Realistic TR-168 — buy it now at a saving! Here's your chance to add 8-track convenience and capability to your stereo system — so inexpensively! Easy to use! Just insert a cartridge to turn the player on — remove it to turn player off. Program selection operates automatically or manually — indicator lights show program being played. Output level control matches your receiver or amplifier. Response 50-10,000 Hz. TR-168 will plug into any component or compact stereo with an aux. jack. 14-1921.

**Fully automatic  
3-speed turntable**

Enjoy those old 78s as well as LPs and 45s! LAB-110 has deluxe convenience features plus great sound! S-shape tonearm is fully automatic, or manual mode lets you control arm operation, with damped cue/pause to protect record. Steady-speed, 4-pole induction motor. Custom-designed platter has beveled sides for increased rotational inertia and speed stability. Magnetic cartridge, with diamond stylus, included. Hinged dust cover. 42-2963.

**Belt-drive  
semi-auto turntable**

B-8010 2 speed turntable for hi-fi perfectionists! 4-pole synchronous motor is designed to operate at unwavering perfect speed, with instant acceleration. Wow & flutter less than 0.1% (WRMS). S-shaped static balance, tubular tone arm keeps the stylus perpendicular to the radius of the groove, over the full surface of the record. This means low distortion — tracking at less than 1-1/2 grams. Viscous-damped up & down cueing & adjustable anti-skate. With 29.95-value magnetic cartridge & dust cover. 42-8910.
