Credit where it is deserved

By ALEX TOUGH
All credit to the Halton board of education and the works and recreation department officials for the speed and solution to our field problem.

Our high school schedules are transferred to Wrigglesworth as soon as the goal standards are moved over. This result to the overcrowding problem is superb. We are quick to knock the authorities, when they deserve such, let us also be quick to praise, when deserved.

More good news is a new cup competition for club house league teams. We have entered two teams from each division in this knock out tournament, and they have yet to be named. The teams will be those in contention at the time the draw is to be made, which will be quite soon. Some of our rep teams have made the prestige Mississauga Vanguard tournament this year, details later.

Another new competition is also introduced this year - the Beatrice Cup. This is for town clubs where area population is less than 25,000. Georgetown is within this category and we are precluded from entry as clubs who have not entered for the Ontario Cup only may enter this competition.

This latter restriction could have a harmful effect on both cup competitions. Clubs eligible for the Beatrice will have to make the agonizing choice between the two. Ontario will lose some of the regular entries and lose prestige. This is the province premier competition, with entry into national and North American championships. Beatrice Cup entries will not have this possibility. Perhaps it would have been more ideal to make Beatrice part of a two tier system,

open to all clubs with less than 25,000 plus those teams who do not survive the first and/or second rounds of the Ontario, which generally are the lesser populated area teams.

WELCOME SWEDEN

This weekend we welcome the players and officials of Sweden '79 to Cedarvale. Soccer matches at 12:00 and 2:00 on Sunday are followed by a barbecue, which is open to all.

At 4:00 the senior girls team have a cup match so more soccer is there during the barbeque period. The following Saturday at the same times we play again. Our teams will be the Pee Wee reps of Nick Farraro and Art Sweezie and a Bantam select under Colin Wilco and Courtney Warner.

Unfortunately, the additional work involved this year with referees, fields, uniforms increased leagues and Sweden '79 did not allow us to organize our pioneer day tournament. Another telling factor was the late notification of support withdrawal by the downtown B.I.A. who felt they should concentrate their activities downtown.

This is sad, because I understood soccer made a telling contribution to the success of pioneer days '78. Be that as it may, I think we could run our tournament later in the year.

Finally, a date for your calendar - Saturday 6 October. This is the end of season barbecue dance, again being held at Holy Cross school hall. Should all our coaches, managers and directors attend there would be approximately 250 there for a start. The lesson should be obvious - when the tickets come out - snap 'em up - they will be like gold.

The girls team from Brookville School won their division at a tournament against five other schools held at the Georgetown Fairgrounds last week. The boys team from W.I. Dick in Milton took it all in their division.
