource Inventory Project. 1859 Oakville then gets three people to prepare two slide and sound shows on the development of Oakville in the mid-nineteenth century while Accessibility Inventory Disabled Survey will get five people to do an accurate count of Oakville's disabled and make an inventory of the housing available to them.

## Law Respect week

The week of May 1 to May 7 has been proclaimed Respect for Law Week in Halton Hills in response to a request by the Optimist Club of Georgetown. In a letter to town council last week, Optimist Rick Chambers expressed hope that the proclamation will "increase public awareness of the problems of crime and delinquency, with the ultimate objective being to create a spirit of co-operation on the part of citizens in assisting police".

## Limehouse pit okayed

J.C. Duff Ltd. of Limehouse has been granted permission by the provincial ministry of natural resources to open a wayside quarry pit at a site owned by Wilroy Mines Ltd. on Lot 24, Concession Five. Town council was advised by the ministry last week that the aggregate mining operation will be allowed to continue until the end of March, 1980. Permission to operate the pit has been granted conditionally subject to the operator's agreement that the site will be rehabilitated in accordance with provincial standards.

## Alloa School Association

The Alloa Home and School Association will have Pearl Cassel, author of Discipline Without Tears, as its guest speaker at its May 2 general meeting at the school auditorium at 7:30 p.m. The meeting is open to anyone interested in hearing Mrs. Cassel. The school is located on 17 Sideroad just east of Mississauga Road.

## Farm open house

Mountain View Farm will be holding an open house April 28 to show their horses and their riding program. Also on view will be a two-month-old foal, and twin lambs. Visitors will be able to watch lessons in progress, and receive information on the summer program. The summer program includes riding instruction, care and feeding of horses, stable and tack, practical and theoretical instruction, and films.

## WARP boycott list

The WARP boycott list for the week of April 25 to May 1 includes the following items: chicken, all aerosol sprays, natural food bars, spices, cauliflower, weiners, cottage cheese and frozen desserts.

## SPLIT LEVEL HAS SUNKEN FAMILY ROOM

This spacious side split level home design affords the medium-size family all the modern conveniences in an attractive and practical package. The low-profile traditional exterior is tailored to the medium to wide frontage building lot and would harmonize well into any residential area. A surprising amount of usable living space has been planned into this apparently compact design, providing for present needs and leaving space for future development.

The weather-recessed entry leads directly into the large and open rectangular living room, which offers conviviality and excellent natural lighting through the wide, shuttered windows. The living room is open to the large formal dining room, which has sliding glass doors to the rear patio for easy access to outdoor dining in fine weather. The dining room overlooks the lower level family room which is directly beneath the bedroom level.

A well-planned U-shape kitchen provides a step-saving work triangle and easy access to both the dining room and patio.

All three bedrooms are elevated six risers from the main living level and are well away from the main entertaining area of the home for freedom from disturbance. Each has ample closet storage and excellent natural lighting. All have convenient access to the central bath and linen storage area. The central bath features his

and hers vanity sinks for easing the morning traffic jams.

The sunken family room has a roughed-in fireplace and a large storage-utility area. It also provides for the side-by-side configuration of washer-dryer-tub.

A single enclosed garage completes the convenience features of this handsome and practical home.

Plans for design No. 65-1048 may be purchased either by single set, at a cost of \$70.00 for the first set and \$10.00 for each additional set, or by the package. A five-set plan package, including the first set, is economically priced at \$100.00 and an eightset package, also including the first set, is only \$125.00.

Whichever method you choose, please include \$5.00 for postage and handling.

Send for the current edition of Select Home Designs' Magazine, Series 40, featuring imaginative decorating and home improvement ideas, plus 320 quality home plans of every type. Available for \$2.50 (\$2.00 plus .50 cents postage and handling).

To order any of these items please send cheque or money order payable to the Home of the Week. Address to: Home of the Week, c/o The Herald 382 West Broadway, Vancouver, B.C. V5Y 1R2.
