

Summer living in great outdoors

By BOB OLLIVIER
 Summer outdoors, it has got to have a lot of things going for it. No heavy clothing, no getting stuck in snow or mud, just good times. The activities and places to go are many and varied and will suit all tastes, from vigorous sports to a simple leisurely walk and all within easy distances from home.

The various conservation authorities and the Ontario Government have provided for the recreation needs of today's life style with its extra leisure time. The Credit Valley Conservation Authority has five conservation areas plus the new and just opened J.C. Saddington Park at the mouth of the Credit River. Terra Cotta, the best known area, situated 1 mile north of the village of Terra Cotta has forested family campsites, a 1 acre swimming pool with washroom facilities and hot showers. The concession building is always popular with most of the things you may need for a picnic.

Monora, now that the lake is re-filled is a fine spot for picnics and has 40 campsites. This park is set just above Orangeville on Hwy. 10.

Belfountain contains 25 acres in the Credit River Gorge near the Forks of the Credit River. No camping here but great facilities for the day user, swimming, barbecues, fishing and fantastic scenery.

Orangeville Reservoir, contains 820 acres on the east side of Hwy. 10 at the traffic light in Orangeville. Bird watching, nature study and a 450 acre lake with huge perch and some Rainbow trout. Lots of picnic area, ball diamond, picnic shelter and washroom facilities. There will be no gate charge at Meadowvale or Orangeville during 1979.

Meadowvale consists of 222 acres of rolling flood plain.
